"40-6-601. Legislative finding and purpose — definitions. (1) The legislature recognizes that the right of parents to the custody and control of their children is based upon the liberties secured by the United States and Montana constitutions and that a parent's right to that custody and control is therefore normally supreme to the interests of other persons. The legislature also recognizes a growing phenomenon in which absent or otherwise unavailable parents have temporarily surrendered the custody and care of a child to a grandparent or other caretaker relative for a lengthy period of time. The legislature finds that a caretaker relative frequently offers *continuity of care by providing* a child a loving, stable, and secure environment in which to live, make friends, and attend school, which is an environment not provided by a parent who temporarily abandons a child. However, a child is deprived of that caring and safe environment*, and the related continuity of care it may provide,* when a parent returns to claim the child with little or no notice to the caretaker relative. This situation, which in some instances has occurred multiple times with the same child, is disruptive to the more stable life offered by the caretaker relative and may violate the child's rights ensured by Article II, section 15, of the Montana constitution, such as the right under Article II, section 3, of the Montana constitution of seeking safety, health, and happiness. For these reasons, it is the purpose of the legislature in enacting 40-6-602 and this section to exercise its police powers for the health and welfare of children who have been abandoned by their parents to the care of relatives and to create a procedure, applicable in limited situations caused by the voluntary surrender of a child by a parent, under circumstances indicating abandonment, whereby a child in the care of a relative may remain with that relative while the issue of abandonment by the parent is reviewed and determined by a court of law. The legislature believes that this temporary infringement on the right of a parent to the custody and control of a minor child is justified by the possibility of abandonment by the parent, because the welfare of the child is at stake, and because of the likely violation of the child's rights ensured by Article II, section 15, of the Montana constitution.

(2) As used in 40-6-602 and this section, the following definitions apply:

(a) "Caretaker relative" or "relative" means an individual related to a child by blood, marriage, or adoption by another individual, who has care and custody of a child but who is not a parent, foster parent, stepparent, or legal guardian of the child.

(b) "Parent" means a biological or adoptive parent or other legal guardian of a child."

Section 3. Section 40-6-602, MCA, is amended to read:

"40-6-602. Caretaker relative rights upon return of parent — continuing custody affidavit — review, finding, and order by district court — limited reconsideration — immunity. (1) If custody of a child has been voluntarily given to a relative of the child by a parent of the child and the child has remained with that relative for at least 6 months under circumstances in which it is unclear whether or when the parent will return and retake custody of the child, the provisions of this section apply unless, during that 6-month period, the parent expresses to the relative a firm intention and a date on which

the parent will return and resume custody of the child and subsequently adheres to that schedule.

(2) Upon a return of the parent and an expression by the parent of an intent by that parent to reassert the parent's right of custody and control over the child, the caretaker relative may file, without payment of a filing fee, with the district court in the county of the relative's residence a detailed affidavit as provided in this section. The affidavit must contain the following matters, the exclusion of any of which makes the affidavit void:

(a) the identification of:

(i) the caretaker relative, including the relative's address;

(ii) the child in the custody of the relative; and

(iii) the parent demanding custody of the child, including the parent's address, if known;

(b) a statement of the facts, as nearly as can be determined, of:

(i) the date, time, and circumstances surrounding the voluntary surrender of the custody of the child to the caretaker relative, including any conversation between the relative and the parent concerning the purpose of the parent's absence and when the parent would return and resume custody of the child;

(ii) the reason for the surrender of the child to the relative, as far as is known by the relative;

(iii) the efforts made by the relative to care for the child, including:

(A) facts explaining the nature *and permanency or stability* of the home provided by the relative for the child;

(B) the schooling of the child while in the relative's custody; and

(C) the socialization of the child with other children and adults, both inside and outside the family of the caretaker relative; and

(iv) whether any contact was made by the child's parent with the relative, the child, or both, during the absence of the parent and if so, the date, time, and circumstances of that contact, including any conversation between the relative and the parent concerning when the parent would return and resume custody of the child;

(c) a statement by the caretaker relative as to*:*

(i) why the relative wishes to maintain custody of the child*; and*

(ii) how the relative has offered and will continue to offer continuity of care by providing permanency or stability in residence, schooling, and activities outside of the home;

(d) a warning, in at least 14-point type, to the caretaker relative in the following language: "WARNING: DO NOT SIGN THE FOREGOING AFFIDAVIT IF ANY OF THE ABOVE STATEMENTS ARE INCORRECT OR YOU WILL BE COMMITTING AN OFFENSE PUNISHABLE BY FINE, IMPRISONMENT, OR BOTH"; and

(e) a notarized signature of the caretaker relative following a written declaration that the affidavit is made under oath and under penalty of the laws of Montana governing the giving of false sworn testimony and that the information stated by the caretaker relative in the affidavit is true and correct.

(3) A copy of the affidavit filed with the district court must be provided by the caretaker relative to the child's parent, if the address or location of the parent is

known to the relative, and may be provided to the department of public health and human services. A caretaker relative may maintain temporary custody of the child for 5 days following the return of the parent and the demand by the parent for custody of the child pending completion of the affidavit and the order of the district court. During that 5-day period, the caretaker relative may not be deprived of the custody of the child by a peace officer or by the order of a court unless a court finds, upon petition by the child's parent and after a hearing and upon notice to the caretaker relative as the court shall require, that:

(a) the child has not been in the custody of the caretaker relative for at least 6 months;

(b) the caretaker relative has committed child abuse or neglect with regard to the child in the custody of the relative; or

(c) the action by the caretaker relative to make and file the affidavit with the district court in accordance with this section was not made in good faith.

(4) Upon receipt of the caretaker relative's affidavit pursuant to subsection (3), the department may proceed pursuant to 41-3-202 as if a report of abandonment of the child had been received.

(5) (a) Within 48 hours of the filing of the affidavit, the district court shall review the affidavit and determine ex parte whether the affidavit contains prima facie evidence that the child was abandoned by the child's parent. If the court determines that there is prima facie evidence that the child was abandoned by the child's parent, the court shall within 3 business days of its determination of prima facie evidence enter appropriate findings of fact concerning the abandonment and enter an ex parte order approving and ordering continued custody and control of the child by the caretaker relative. An order of the district court pursuant to this subsection approving and ordering continued custody by the caretaker relative is effective for 14 days following entry of the order.

(b) If the court determines that the affidavit does not provide prima facie evidence of abandonment by the parent, the court shall within 3 business days of its determination make appropriate findings of fact and order the child returned to the parent. Upon receipt of the written findings and order of the court, the caretaker relative shall surrender the custody and control of the child to the child's parent.

(c) During or after the 14-day period established under subsection (5)(a), the caretaker relative may commence a parenting plan proceeding under 40-4-211 or petition the court to be appointed the guardian of the minor under 72-5-225.

(6) Upon entry of an order by the district court pursuant to subsection (5)(a), a copy of the order must be sent to the child's parent, if the address of the parent is known.

(7) The child's parent may, after receipt of the court's findings and order ordering continued custody of a child by a caretaker relative, apply to the court, upon notice to the caretaker relative as the court shall provide, for a reconsideration of the court's order approving continued custody of the child by the relative. The court shall reconsider its order and may reverse its order based upon presentation of evidence of nonabandonment. Pending a reconsideration pursuant to this subsection, custody of the child must remain with the relative unless the order of the district court approving that custody expires or a court has ordered a change of custody pursuant to subsection (3).

(8) (a) A caretaker relative refusing to surrender custody of a child while acting in good faith and in accordance with this section is immune from civil or criminal action brought because of that refusal.

(b) A peace officer acting in good faith and taking or refusing to take custody of a child from a relative in accordance with this section and the entity employing the officer is immune from civil or criminal action or professional discipline brought because of the taking of or refusal to take custody of the child.

(9) Subject to availability of appropriations, the attorney general shall prepare a form for the affidavit provided for in this section and shall distribute the form as the attorney general determines appropriate."

Section 4. Section 41-3-437, MCA, is amended to read:

"41-3-437. Adjudication — temporary disposition — findings — order. (1) Upon the filing of an appropriate petition, an adjudicatory hearing must be held within 90 days of a show cause hearing under 41-3-432. Adjudication may take place at the show cause hearing if the requirements of subsection (2) are met or may be made by prior stipulation of the parties pursuant to 41-3-434 and order of the court. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays, stipulation by the parties pursuant to 41-3-434, and unforeseen personal emergencies.

(2) The court may make an adjudication on a petition under 41-3-422 if the court determines by a preponderance of the evidence, except as provided in the federal Indian Child Welfare Act, if applicable, that the child is a youth in need of care. Except as otherwise provided in this part, the Montana Rules of Civil Procedure and the Montana Rules of Evidence apply to adjudication and to an adjudicatory hearing. Adjudication must determine the nature of the abuse and neglect and establish facts that resulted in state intervention and upon which disposition, case work, court review, and possible termination are based.

(3) The court shall hear evidence regarding the residence of the child, paternity, if in question, the whereabouts of the parents, guardian, or nearest adult relative, and any other matters the court considers relevant in determining the status of the child. Hearsay evidence of statements made by the affected youth is admissible according to the Montana Rules of Evidence.

(4) In a case in which abandonment has been alleged by the county attorney, the attorney general, or an attorney hired by the county, the court shall hear offered evidence, including evidence offered by a person appearing pursuant to 41-3-422(9)(a) or (9)(b), regarding any of the following subjects:

(a) the extent to which the child has been cared for, nurtured, or supported by a person other than the child's parents; and

(b) whether the child was placed or allowed to remain by the parents with another person for the care of the child, and, if so, then the court shall accept evidence regarding:

(i) the intent of the parents in placing the child or allowing the child to remain with that person; ~~and~~

(ii) the continuity of care the person has offered the child by providing permanency or stability in residence, schooling, and activities outside of the home; and

~~(ii)~~*(iii)* the circumstances under which the child was placed or allowed to remain with that other person, including:

(A) whether a parent requesting return of the child was previously prevented from doing so as a result of an order issued pursuant to Title 40, chapter 15, part 2, or of a conviction pursuant to 45-5-206; and

(B) whether the child was originally placed with the other person to allow the parent to seek employment or attend school.

(5) In all civil and criminal proceedings relating to abuse or neglect, the privileges related to the examination or treatment of the child do not apply, except the attorney-client privilege granted by 26-1-803 and the mediation privilege granted by 26-1-813.

(6) (a) If the court determines that the child is not an abused or neglected child, the petition must be dismissed and any order made pursuant to 41-3-427 or 41-3-432 must be vacated.

(b) If the child is adjudicated a youth in need of care, the court shall set a date for a dispositional hearing to be conducted within 20 days, as provided in 41-3-438(1), and order any necessary or required investigations. The court may issue a temporary dispositional order pending the dispositional hearing. The temporary dispositional order may provide for any of the forms of relief listed in 41-3-427(2).

(7) (a) Before making an adjudication, the court may make oral findings, and following the adjudicatory hearing, the court shall make written findings on issues, including but not limited to the following:

(i) which allegations of the petition have been proved or admitted, if any;

(ii) whether there is a legal basis for continued court and department intervention; and

(iii) whether the department has made reasonable efforts to avoid protective placement of the child or to make it possible to safely return the child to the child's home.

(b) The court may order:

(i) terms for visitation, support, and other intrafamily communication pending disposition if the child is to be placed or to remain in temporary out-of-home care prior to disposition;

(ii) examinations, evaluations, or counseling of the child or parents in preparation for the disposition hearing that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditure is reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(iii) the department to evaluate the noncustodial parent or relatives as possible caretakers, if not already done;

(iv) the perpetrator of the alleged child abuse or neglect to be removed from the home to allow the child to remain in the home; and

(v) the department to continue efforts to notify noncustodial parents.

(8) If a proceeding under this chapter involves an Indian child and is subject to the federal Indian Child Welfare Act, a qualified expert witness is required to testify that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child."

Section 5. Section 41-3-438, MCA, is amended to read:

"41-3-438. Disposition — hearing — order. (1) Unless a petition is dismissed or unless otherwise stipulated by the parties pursuant to 41-3-434 or ordered by the court, a dispositional hearing must be held on every petition filed under this chapter within 20 days after an adjudicatory order has been entered under 41-3-437. Exceptions to the time limit may be allowed only in cases involving newly discovered evidence, unavoidable delays, stipulation by the parties pursuant to 41-3-434, and unforeseen personal emergencies.

(2) (a) A dispositional order must be made after a dispositional hearing that is separate from the adjudicatory hearing under 41-3-437. The hearing process must be scheduled and structured so that dispositional issues are specifically addressed apart from adjudicatory issues. Hearsay evidence is admissible at the dispositional hearing.

(b) A dispositional hearing may follow an adjudicatory hearing in a bifurcated manner immediately after the adjudicatory phase of the proceedings if:

(i) all required reports are available and have been received by all parties or their attorneys at least 5 working days in advance of the hearing; and

(ii) the judge has an opportunity to review the reports after the adjudication.

(c) The dispositional hearing may be held prior to the entry of written findings required by 41-3-437.

(3) If a child is found to be a youth in need of care under 41-3-437, the court may enter its judgment, making any of the following dispositions to protect the welfare of the child:

(a) permit the child to remain with the child's custodial parent or guardian, subject to those conditions and limitations the court may prescribe;

(b) order the department to evaluate the noncustodial parent as a possible caretaker;

(c) order the temporary placement of the child with the noncustodial parent, superseding any existing custodial order, and keep the proceeding open pending completion by the custodial parent of any treatment plan ordered pursuant to 41-3-443;

(d) order the placement of the child with the noncustodial parent, superseding any existing custodial order, and dismiss the proceeding with no further obligation on the part of the department to provide services to the parent with whom the child is placed or to work toward reunification of the child with the parent or guardian from whom the child was removed in the initial proceeding;

(e) grant an order of limited emancipation to a child who is 16 years of age or older, as provided in 41-1-501;

(f) transfer temporary legal custody to any of the following:

(i) the department;

(ii) a licensed child-placing agency that is willing and able to assume responsibility for the education, care, and maintenance of the child and that is licensed or otherwise authorized by law to receive and provide care of the child; or

(iii) a nonparent relative or other individual who has been evaluated and recommended by the department or a licensed child-placing agency designated by the court and who is found by the court to be qualified to receive and care for the child;

(g) order a party to the action to do what is necessary to give effect to the final disposition, including undertaking medical and psychological evaluations, treatment, and counseling that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

(h) order further care and treatment as the court considers in the best interests of the child that does not require an expenditure of money by the department unless the department consents and informs the court that resources are available for the proposed care and treatment. The department is the payor of last resort after all family, insurance, and other resources have been examined pursuant to 41-3-446.

(4) (a) If the court awards temporary legal custody of an abandoned child other than to the department or to a noncustodial parent, the court shall award temporary legal custody of the child to a member of the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, if:

(i) placement of the abandoned child with the extended family member is in the best interests of the child;

(ii) the extended family member requests that the child be placed with the family member; ~~and~~

(iii) the extended family member is able to offer continuity of care for the child by providing permanency or stability in residence, schooling, and activities outside of the home; and

~~(iii)~~*(iv)* the extended family member is found by the court to be qualified to receive and care for the child.

(b) If more than one extended family member satisfies the requirements of subsection (4)(a), the court may award custody to the extended family member who can best meet the child's needs.

(c) If a member of the child's extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that custody be awarded to that family member, the department shall investigate and determine if awarding custody to the family member is in the best interests of the child. The department shall provide the reasons for any denial to the court. If the court accepts the department's custody recommendation, the court shall inform any denied family member of the reasons for the denial to the extent that confidentiality laws allow. The court shall include the reasons for denial in the court order if the family member who is denied temporary legal custody requests it to be included.

(5) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child's home but continuation of the efforts is determined by the court to be inconsistent with permanency for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with a permanent plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If the court finds that reasonable efforts are not necessary pursuant to 41-3-442(1) or subsection (5) of this section, a permanency hearing must be held within 30 days of that determination and reasonable efforts must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(7) If the time limitations of this section are not met, the court shall review the reasons for the failure and order an appropriate remedy that considers the best interests of the child."

Section 6. Section 41-3-439, MCA, is amended to read:

"41-3-439. Department to give placement priority to extended family member of abandoned child. (1) If the department has received temporary legal custody of an abandoned child pursuant to 41-3-438 or permanent legal custody pursuant to 41-3-607, the department shall give priority to a member of the child's extended family, including adult siblings, grandparents, great-grandparents, aunts, and uncles, in determining the person or persons with whom the abandoned child should be placed if:

(a) placement with the extended family member is in the best interests of the abandoned child;

(b) the extended family member has requested that the abandoned child be placed with the family member; ~~and~~

(c) the extended family member is able to offer the child continuity of care by providing permanency or stability in residence, schooling, and activities outside of the home; and

~~(c)~~*(d)* the department has determined that the extended family member is qualified to receive and care for the abandoned child.

(2) If more than one extended family member of the abandoned child has requested that the child be placed with the family member and all are qualified to receive and care for the child, the department may determine which extended family member to place the abandoned child with in the same manner as provided for in 41-3-438(4).

(3) This part does not affect the department's ability to assess the appropriateness of placement of the child with a noncustodial parent when abandonment has been found against only one parent.

(4) If a member of the child's extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that the child be placed with that family member and the department denies the request, the department shall give that family member a written statement of the reasons for the denial to the extent that confidentiality laws allow."

Section 7. Section 72-5-223, MCA, is amended to read:

"72-5-223. Guardian of minor by court appointment — qualifications — nominee of minor preferred. The court may appoint as guardian any person whose appointment would be in the best interests of the minor*, including the minor's interest in continuity of care*. The court shall appoint a person nominated by the minor if the minor is 14 years of age or older unless the court finds the appointment contrary to the best interests of the minor."

Section 8. Section 72-5-225, MCA, is amended to read:

"72-5-225. Procedure for court appointment of guardian of minor — notice — hearing — representation by attorney. (1) Notice of the time and place of hearing of a petition for the appointment of a guardian of a minor must be given by the petitioner in the manner prescribed by 72-1-301 to:

(a) the minor, if the minor is 14 years of age or older;

(b) the person who has had the principal care and custody of the minor during the 60 days preceding the date of the petition; and

(c) any living parent of the minor.

(2) Upon hearing, ~~if~~ the court *shall make the appointment if the court* finds that a qualified person seeks appointment, venue is proper, the required notices have been given, the requirements of 72-5-222 have been met, and the welfare and best interests of the minor*, including the need for continuity of care,* will be served by the requested appointment~~, it shall make the appointment~~. In other cases, the court may dismiss the proceedings or make any other disposition of the matter that will best serve the interests of the minor.

(3) If, at any time in the proceeding, the court determines that the interests of the minor are or may be inadequately represented, the court may order the office of state public defender, provided for in 47-1-201, to assign counsel pursuant to the Montana Public Defender Act, Title 47, chapter 1, to represent the minor."

AN ACT REVISING REQUIREMENTS FOR COUNTING VOTES FOR WRITE-IN CANDIDATES; AND AMENDING SECTION 13-15-206, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 13-15-206, MCA, is amended to read:

"13-15-206. Counting votes — uniformity — rulemaking — definitions. (1) When conducting vote counts as provided by law, a counting board, absentee ballot counting board, or recount board shall count and determine the validity of each vote in a uniform manner as provided in this section.

(2) A manual count or recount of votes must be conducted as follows:

(a) One election judge on the board shall read the ballot while the two other judges on the board shall each record on an official tally sheet the number of valid votes cast for each individual or ballot issue. Write-in votes must be counted in accordance with *subsection (5) and* rules adopted pursuant to subsection (7). If a vote has not been cast according to instructions, the vote must be considered questionable and the entire ballot must be set aside and votes on the ballot must be handled as provided in subsection (4).

(b) (i) After the vote count is complete, the tally sheets of the two judges recording the votes must be compared.

(ii) If the two tallies match, the judges shall record in the pollbook:

(A) the names of all individuals who received votes;

(B) the offices for which individuals received votes;

(C) the total votes received by each individual as shown by the tally sheets; and

(D) the total votes received for or against each ballot issue, if any.

(iii) If the tallies do not match, the count must be conducted again as provided in this subsection (2) until the two tallies match.

(3) (a) When a voting system is counting votes:

(i) if a vote is recognized and counted by the system, it is a valid vote;

(ii) if a vote is not recognized and counted by the system, it is not a valid vote;

(iii) write-in votes must be counted in accordance with rules adopted pursuant to subsection (7).

(b) If the voting system cannot process the ballot because of the ballot's condition or if the voting system registers an unvoted ballot or an overvote, which must be considered a questionable vote, the entire ballot must be set aside and the votes on the ballot must be counted as provided in subsection (4).

(c) If an election administrator or counting board has reason to believe that a voting system is not functioning correctly, the election administrator shall follow the procedures prescribed in 13-15-209.

(d) After all valid votes have been counted and totaled, the judges shall record in the pollbook the information specified in subsection (2)(b)(ii).

(4) (a) (i) Before being counted, each questionable vote on a ballot set aside under subsection (2)(a) or (3)(b) must be reviewed by the counting board. The counting board shall evaluate each questionable vote according to rules adopted by the secretary of state.

(ii) If a majority of the counting board members agree that under the rules the voter's intent can be clearly determined, the vote is valid and must be counted according to the voter's intent.

(iii) If a majority of the counting board members do not agree that the voter's intent can be clearly determined under the rules, the vote is not valid and may not be counted.

(b) If a ballot was set aside under subsection (3)(b) because it could not be processed by the voting system due to the ballot's condition, the counting board shall transfer all valid votes to a new ballot that can be processed by the voting system.

(5) A write-in vote may be counted if:

(a) *(i)* the write-in vote identifies an individual by a designation filed pursuant to 13-10-211(1)(a); or

~~(b)~~*(ii)* pursuant to 13-10-211(7), a declaration of nomination was not filed and the write-in vote identifies an individual who is qualified for the office*; and*

(b) the oval, box, or other designated voting area on the ballot is marked.

(6) A vote is not valid and may not be counted if the elector's choice cannot be determined as provided in this section.

(7) The secretary of state shall adopt rules defining a valid vote and a valid write-in vote for each type of ballot and for each type of voting system used in the state. The rules must provide a sufficient guarantee that all votes are treated equally among jurisdictions using similar ballot types and voting systems.

(8) Local election administrators shall adopt policies to govern local processes that are consistent with the provisions of this title and that provide for:

(a) the security of the counting process against fraud;

(b) the place and time and public notice of each count or recount;

(c) public observance of each count or recount, including observance by representatives authorized under 13-16-411;

(d) the recording of objections to determinations on the validity of an individual vote or to the entire counting process; and

(e) the keeping of a public record of count or recount proceedings.

(9) For purposes of this section, "overvote" means an elector's vote that has been interpreted by the voting system as an elector casting more votes than allowable for a particular office or ballot issue."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-9-406, MCA, is amended to read:

"20-9-406. Limitations on amount of bond issue — definition of federal impact aid basic support payment. general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 ~~and 20-9-502~~, and any other loans or notes payable that are held as general obligations of the district, is 50% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

(b) Except as provided in subsection ~~(1)(d)~~ *(1)(c)*, the maximum amount for which a K-12 school district, as formed pursuant to 20-6-701, may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 and 20-9-502, and any other loans or notes payable that are held as general obligations of the district, is up to 100% of the taxable value of the property subject to taxation, as ascertained by the last assessment for state, county, and school taxes previous to the incurring of the indebtedness.

~~(c) The total indebtedness of the high school district with an attached elementary district is limited to the sum of 50% of the taxable value of the property for elementary school program purposes and 50% of the taxable value of the property for high school program purposes.~~

~~(d)~~*(c)* (i) The maximum amount for which an elementary district or a high school district with a district mill value per elementary ANB or per high school ANB that is less than the facility guaranteed mill value per elementary ANB or high school ANB under 20-9-366 may become indebted by the issuance of general obligation bonds, including all indebtedness represented by outstanding general obligation bonds of previous issues, registered warrants, outstanding obligations under 20-9-471 and 20-9-502, and any other loans or notes payable that are held as general obligations of the district, is 50% of the corresponding facility guaranteed mill value per ANB times 1,000 times the ANB of the district. For a K-12 district, the maximum amount for which the district may become indebted is 50% of the sum of the facility guaranteed mill value per elementary ANB times 1,000 times the elementary ANB of the district and the facility guaranteed mill value per high school ANB times 1,000 times the high school ANB of the district. For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.

(ii) If mutually agreed upon by the affected districts, for the purpose of calculating its maximum bonded indebtedness under this subsection ~~(1)(d)~~ *(1)(c)*, a district may include the ANB of the district plus the number of students residing within the district for which the district or county pays tuition for attendance at a school in an adjacent district. The receiving district may not use out-of-district ANB for the purpose of calculating its maximum indebtedness if the out-of-district ANB has been included in the ANB of the sending district pursuant to the mutual agreement. For the purpose of calculating ANB under this subsection, a district may use the greater of the current year ANB or the 3-year ANB calculated under 20-9-311.

(2) The maximum amounts determined in subsection (1) do not pertain to indebtedness imposed by special improvement district obligations or assessments against the school district or to general obligation bonds issued for the repayment of tax protests lost by the district. All general obligation bonds issued in excess of the amount are void, except as provided in this section.

(3) The maximum amount of impact aid revenue bonds that an elementary district, high school district, or K-12 school district may issue may not exceed a

total aggregate amount equal to three times the average of the school district's annual federal impact aid basic support payments for the 5 years immediately preceding the issuance of the bonds. However, at the time of issuance of the bonds, the average annual payment of principal and interest on the impact aid bonds each year may not exceed 35% of the total federal impact aid basic support payments of the school district for the current year.

(4) When the total indebtedness of a school district has reached the limitations prescribed in this section, the school district may pay all reasonable and necessary expenses of the school district on a cash basis in accordance with the financial administration provisions of this chapter.

(5) Whenever bonds are issued for the purpose of refunding bonds, any money to the credit of the debt service fund for the payment of the bonds to be refunded is applied toward the payment of the bonds and the refunding bond issue is decreased accordingly.

(6) As used in this part, "federal impact aid basic support payment" means the annual impact aid revenue received by a district under 20 U.S.C. 7703(b) but excludes revenue received for impact aid special education under 20 U.S.C. 7703(d) and impact aid construction under 20 U.S.C. 7707."

Section 2. Section 20-9-502, MCA, is amended to read:

"20-9-502. Purpose and authorization of building reserve fund by election — levy for school transition costs. (1) The trustees of any district, with the approval of the qualified electors of the district, may establish a building reserve for the purpose of raising money for the future construction, equipping, or enlarging of school buildings, for the purpose of purchasing land needed for school purposes in the district, or for the purpose of funding school transition costs as provided in subsections (5) and (6). In order to submit to the qualified electors of the district a building reserve proposition for the establishment of or addition to a building reserve, the trustees shall pass a resolution that specifies:

(a) the purpose or purposes for which the new or addition to the building reserve will be used;

(b) the duration of time over which the new or addition to the building reserve will be raised in annual, equal installments;

(c) the total amount of money that will be raised during the duration of time specified in subsection (1)(b); and

(d) any other requirements under 15-10-425 and 20-20-201 for the calling of an election.

(2) ~~The total amount of building reserve, less the amount provided for in subsection (5), when added to the outstanding indebtedness of the district may not be more than the limitations provided in 20-9-406.~~ Except as provided in subsections (5)(b) and (6), a building reserve tax authorization may not be for more than 20 years.

(3) The election must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425.

(4) The building reserve proposition is approved if a majority of those electors voting at the election approve the establishment of or addition to the building reserve. The annual budgeting and taxation authority of the trustees for a building reserve is computed by dividing the total authorized amount by

the specified number of years. The authority of the trustees to budget and impose the taxation for the annual amount to be raised for the building reserve lapses when, at a later time, a bond issue is approved by the qualified electors of the district for the same purpose or purposes for which the building reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the money in the building reserve must be used for the purpose or purposes before any money realized by the bond issue is used.

(5) (a) The trustees may submit a proposition to the qualified electors of the district for a levy to provide funding for transition costs incurred when the trustees:

(i) open a new school under the provisions of Title 20, chapter 6;

(ii) close a school;

(iii) replace a school building; or

(iv) consolidate with or annex another district under the provisions of Title 20, chapter 6.

(b) Except as provided in subsections (5)(c) and (6), the total amount the trustees may submit to the electorate for transition costs may not exceed the number of years specified in the proposition times the greater of 5% of the district's maximum general fund budget for the current year or $250 per ANB for the current year. Except as provided in subsection (6), the duration of the levy for transition costs may not exceed 6 years.

(c) If the levy for transition costs is for consolidation or annexation:

(i) the limitation on the amount levied is calculated using the ANB and the maximum general fund budget for the districts that are being combined; and

(ii) the proposition must be submitted to the qualified electors in the combined district.

(d) The levy for transition costs may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406.

(6) The trustees of a K-12 district shall impose a levy for transition costs to fund the payment required by 20-6-326(6)(b) when a proposition to create the K-12 district and to assess the transition levy has been approved pursuant to 20-6-326(2). The levy is limited to the amount required by 20-6-326(6)(b) for a period not to exceed 3 years."

[HB 534]

AN ACT REQUIRING THE ELECTRONIC RECORDING OF CUSTODIAL INTERROGATIONS IN FELONY CASES AND IN YOUTH COURT CASES INVOLVING AN OFFENSE THAT WOULD BE A FELONY IF COMMITTED BY AN ADULT.

Be it enacted by the Legislature of the State of Montana:

Section 1. Purpose. The legislature intends to require the electronic recording of custodial interrogations in felony cases based on the finding that properly recorded interrogations:

(1) provide the best evidence of the communications that occurred during an interrogation;

(2) prevent disputes about a peace officer's conduct or treatment of a suspect during the course of an interrogation;

(3) prevent a defendant from lying about the account of events originally provided to law enforcement by the defendant;

(4) spare judges and jurors the time necessary and the need to assess which account of an interrogation to believe;

(5) enhance public confidence in the criminal process; and

(6) have been encouraged by the Montana supreme court in a written opinion of that court.

Section 2. Definitions. As used in [sections 1 through 6], the following definitions apply:

(1) "Custodial interrogation" means an interview conducted by a peace officer in a place of detention for the purpose of investigating a felony or, in the case of a youth, an offense that would be a felony if committed by an adult if the interview is reasonably likely to elicit a response from the person being interviewed that may incriminate the person being interviewed with regard to the commission of an offense.

(2) "Electronic recording" or "electronically recorded" means an audio recording, visual recording, or audiovisual recording, if available, that is an authentic, unaltered record of a custodial interrogation.

(3) "Place of detention" means a jail, police or sheriff's station, holding cell, correctional or detention facility, office, or other structure in this state where persons are held in connection with criminal charges or juvenile delinquency proceedings.

(4) "Statement" means an oral, written, sign language, or nonverbal communication.

Section 3. Recordings required. Except as provided in [section 4], all custodial interrogations must be electronically recorded. The recording must contain a peace officer advising the person being interviewed of the person's Miranda rights, a recording of the interview, and a conclusion of the interview.

Section 4. Exceptions to custodial recording requirements. A judge shall admit statements or evidence of statements that do not conform to [section 3] if, at hearing, the state proves by a preponderance of the evidence that:

(1) the statements have been made voluntarily and are reliable; or

(2) one or more of the following circumstances existed at the time of the custodial interrogation:

(a) the questions put forth by law enforcement personnel and the person's responsive statements were part of the routine processing or booking of the person;

(b) before or during a custodial interrogation, the person unambiguously declared that the person would respond to the law enforcement officer's questions only if the person's statements were not electronically recorded;

(c) the failure to electronically record an interrogation in its entirety was the result of unforeseeable equipment failure and obtaining replacement equipment was not practicable;

(d) exigent circumstances prevented the making of an electronic recording of the custodial interrogation;

(e) the person's statements were surreptitiously recorded by or under the direction of law enforcement personnel;

(f) the person's statement was made during a custodial interrogation that was conducted in another state by peace officers of that state in compliance with the laws of that state; or

(g) the person's statement was made spontaneously and not in response to a question.

Section 5. Cautionary jury instruction. If the defendant objects to the introduction of evidence under [section 3] and the court finds by a preponderance of the evidence that the statements are admissible, the judge shall, upon motion of the defendant, provide the jury with a cautionary instruction.

Section 6. Handling and preservation of electronic recordings. (1) An electronic recording of a custodial interrogation must be clearly identified and catalogued by law enforcement personnel.

(2) If a criminal or youth court proceeding is brought against a person who was the subject of an electronically recorded custodial interrogation, the electronic recording must be preserved by law enforcement personnel until all appeals and all postconviction and habeas corpus proceedings are final and concluded or until the time within which the proceedings must be brought has expired.

(3) Upon motion by the defendant, the court may order that a copy of the electronic recording be preserved for any period beyond the expiration of all appeals.

(4) If a criminal or youth court proceeding is not brought against a person who has been the subject of an electronically recorded custodial interrogation, the related electronic recording must be preserved by law enforcement personnel until all applicable state and federal statutes of limitations bar prosecution of the person.

Section 7. Codification instruction. [Sections 1 through 6] are intended to be codified as an integral part of Title 46, chapter 4, and the provisions of Title 46 apply to [sections 1 through 6].

[SB 192]

AN ACT PROVIDING SMALL BUSINESSES WITH AN OPPORTUNITY FOR WORKERS' COMPENSATION RELIEF BY ALLOWING POOLED RISK SAFETY GROUPS IN WORKERS' COMPENSATION PLAN NO. 3; PROVIDING AN OPPORTUNITY FOR A RETURN ON PREMIUM BASED ON REDUCED LOSSES TO EMPLOYERS THAT IMPLEMENT CERTAIN SAFETY AND RETURN-TO-WORK PROVISIONS; AMENDING SECTION 39-71-2311, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

WHEREAS, Workers' Compensation Plan No. 3, an insurer for all businesses in Montana, is a nonprofit, independent, public corporation that nevertheless is a creation of the state; and

WHEREAS, more than 90% of businesses in Montana have fewer than 20 employees and more than 80% of businesses in Montana have fewer than 10 employees, with many if not most of these small businesses obtaining workers' compensation insurance from the State Fund because not all private insurers write for small businesses; and

WHEREAS, Montana's workers' compensation rates among all insurers are the second highest in the nation and the current economic crisis has the potential to hit all employers hard, but especially small businesses that may have fewer lifelines for survival than larger businesses; and

WHEREAS, the opportunity to pool risk in a group that has made a commitment to safety yields the potential to benefit small businesses by reducing losses and possibly generating a return on premium.

Be it enacted by the Legislature of the State of Montana:

Section 1. Workplace safety program. (1) An employer that is not eligible for the tier with the lowest-rated premium for workers' compensation purposes is eligible to join a state fund pooled risk safety group, as provided in [section 2], if the employer:

(a) adopts and maintains a written, comprehensive workplace safety program that has been in place for more than 1 year and that meets the criteria established by rule implementing Title 39, chapter 71, part 15.

(b) adopts transitional and return-to-work programs;

(c) has at least 3 years of experience without losses;

(d) uses available safety consultation services or programs offered by the department or the state fund. Safety consultation may be provided to individual employers or to groups. The department and the state fund shall notify each employer in a group, as provided in [section 2], regarding the availability of safety and return-to-work resources.

(e) complies with the terms and conditions of the state fund pooled risk safety group as provided in [section 2].

(2) The state fund and the department shall share information on workplace safety programs and transitional and return-to-work programs.

Section 2. Pooled risk safety group. (1) The state fund may establish one or more groups of individual policies in a pooled risk safety group to promote safety as a way to reduce losses among members of the pooled risk safety group.

(2) Each member of a pooled risk safety group must be eligible as provided in [section 1] and must have an individual workers' compensation plan No. 3 policy. An individual policy may be included in only one group.

(3) The state fund shall annually establish the terms and conditions of the plan that defines the requirements of participation for a pooled risk safety group. The plan must include the criteria to be eligible for an aggregate return of premium and a method for apportioning the return of premium among members of the group.

(4) The aggregate record of the individual members of the pooled risk safety group is the basis for determining if the members of the pooled risk safety group qualify for a return on premiums.

Section 3. Section 39-71-2311, MCA, is amended to read:

"39-71-2311. Intent and purpose of plan — expense constant defined. (1) It is the intent and purpose of the state fund to allow employers an option to insure their liability for workers' compensation and occupational disease coverage with the state fund. The state fund must be neither more nor less than self-supporting. ~~Premium~~ *Premium* rates must be set at least annually at a level sufficient to ensure the adequate funding of the insurance program, including the costs of administration, benefits, and adequate reserves, during and at the end of the period for which the rates will be in effect. In determining premium rates, the state fund shall make every effort to adequately predict future costs. When the costs of a factor influencing rates are unclear and difficult to predict, the state fund shall use a prediction calculated to be more than likely to cover those costs rather than less than likely to cover those costs. *The prediction must take into account the goal of pooling risk and may not place an undue burden on employers that are not eligible for the tier with the lowest-rated premium for workers' compensation purposes.*

(2) Unnecessary surpluses that are created by the imposition of premiums found to have been set higher than necessary because of a high estimate of the cost of a factor or factors may be refunded by the declaration of a dividend as provided in this part. For the purpose of keeping the state fund solvent, the board of directors may implement multiple rating tiers as provided in 39-71-2330 and may assess an expense constant, a minimum premium, or both.

~~(2)~~*(3)* As used in this section, "expense constant" means a premium charge applied to each workers' compensation policy to pay expenses related to issuing, servicing, maintaining, recording, and auditing the policy."

Section 4. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 39, chapter 71, part 23, and the provisions of Title 39, chapter 71, part 23, apply to [sections 1 and 2].

Section 5. Effective date — applicability. [This act] is effective July 1, 2009, and applies to groups formed on or after July 1, 2010.

The request for a replacement ballot may be made orally to the election administrator.

(4) (a) When applying for an absentee ballot under this section, an elector may also request to be mailed an absentee ballot, as soon as the ballot becomes available, for each subsequent election in which the elector is eligible to vote or only for each subsequent federal election in which the elector is eligible to vote for as long as the elector remains qualified to vote and resides at the address provided in the initial application.

(b) The election administrator shall mail an address confirmation form in January ~~and July~~ of each year to each elector who has requested an absentee ballot for subsequent elections. The address confirmation form ~~mailed in January~~ is for elections to be held between February 1 following the mailing through ~~July of the same year, and the address confirmation form mailed in July is for elections to be held between August 1 following the mailing through~~ January of the succeeding year. The elector shall sign the form, indicate the address to which the absentee ballot should be sent, and return the form to the election administrator. If the form is not completed and returned, the election administrator shall remove the elector from the register of electors who have requested an absentee ballot for each subsequent election.

(c) An elector who has been removed from the register may subsequently request to be mailed an absentee ballot for each subsequent election."

Notification that income withholding will be initiated if a delinquency is not paid within 8 days of the date of the notice is not necessary if such a notice was given for a prior delinquency and the prior delinquency in fact existed. (2) Income withholding for the payment of child support may be initiated by:

(a) the person named as the recipient of the child support payments in the child support order;

(b) the child or the guardian of the child named in the child support order; ~~or~~

(c) the department of public health and human services~~.~~*; or*

The order is limited to current support unless modified to include arrears as provided in 40-5-308.

(b) At the same time an income deduction order is issued, the requesting party shall notify the obligor as provided in 40-5-305 that income deductions have been initiated.

(4) Deductions under this section for current support may be terminated only if:

(a) the district court determines after a hearing that the obligor was not delinquent when the deduction order was issued;

(b) the obligation to pay support has terminated and all delinquencies are paid in full; or

(c) the department of public health and human services has superseded the deduction order under authority of Title 40, chapter 5, part 4.

(b) of the judicial district in which the obligated person resides; or

(c) of the judicial district in which the payee or assignee of the payee resides or has an office.

(d) continuing to engage in an unprofitable business or contract unless the obligated person cannot reasonably be removed from the unprofitable situation; or

(e) incurring debts subsequent to entry of the support order that impair the obligated person's ability to pay support.

(9) If the obligated person is not excused under subsections (7) and (8), the district court shall find the obligated person in contempt of the support order. For each failure to pay support under the order, the district court shall order punishment as follows:

(a) seek employment and periodically report to the district court all efforts to find employment;

(b) meet a repayment schedule;

(c) compensate the payee for the payee's attorney fees, costs, and expenses for a proceeding under this section;

(d) sell or transfer real or personal property or transfer real or personal property to the payee, even if the property is exempt from execution;

(f) meet any combination of the conditions in subsections (10)(a) through (10)(e); or

(g) meet any other conditions that the district court in its discretion finds reasonable.

(11) If the obligated person fails to comply with conditions for purging contempt, the district court shall immediately find the obligated person in contempt under this section and impose punishment.

AN ACT CLARIFYING THE DEFINITION OF ENTERPRISE FUNDS SUBJECT TO APPROPRIATION; AMENDING SECTIONS 17-7-111, 17-7-123, AND 17-8-101, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-111, MCA, is amended to read:

"17-7-111. Preparation of state budget — agency program budgets — form distribution and contents. (1) (a) To prepare a state budget, the executive branch, the legislature, and the citizens of the state need information that is consistent and accurate. Necessary information includes detailed disbursements by fund type for each agency and program for the appropriate time period, recommendations for creating a balanced budget, and recommended disbursements and estimated receipts by fund type and fund category.

(b) Subject to the requirements of this chapter, the budget director and the legislative fiscal analyst shall by agreement:

(i) establish necessary standards, formats, and other matters necessary to share information between the agencies and to ensure that information is consistent and accurate for the preparation of the state's budget; and

(ii) provide for the collection and provision of budgetary and financial information that is in addition to or different from the information otherwise required to be provided pursuant to this section.

(2) In the preparation of a state budget, the budget director shall, not later than the date specified in 17-7-112(1), distribute to all agencies the proper forms and instructions necessary for the preparation of budget estimates by the budget director. These forms must be prescribed by the budget director to procure the information required by subsection (3). The forms must be submitted to the budget director by the date provided in 17-7-112(2)(a) or the agency's budget is subject to preparation based upon estimates as provided in 17-7-112(5). The budget director may refuse to accept forms that do not comply with the provisions of this section or the instructions given for completing the forms.

(3) The agency budget request must set forth a balanced financial plan for the agency completing the forms for each fiscal year of the ensuing biennium. The plan must consist of:

(a) a consolidated agency budget summary of funds subject to appropriation, ~~or enterprise funds that transfer profits to the general fund or to an account subject to appropriation~~ *as provided in 17-8-101,* for the current base budget expenditures, including statutory appropriations, and for each present law adjustment and new proposal request setting forth the aggregate figures of the full-time equivalent personnel positions (FTE) and the budget, showing a balance between the total proposed disbursements and the total anticipated receipts, together with the other means of financing the budget for each fiscal year of the ensuing biennium, contrasted with the corresponding figures for the last-completed fiscal year and the fiscal year in progress;

(b) a schedule of the actual and projected receipts, disbursements, and solvency of each fund for the current biennium and estimated for the subsequent biennium;

(c) a statement of the agency mission and a statement of goals and objectives for each program of the agency. The goals and objectives must include, in a concise form, sufficient specific information and quantifiable information to enable the legislature to formulate an appropriations policy regarding the agency and its programs and to allow a determination, at some future date, on whether the agency has succeeded in attaining its goals and objectives.

(d) actual FTE and disbursements for the completed fiscal year of the current biennium, estimated FTE and disbursements for the current fiscal year, and the agency's request for the ensuing biennium, by program;

(e) actual disbursements for the completed fiscal year of the current biennium, estimated disbursements for the current fiscal year, and the agency's recommendations for the ensuing biennium, by disbursement category;

(f) for only agencies with more than 20 FTE, a plan to reduce the proposed base budget for the general appropriations act and the proposed state pay plan to 95% of the current base budget or lower if directed by the budget director. Each agency plan must include base budget reductions that reflect the required percentage reduction by fund type for the general fund and state special revenue fund types. Exempt from the calculations of the 5% target amounts are legislative audit costs, administratively attached entities that hire their own staff under 2-15-121, and state special revenue accounts that do not transfer their investment earnings or fund balances to the general fund. The plan must include:

(i) a prioritized list of services that would be eliminated or reduced;

(ii) for each service included in the prioritized list, the savings that would result from the elimination or reduction; and

(2) Subject to the provisions of subsection (8), money deposited in the enterprise fund type, debt service fund type, internal service fund type, private purpose trust fund type, agency fund type, and state special revenue fund from nonstate and nonfederal sources restricted by law or by the terms of an agreement, such as a contract, trust agreement, or donation, may be paid out of the treasury:

(a) by appropriation; or

(b) under general laws, or contracts entered into in pursuance of law, permitting the disbursement if a subclass is established on the state financial system.

The office of budget and program planning shall report semiannually to the legislative finance committee concerning all appropriations transferred under the provisions of this section.

AN ACT INCREASING THE THRESHOLD AMOUNT CONSTITUTING A SIGNIFICANT CHANGE IN AN AGENCY OR PROGRAM'S OPERATING BUDGET SUBJECT TO REVIEW BY THE LEGISLATIVE FISCAL ANALYST; INCREASING THE THRESHOLD AMOUNT CONSTITUTING A SIGNIFICANT CHANGE IN AN AGENCY OR PROGRAM'S BUDGET TRANSFERS SUBJECT TO REVIEW BY THE LEGISLATIVE FISCAL ANALYST; AMENDING SECTIONS 17-7-138 AND 17-7-139, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 17-7-138, MCA, is amended to read:

"17-7-138. Operating budget. (1) (a) Expenditures by a state agency must be made in substantial compliance with the budget approved by the legislature. Substantial compliance may be determined by conformity to the conditions contained in the general appropriations act and to legislative intent as established in the narrative accompanying the general appropriations act. An

explanation of any significant change in agency or program scope must be submitted on a regular basis to the interim committee that has program evaluation and monitoring functions for the agency pursuant to Title 5, chapter 5, part 2. An explanation of any significant change in agency or program scope, objectives, activities, or expenditures must be submitted to the legislative fiscal analyst for review and comment by the legislative finance committee prior to any implementation of the change. A significant change may not conflict with a condition contained in the general appropriations act. If the approving authority certifies that a change is time-sensitive, the approving authority may approve the change prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. Except as provided in subsection (2), the expenditure of money appropriated in the general appropriations act is contingent upon approval of an operating budget by August 1 of each fiscal year. An approved original operating budget must comply with state law and conditions contained in the general appropriations act.

(b) For the purposes of this subsection (1), an agency or program is considered to have a significant change in its scope, objectives, activities, or expenditures if:

(i) the operating budget change exceeds $1 million; or

(ii) the operating budget change exceeds 25% of a budget category and the change is greater than ~~$25,000~~ *$75,000*. If there have been other changes to the budget category in the current fiscal year, all the changes, including the change under consideration, must be used in determining the 25% and ~~$25,000~~ *$75,000* threshold.

(2) The expenditure of money appropriated in the general appropriations act to the board of regents, on behalf of the university system units, as defined in 17-7-102, is contingent upon approval of a comprehensive operating budget by October 1 of each fiscal year. The operating budget must contain detailed revenue and expenditures and anticipated fund balances of current funds, loan funds, endowment funds, and plant funds. After the board of regents approves operating budgets, transfers between units may be made only with the approval of the board of regents. Transfers and related justification must be submitted to the office of budget and program planning and to the legislative fiscal analyst.

(3) The operating budget for money appropriated by the general appropriations act must be separate from the operating budget for money appropriated by another law except a law appropriating money for the state pay plan or any portion of the state pay plan. The legislature may restrict the use of funds appropriated for personal services to allow use only for the purpose of the appropriation. Each operating budget must include expenditures for each agency program, detailed at least by first-level categories as provided in 17-1-102(3). Each agency shall record its operating budget for all funds, other than higher education funds, and any approved changes on the statewide budget and accounting state financial system. Documents implementing approved changes must be signed. The operating budget for higher education funds must be recorded on the university financial system, with separate

accounting categories for each source or use of state government funds. State sources and university sources of funds may be combined for the general operating portion of the current unrestricted funds."

Section 2. Section 17-7-139, MCA, is amended to read:

"17-7-139. Program transfers. (1) Unless prohibited by law or a condition contained in the general appropriations act, the approving authority may approve agency requests to transfer appropriations between programs within each fund type within each fiscal year. The legislature may restrict the use of funds appropriated for personal services to allow use only for the purpose of the appropriation. An explanation of any significant transfer must be submitted on a regular basis to the interim committee that has program evaluation and monitoring functions for the agency pursuant to Title 5, chapter 5, part 2. An explanation of any transfer that involves a significant change in agency or program scope, objectives, activities, or expenditures must be submitted to the legislative fiscal analyst for review and comment by the legislative finance committee prior to any implementation of the change. If the approving authority certifies that a request for a transfer representing a significant change in agency or program scope, objectives, activities, or expenditures is time-sensitive, the approving authority may approve the transfer prior to the next regularly scheduled meeting of the legislative finance committee. The approving authority shall submit all proposed time-sensitive changes to the legislative fiscal analyst prior to approval. If the legislative fiscal analyst determines that notification of the legislative finance committee is warranted, the legislative fiscal analyst shall immediately notify as many members as possible of the proposed change and communicate any concerns expressed to the approving authority. The approving authority shall present a report fully explaining the reasons for the action to the next meeting of the legislative finance committee. All program transfers must be completed within the same fund from which the transfer originated. A request for a transfer accompanied by a justification explaining the reason for the transfer must be submitted by the requesting agency to the approving authority and the office of budget and program planning. Upon approval of the transfer in writing, the approving authority shall inform the legislative fiscal analyst of the approved transfer and the justification for the transfer. If money appropriated for a fiscal year is transferred to another fiscal year, the money may not be retransferred, except that money remaining from projected costs for spring fires estimated in the last quarter of the first year of a biennium may be retransferred.

(2) For the purposes of subsection (1), an agency or program is considered to have a significant change in its scope, objectives, activities, or expenditures if:

(a) the budget transfer exceeds $1 million; or

(b) the budget transfer exceeds 25% of a program's total operating plan and the transfer is greater than ~~$25,000~~ *$75,000*. If there have been other transfers to or from the program in the current fiscal year, all the transfers, including the transfer under consideration, must be used in determining the 25% and ~~$25,000~~ *$75,000* threshold."

(b) Contracts signed for projects located in Montana must require all contractors to pay the standard prevailing rate of wages for heavy construction, as provided in 18-2-401(13)(a), during the construction phase of the project.

(4) All contracts signed by a public utility to meet the requirements of this part are eligible for advanced approval under procedures established by the commission. Upon advanced approval by the commission, these contracts are eligible for cost recovery from ratepayers, except that nothing in this part limits the commission's ability to subsequently, in any future cost-recovery proceeding, inquire into the manner in which the public utility has managed the contract and to disallow cost recovery if the contract was not reasonably administered.

(A) purchase and install all equipment required for the motor vehicle pursuant to Title 61, chapter 9, part 2;

(B) obtain an inspection by a law enforcement agent to verify that all required equipment is present and operational;

(C) provide a bond, in a form prescribed by the department, issued by a surety company authorized to do business in this state, in an amount equal to the full retail price of the motor vehicle for which the application is being made. The bond is conditioned to indemnify a prior owner, lienholder, subsequent purchaser, secured creditor, or encumbrancer of the motor vehicle and any respective successors in interest against expenses, losses, or damages, including reasonable attorney fees, caused by the issuance of the certificate of title or by a defect in or undisclosed security interest upon the right, title, and interest of the applicant in the motor vehicle.

(3) Any interested person has a right of action to recover on the bond furnished under this section for a breach of its conditions, but the aggregate liability of the surety to all persons may not exceed the amount of the bond.

(4) Unless the department has been notified of a pending action to recover the bond furnished under this section, the department shall return the bond at the earlier of:

(a) 3 years from the date of issuance of the certificate of title; or

(b) the date of surrender of the valid certificate of title to the department if the motor vehicle, trailer, semitrailer, pole trailer, camper, motorboat, personal watercraft, sailboat, or snowmobile is no longer required to have a certificate of title in this state."

The record may be limited to the fact that the communication occurred.

(2) Courts may communicate concerning schedules, calendars, court records, and other administrative matters without making a record.

Section 5. Cooperation between courts. (1) In a guardianship or protective proceeding in this state, a court of this state may request the appropriate court of another state to do any of the following:

Section 6. Taking testimony in another state. (1) In a guardianship or protective proceeding, in addition to other procedures that may be available, testimony of a witness who is located in another state may be offered by deposition or other means allowable in this state for testimony taken in another state. The court on its own motion may order that the testimony of a witness be taken in another state and may prescribe the manner in which and the terms upon which the testimony is to be taken.

(2) In a guardianship or protective proceeding, a court in this state may permit a witness located in another state to be deposed or to testify by telephone or audiovisual or other electronic means. A court of this state shall cooperate with the court of the other state in designating an appropriate location for the deposition or testimony.

(3) Documentary evidence transmitted from another state to a court of this state by technological means that do not produce an original writing may not be excluded from evidence on an objection based on the best evidence rule.

Section 7. Definitions — significant connection factors. (1) In [sections 7 through 15]:

(a) "Emergency" means a circumstance that likely will result in substantial harm to a respondent's health, safety, or welfare and for which the appointment of a guardian is necessary because no other person has authority and is willing to act on the respondent's behalf.

(b) "Home state" means the state in which the respondent was physically present, including any period of temporary absence, for at least 6 consecutive months immediately before the filing of a petition for a protective order or the

appointment of a guardian, or if none, the state in which the respondent was physically present, including any period of temporary absence, for at least 6 consecutive months ending within the 6 months prior to the filing of the petition.

(c) "Significant-connection state" means a state, other than the home state, with which a respondent has a significant connection other than mere physical presence and in which substantial evidence concerning the respondent is available.

(2) In determining under [sections 9 and 16(5)] whether a respondent has a significant connection with a particular state, the court shall consider:

(a) the location of the respondent's family and other persons required to be notified of the guardianship or protective proceeding;

(b) the length of time the respondent at any time was physically present in the state and the duration of any absence;

(c) the location of the respondent's property; and

(d) the extent to which the respondent has ties to the state such as voting registration, state or local tax return filing, vehicle registration, driver's license, social relationship, and receipt of services.

Section 8. Exclusive basis. [Sections 7 through 15] provide the exclusive jurisdictional basis for a court of this state to appoint a guardian or issue a protective order for an adult.

Section 9. Jurisdiction. A court of this state has jurisdiction to appoint a guardian or issue a protective order for a respondent if:

(1) this state is the respondent's home state;

(2) on the date the petition is filed, this state is a significant-connection state and:

(a) the respondent does not have a home state or a court of the respondent's home state has declined to exercise jurisdiction because this state is a more appropriate forum; or

(b) the respondent has a home state, a petition for an appointment or order is not pending in a court of that state or another significant-connection state, and before the court makes the appointment or issues the order:

(i) a petition for an appointment or order is not filed in the respondent's home state;

(ii) an objection to the court's jurisdiction is not filed by a person required to be notified of the proceeding; and

(iii) the court in this state concludes that it is an appropriate forum under the factors set forth in [section 12];

(3) this state does not have jurisdiction under either subsection (1) or (2), the respondent's home state and all significant-connection states have declined to exercise jurisdiction because this state is the more appropriate forum, and jurisdiction in this state is consistent with the constitutions of this state and the United States; or

(4) the requirements for special jurisdiction under [section 10] are met.

Section 10. Special jurisdiction. (1) A court of this state lacking jurisdiction under [section 9(1) through (3)] has special jurisdiction to do any of the following:

(a) appoint a guardian in an emergency for a term not exceeding 90 days for a respondent who is physically present in this state;

(b) issue a protective order with respect to real or tangible personal property located in this state;

(c) appoint a guardian or conservator for an incapacitated or protected person for whom a provisional order to transfer the proceeding from another state has been issued under procedures similar to [section 16].

(2) If a petition for the appointment of a guardian in an emergency is brought in this state and this state was not the respondent's home state on the date the petition was filed, the court shall dismiss the proceeding at the request of the court of the home state, if any, whether dismissal is requested before or after the emergency appointment.

Section 11. Exclusive and continuing jurisdiction. Except as otherwise provided in [section 10], a court that has appointed a guardian or issued a protective order consistent with [sections 1 through 22] has exclusive and continuing jurisdiction over the proceeding until it is terminated by the court or the appointment or order expires by its own terms.

Section 12. Appropriate forum. (1) A court of this state having jurisdiction under [section 9] to appoint a guardian or issue a protective order may decline to exercise its jurisdiction if it determines at any time that a court of another state is a more appropriate forum.

(2) If a court of this state declines to exercise its jurisdiction under subsection (1), it shall either dismiss or stay the proceeding. The court may impose any condition the court considers just and proper, including the condition that a petition for the appointment of a guardian or issuance of a protective order be filed promptly in another state.

(3) In determining whether it is an appropriate forum, the court shall consider all relevant factors, including:

(a) any expressed preference of the respondent;

(b) whether abuse, neglect, or exploitation of the respondent has occurred or is likely to occur and which state could best protect the respondent from the abuse, neglect, or exploitation;

(c) the length of time the respondent was physically present in or was a legal resident of this or another state;

(d) the distance of the respondent from the court in each state;

(e) the financial circumstances of the respondent's estate;

(f) the nature and location of the evidence;

(g) the ability of the court in each state to decide the issue expeditiously and the procedures necessary to present evidence;

(h) the familiarity of the court of each state with the facts and issues in the proceeding; and

(i) if an appointment were made, the court's ability to monitor the conduct of the guardian or conservator.

Section 13. Jurisdiction declined by reason of conduct. (1) If at any time a court of this state determines that it acquired jurisdiction to appoint a guardian or issue a protective order because of unjustifiable conduct, the court may:

(a) decline to exercise jurisdiction;

(b) exercise jurisdiction for the limited purpose of fashioning an appropriate remedy to ensure the health, safety, and welfare of the respondent or the protection of the respondent's property or prevent a repetition of the unjustifiable conduct, including staying the proceeding until a petition for the appointment of a guardian or issuance of a protective order is filed in a court of another state having jurisdiction; or

(c) continue to exercise jurisdiction after considering:

(i) the extent to which the respondent and all persons required to be notified of the proceedings have acquiesced in the exercise of the court's jurisdiction;

(ii) whether it is a more appropriate forum than the court of any other state under the factors set forth in [section 12(3)]; and

(iii) whether the court of any other state would have jurisdiction under factual circumstances in substantial conformity with the jurisdictional standards of [section 9].

(2) If a court of this state determines that it acquired jurisdiction to appoint a guardian or issue a protective order because a party seeking to invoke its jurisdiction engaged in unjustifiable conduct, it may assess against that party necessary and reasonable expenses, including attorney fees, investigative fees, court costs, communication expenses, witness fees and expenses, and travel expenses. The court may not assess fees, costs, or expenses of any kind against this state or a governmental subdivision, agency, or instrumentality of this state unless authorized by law other than [sections 1 through 22].

Section 14. Notice of proceeding. If a petition for the appointment of a guardian or issuance of a protective order is brought in this state and this state was not the respondent's home state on the date the petition was filed, in addition to complying with the notice requirements of this state, notice of the petition must be given to those persons who would be entitled to notice of the petition if a proceeding were brought in the respondent's home state. The notice must be given in the same manner as notice is required to be given in this state.

Section 15. Proceedings in more than one state. Except for a petition for the appointment of a guardian in an emergency or issuance of a protective order limited to property located in this state under [section 10(1)(a) or (1)(b)], if a petition for the appointment of a guardian or issuance of a protective order is filed in this state and in another state and neither petition has been dismissed or withdrawn, the following rules apply:

(1) If the court in this state has jurisdiction under [section 9], it may proceed with the case unless a court in another state acquires jurisdiction under provisions similar to [section 9] before the appointment or issuance of the order.

(2) If the court in this state does not have jurisdiction under [section 9], whether at the time the petition is filed or at any time before the appointment or issuance of the order, the court shall stay the proceeding and communicate with the court in the other state. If the court in the other state has jurisdiction, the court in this state shall dismiss the petition unless the court in the other state determines that the court in this state is a more appropriate forum.

Section 16. Transfer of guardianship or conservatorship to another state. (1) A guardian or conservator appointed in this state may petition the court to transfer the guardianship or conservatorship to another state.

(2) Notice of a petition under subsection (1) must be given to the persons that would be entitled to notice of a petition in this state for the appointment of a guardian or conservator.

(3) On the court's own motion or on request of the guardian or conservator, the incapacitated or protected person, or other person required to be notified of the petition, the court shall hold a hearing on a petition filed pursuant to subsection (1).

(4) The court shall issue an order provisionally granting a petition to transfer a guardianship and shall direct the guardian to petition for guardianship in the other state if the court is satisfied that the guardianship will be accepted by the court in the other state and the court finds that:

(a) the incapacitated person is physically present in or is reasonably expected to move permanently to the other state;

(b) an objection to the transfer has not been made or, if an objection has been made, the objector has not established that the transfer would be contrary to the interests of the incapacitated person; and

(c) plans for care and services for the incapacitated person in the other state are reasonable and sufficient.

(5) The court shall issue a provisional order granting a petition to transfer a conservatorship and shall direct the conservator to petition for conservatorship in the other state if the court is satisfied that the conservatorship will be accepted by the court of the other state and the court finds that:

(a) the protected person is physically present in or is reasonably expected to move permanently to the other state or the protected person has a significant connection to the other state considering the factors in [section 7(2)];

(b) an objection to the transfer has not been made or, if an objection has been made, the objector has not established that the transfer would be contrary to the interests of the protected person; and

(c) adequate arrangements will be made for management of the protected person's property.

(6) The court shall issue a final order confirming the transfer and terminating the guardianship or conservatorship upon its receipt of:

(a) a provisional order accepting the proceeding from the court to which the proceeding is to be transferred that is issued under provisions similar to [section 17]; and

(b) the documents required to terminate a guardianship or conservatorship in this state.

Section 17. Accepting guardianship or conservatorship transferred from another state. (1) To confirm transfer of a guardianship or conservatorship transferred to this state under provisions similar to [section 16], the guardian or conservator shall petition the court in this state to accept the guardianship or conservatorship. The petition must include a certified copy of the other state's provisional order of transfer.

(2) Notice of a petition under subsection (1) must be given to those persons that would be entitled to notice if the petition were a petition for the appointment of a guardian or issuance of a protective order in both the transferring state and this state. The notice must be given in the same manner as notice is required to be given in this state.

(3) On the court's own motion or on request of the guardian or conservator, the incapacitated or protected person, or other person required to be notified of the proceeding, the court shall hold a hearing on a petition filed pursuant to subsection (1).

(4) The court shall issue an order provisionally granting a petition filed under subsection (1) unless:

(a) an objection is made and the objector establishes that transfer of the proceeding would be contrary to the interests of the incapacitated or protected person; or

(b) the guardian or conservator is ineligible for appointment in this state.

(5) The court shall issue a final order accepting the proceeding and appointing the guardian or conservator as guardian or conservator in this state upon its receipt from the court from which the proceeding is being transferred of a final order issued under provisions similar to [section 16] transferring the proceeding to this state.

(6) Not later than 90 days after issuance of a final order accepting transfer of a guardianship or conservatorship, the court shall determine whether the guardianship or conservatorship needs to be modified to conform to the law of this state.

(7) In granting a petition under this section, the court shall recognize a guardianship or conservatorship order from the other state, including the determination of the incapacitated or protected person's incapacity and the appointment of the guardian or conservator.

(8) The denial by a court of this state of a petition to accept a guardianship or conservatorship transferred from another state does not affect the ability of the guardian or conservator to seek appointment as guardian or conservator in this state under Title 72, chapter 5, part 3 or 4, if the court has jurisdiction to make an appointment other than by reason of the provisional order of transfer.

Section 18. Registration of guardianship orders. If a guardian has been appointed in another state and a petition for the appointment of a guardian is not pending in this state, the guardian appointed in the other state, after giving notice to the appointing court of an intent to register, may register the guardianship order in this state by filing as a foreign judgment in a court, in any appropriate county of this state, certified copies of the order and letters of office.

Section 19. Registration of protective orders. If a conservator has been appointed in another state and a petition for a protective order is not pending in this state, the conservator appointed in the other state, after giving notice to the appointing court of an intent to register, may register the protective order in this state by filing as a foreign judgment in a court of this state, in any county in which property belonging to the protected person is located, certified copies of the order and letters of office and of any bond.

Section 20. Effect of registration. (1) Upon registration of a guardianship or protective order from another state, the guardian or conservator may exercise in this state all powers authorized in the order of appointment except as prohibited under the laws of this state, including maintaining actions and proceedings in this state and, if the guardian or conservator is not a resident of this state, subject to any conditions imposed upon nonresident parties.

(2) A court of this state may grant any relief available under [sections 1 through 22] and other law of this state to enforce a registered order.

Section 21. Uniformity of application and construction. In applying and construing [sections 1 through 22], consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

Section 22. Relation to electronic signatures in global and national commerce act. [Sections 1 through 22] modify, limit, and supersede the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, et seq., but does not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. 7001(c), or authorize electronic delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. 7003(b).

Section 23. Transitional provision. (1) [Sections 1 through 22] apply to guardianship and protective proceedings begun on or after [the effective date of this act].

(2) [Sections 1 through 6 and 16 through 22] apply to proceedings begun before [the effective date of this act], regardless of whether a guardianship or protective order has been issued.

Section 24. Section 72-5-102, MCA, is amended to read:

"72-5-102. ~~Jurisdiction of subject matter — consolidation~~ *Consolidation* of proceedings. ~~(1) The court has jurisdiction over protective proceedings and guardianship proceedings.~~

~~(2)~~ When both guardianship and protective proceedings as to the same person are commenced or pending in the same court, the proceedings may be consolidated."

Section 25. Section 72-5-304, MCA, is amended to read:

"72-5-304. Objection by alleged incapacitated person to testamentary appointment. Upon the filing in the court in which the will was probated or, in the case of a nontestamentary nominating instrument, in the court at the place where the incapacitated person resides or is present, of written objection to the appointment by the incapacitated person for whom a parental or spousal appointment of guardian has been made, the appointment is terminated. An objection does not prevent appointment by the court in a proper proceeding of the parental or spousal nominee or any other suitable person upon an adjudication of incapacity in proceedings under 72-5-305*, 72-5-306, 72-5-311* through *72-5-322, 72-5-324, and* 72-5-325."

CHAPTER NO. 237

[HB 504]

AN ACT PROVIDING THAT A COURT MAY NOT GRANT A FULL GUARDIAN AUTHORITY TO CONSENT TO THE WITHHOLDING OR WITHDRAWAL OF LIFE-SUSTAINING TREATMENT IF IT CONFLICTS WITH THE WARD'S WISHES; DEFINING "SUBSTITUTED JUDGMENT"; AMENDING SECTIONS 72-5-101 AND 72-5-321, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 72-5-101, MCA, is amended to read:

"72-5-101. Definitions. Unless otherwise apparent from the context, in ~~this code~~ *chapters 1 through 5 and chapter 16, part 6*, the following definitions apply:

(1) "Incapacitated person" means any person who is impaired by reason of mental illness, mental deficiency, physical illness or disability, chronic use of drugs, chronic intoxication, or other cause*,* ~~(~~except minority~~)~~*,* to the extent that ~~he~~ *the person* lacks sufficient understanding or capacity to make or communicate responsible decisions concerning ~~his~~ *the* person or which cause has so impaired the person's judgment that ~~he~~ *the person* is incapable of realizing and making a rational decision with respect to ~~his~~ *the person's* need for treatment.

(2) "Protected person" means a minor or other person for whom a conservator has been appointed or other protective order has been made.

(3) "Protective proceeding" means a proceeding under the provisions of 72-5-409 to determine that a person cannot effectively manage or apply ~~his~~ *the person's* estate to necessary ends, either because ~~he~~ *the person* lacks the ability or is otherwise inconvenienced or because ~~he~~ *the person* is a minor, and to secure administration of ~~his~~ *the person's* estate by a conservator or other appropriate relief.

(4) "Substituted judgment" means the judgment that an incapacitated person would make if restored to capacity based upon:

(a) the person's present preference or, if the person is incapable of indicating the person's preference, the person's prior expressed preference;

(b) the person's personal, moral, and religious convictions;

(c) the person's relationship with family members;

(d) the consequences if the action proposed is not taken;

(e) the consequences if the action proposed is taken; and

(f) other relevant factors.

~~(4)~~*(5)* "Ward" means a person for whom a guardian has been appointed. A "minor ward" is a minor for whom a guardian has been appointed solely because of minority."

Section 2. Section 72-5-321, MCA, is amended to read:

"72-5-321. Powers and duties of guardian of incapacitated person. (1) The powers and duties of a limited guardian are those specified in the order appointing the guardian. The limited guardian is required to report the condition of the incapacitated person and of the estate that has been subject to the guardian's possession and control, as required by the court or by court rule.

(2) A full guardian of an incapacitated person has the same powers, rights, and duties respecting the ward that a parent has respecting an unemancipated minor child, except that a guardian is not liable to third persons for acts of the ward solely by reason of the parental relationship. In particular and without qualifying the foregoing, a full guardian has the following powers and duties, except as limited by order of the court:

(a) To the extent that it is consistent with the terms of any order by a court of competent jurisdiction relating to detention or commitment of the ward, the full guardian is entitled to custody of the person of the ward and may establish the ward's place of residence within or outside of this state.

(b) If entitled to custody of the ward, the full guardian shall make provision for the care, comfort, and maintenance of the ward and whenever appropriate arrange for the ward's training and education. Without regard to custodial rights of the ward's person, the full guardian shall take reasonable care of the ward's clothing, furniture, vehicles, and other personal effects and commence protective proceedings if other property of the ward is in need of protection.

(c) A full guardian may give any consents or approvals that may be necessary to enable the ward to receive medical or other professional care, counsel, treatment, or service. This subsection (2)(c) does not authorize a full guardian to consent to the withholding or withdrawal of life-sustaining treatment or to a do not resuscitate order if the full guardian does not have authority to consent pursuant to the Montana Rights of the Terminally Ill Act, Title 50, chapter 9, or to the do not resuscitate provisions of Title 50, chapter 10. A full guardian may petition the court for authority to consent to the withholding or withdrawal of life-sustaining treatment or to a do not resuscitate order. The court may *not* grant that authority ~~only upon finding that consent to the withholding or withdrawal of life-sustaining treatment or the do not resuscitate order is consistent~~ *if it conflicts* with the ward's wishes to the extent that those wishes can be determined. *To determine the ward's wishes, the court shall determine by a preponderance of evidence if the ward's substituted judgment, as applied to the ward's current circumstances, conflicts with the withholding or withdrawal of life-sustaining treatment or a do not resuscitate order.*

(d) If a conservator for the estate of the ward has not been appointed, a full guardian may:

(i) institute proceedings to compel any person under a duty to support the ward or to pay sums for the welfare of the ward to perform that person's duty;

(ii) receive money and tangible property deliverable to the ward and apply the money and property for support, care, and education of the ward. However, the full guardian may not use funds from the ward's estate for room and board that the full guardian, the full guardian's spouse, parent, or child has furnished the ward unless a charge for the service is approved by order of the court made upon notice to at least one of the next of kin of the incompetent ward, if notice is possible. The full guardian must exercise care to conserve any excess for the ward's needs.

(e) Unless waived by the court, a full guardian is required to report the condition of the ward and of the estate which has been subject to the full guardian's possession or control annually for the preceding year. A copy of the report must be served upon the ward's parent, child, or sibling if that person has made an effective request under 72-5-318.

(f) If a conservator has been appointed, all of the ward's estate received by the full guardian in excess of those funds expended to meet current expenses for support, care, and education of the ward must be paid to the conservator for management as provided in this chapter, and the full guardian must account to the conservator for funds expended.

(3) Upon failure, as determined by the clerk of court, of the guardian to file an annual report, the court shall order the guardian to file the report and give good cause for the guardian's failure to file a timely report.

(4) Any full guardian of one for whom a conservator also has been appointed shall control the custody and care of the ward. A limited guardian of a person for whom a conservator has been appointed shall control those aspects of the

custody and care of the ward over which the limited guardian is given authority by the order establishing the limited guardianship. The full guardian or limited guardian is entitled to receive reasonable sums for the guardian's services and for room and board furnished to the ward as agreed upon between the guardian and the conservator, provided the amounts agreed upon are reasonable under the circumstances. The full guardian or limited guardian authorized to oversee the incapacitated person's care may request the conservator to expend the ward's estate by payment to third persons or institutions for the ward's care and maintenance.

(5) A full guardian or limited guardian may not involuntarily commit for mental health treatment or for treatment of a developmental disability or for observation or evaluation a ward who is unwilling or unable to give informed consent to commitment, except as provided in 72-5-322, unless the procedures for involuntary commitment set forth in Title 53, chapters 20 and 21, are followed. This chapter does not abrogate any of the rights of mentally disabled persons provided for in Title 53, chapters 20 and 21.

(6) Upon the death of a full guardian's or limited guardian's ward, the full guardian or limited guardian, upon an order of the court and if there is no personal representative authorized to do so, may make necessary arrangements for the removal, transportation, and final disposition of the ward's physical remains, including burial, entombment, or cremation, and for the receipt and disposition of the ward's clothing, furniture, and other personal effects that may be in the possession of the person in charge of the ward's care, comfort, and maintenance at the time of the ward's death."

WHEREAS, it is in the public interest to promote the mental health and well-being of emergency responders and to protect their ability to cope with abnormally tragic events.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 5] may be cited as the "Critical Incident Stress Management Act".

Section 2. Policy. In order to promote the resiliency and well-being of Montana emergency service providers, it is the policy of the state of Montana to encourage the practice of critical incident stress management.

Section 3. Purpose. (1) It is the purpose of [sections 1 through 5] to recognize the importance of critical incident stress management and to protect the integrity of the critical incident stress management process.

(2) The legislature finds that, in some cases of dealing with extreme psychological stress or trauma that has resulted from a response to a critical incident, the privacy of the emergency service provider exceeds the merits of public disclosure.

Section 4. Definitions. As used in [sections 1 through 5], the following definitions apply:

(1) "Critical incident" means an event that results in acute or cumulative psychological stress or trauma to an emergency service provider as a result of response to the incident.

(2) "Critical incident stress" means an unusually strong emotional, cognitive, or physical reaction that has the potential to interfere with normal functioning and that results from the response to a critical incident. This may include but is not limited to physical and emotional illness, failure of usual coping mechanisms, loss of interest in the job, personality changes, or loss of ability to function.

(3) "Critical incident stress management" means a process of crisis intervention designed to assist emergency service personnel in coping with the psychological trauma resulting from response to a critical incident.

(4) "Critical incident stress management and response services" means consultation, counseling, debriefing, defusing, intervention services, management, prevention, and referral provided by a critical incident stress management team member to emergency service personnel.

(7) "Emergency service provider" or "emergency service personnel" means a law enforcement officer, firefighter, emergency medical service provider, dispatcher, rescue service provider, or other personnel who provide emergency response services.

Section 5. Critical incident meetings closed — confidentiality — exceptions. (1) To protect the privacy rights of an emergency service provider in receiving critical incident stress management and response services, critical incident stress management debriefing meetings and other critical incident stress management and response services meetings are closed to the general public and may be closed to anyone who was not directly involved in the critical incident that is the subject of the meeting.

(2) Any information divulged to the team during the provision of critical incident stress management and response services must be kept confidential and may not be disclosed to a third party or in a criminal, civil, or administrative proceeding, unless the merits of disclosure exceed the demands of an individual's privacy. Records kept by critical incident stress management team members are not subject to subpoena, discovery, or introduction into evidence in a criminal, civil, or administrative action.

(3) The confidentiality privilege provided in subsections (1) and (2) does not apply:

(a) for the appropriate referral to or consultation with other critical incident stress management team members or related qualified professionals;

(b) if the emergency service provider conveys that the provider is an imminent threat to the provider or anyone else or if the provider appears to be an imminent threat to the provider or anyone else;

(c) if the emergency services provider divulges information regarding a past, present, or future criminal act that does not involve the critical incident;

(d) if the emergency service provider or the provider's legal guardian gives consent;

(t) (i) offer a program where a Montana motorsports dealer would be eligible for a benefit or advantage that lowers the actual price of a motorsports vehicle, part, or accessory only if the motorsports dealer purchases from the motorsports manufacturer a quantity of motorsports vehicles, parts, or accessories as determined by the motorsports manufacturer unless:

(A) the motorsports dealer agrees in writing to the quantity of motorsports vehicles, parts, or accessories to be purchased as determined by the motorsports manufacturer; or

(B) the quantity determined by the motorsports manufacturer for each motorsports dealer is reasonable, fair, and equitable based upon the motorsports dealer's purchase history, the history of motorsports sales in the motorsports dealer's community, the motorsports dealer's present inventory of similar motorsports vehicles, parts, and accessories, the market conditions as of the effective date of the offer, and all other factors that are brought to the attention of the motorsports manufacturer by the motorsports dealer. For each offer to which this subsection (1)(t) applies the motorsports manufacturer shall, if requested, provide the motorsports dealer with a statement in writing specifying the sales goal or objective relating to the offer for each of the motorsports manufacturer's Montana motorsports dealers, identifying each factor that was considered in determining each Montana motorsports dealer's sales goal and objective and explaining how each factor was evaluated and applied in determining the sales goal or objective for each Montana motorsports dealer.

(u) refuse to allocate, sell, or deliver motorsports vehicles, may not charge back or withhold payments or other things of value for which the motorsports dealer is otherwise eligible under a sales promotion, program, or contest, and may not prevent the motorsports dealer from participating in any promotion, program, or contest based on the motorsports dealer's selling of a motorsports vehicle to a customer who was present at the dealership if the motorsports dealer did not know or could not have reasonably known that the motorsports vehicle would be shipped to a foreign country. There is a rebuttable presumption that the motorsports dealer did not know or could not have reasonably known that the motorsports vehicle would be shipped to a foreign country if the motorsports vehicle is titled in the United States.

(2) (a) Subsection (1)(a) does not apply to a sale to a motorsports dealer for resale to a federal, state, or local governmental agency if:

(i) the motorsports vehicle will be sold or donated for use in a program of driver's education;

(ii) the sale is made under a manufacturer's bona fide fleet vehicle discount program; or

(iii) the sale is made under a volume discount program that is uniformly available to all the motorsports dealers of a motorsports manufacturer.

(b) Subsection (1)(a) does not apply to sales to a motorsports dealer pursuant to a motorsports manufacturer's promotional or incentive program under which eligibility for any benefit or advantage that would reduce the actual price of motorsports products to a motorsports dealer is determined based on the motorsports dealer meeting any sales goals or objectives if the motorsports dealer agrees in writing with the sales goals or objectives or the sales goals or objectives are reasonable, fair, and equitable and meet all of the requirements of subsection (1)(t)."

Section 4. Section 30-14-2503, MCA, is amended to read:

~~(3) The proper place for trial of an action based on a claim of a violation of 30-14-2502 is the district court for Lewis and Clark County or the county in which the alleged violation occurred.~~

(3) A violation of 30-14-2502 also constitutes a violation of 30-14-103, and the department may bring an action to restrain any unlawful act pursuant to the provisions of 30-14-111."

[SB 136]

AN ACT CLARIFYING THE EXCEPTION TO AN ORDER ESTABLISHING TEMPORARY OR PERMANENT OIL AND GAS WELL SPACING UNITS; AMENDING SECTION 82-11-201, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-11-201, MCA, is amended to read:

"82-11-201. Establishment of well spacing units. (1) To prevent or to assist in preventing waste of oil or gas prohibited by this chapter, to avoid the drilling of unnecessary wells, or to protect correlative rights, the board, upon its

own motion or upon application of an interested person, after hearing, may by order establish:

(a) temporary spacing units on a statewide basis or for defined areas within the state for oil, gas, or oil and gas wells drilled to varying depths; and

(b) permanent spacing units for a discovered pool, except in those pools that, prior to April 1, 1953, have been developed to such an extent that it would be impracticable or unreasonable to establish spacing units at the existing stage of development.

(2) The size and the shape of temporary spacing units must be established to promote the orderly development of unproven areas and must be uniform throughout the surface area and depths covered by the unit. A temporary spacing unit must remain in effect until superseded by an order issued by the board or until a permanent spacing unit is established.

(3) Permanent spacing units do not need to be uniform in size or shape but must result in the efficient and economic development of the pool as a whole. In establishing permanent spacing units, the acreage to be embraced within a unit and the shape of the unit must be determined by the board based upon evidence introduced at the hearing. The board may divide a pool into zones and establish spacing units for each zone if necessary for a purpose mentioned in subsection (1) or to facilitate production through the use of innovative drilling and completion methods. The spacing units within the zone may differ in size and shape from spacing units in any other zone but may not be smaller than the maximum area that can be efficiently and economically drained by one well.

(4) An order establishing temporary or permanent spacing units may permit only one well to be drilled and produced from the common source of supply on any spacing unit~~,~~. ~~and the~~ *The* well must be drilled at a location authorized by the order, with an exception as may be reasonably necessary. The *well location* exception may be included *in the request to establish permanent or temporary spacing units* if, upon application, notice, and hearing, the board finds that the spacing unit is located on the edge of a pool or field and adjacent to a producing unit or, for some other reason, that the requirement to drill the well at the authorized location on the spacing unit would be inequitable or unreasonable. The board shall take action to offset any advantage that the person securing the exception may have over other producers by reason of drilling the well as an exception. The order must include provisions to prevent production from the spacing unit from being more than its just and equitable share of the producible oil and gas in the pool.

(5) An order establishing temporary or permanent spacing units for a pool must cover all lands determined or believed to be underlaid by the pool and may be modified after notice and hearing by the board to include additional areas subsequently determined to be underlaid by the pool.

(6) The board, upon application, notice, and hearing, may increase or decrease the size of a temporary or permanent spacing unit or permit the drilling of additional wells in a spacing unit for a purpose mentioned in subsection (1)."

AN ACT BANNING THE SALE OF PHOSPHORUS-CONTAINING HOUSEHOLD CLEANING PRODUCTS IN CERTAIN COUNTIES FOR WATER QUALITY REASONS; PROVIDING FOR ENFORCEMENT; AMENDING SECTION 75-7-411, MCA; AND PROVIDING A DELAYED EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 5] may be cited as the "Phosphorus Ban Act".

Section 2. Findings — purpose. (1) The legislature finds that:

(a) high levels of phosphorus in water bodies results in heavy growths of algae;

(b) excessive algae growth degrades aquatic habitats, decreases diversity in aquatic invertebrate communities, and places stress on native fish populations;

(c) municipal wastewater treatment plants and individual septic systems are sources of phosphorus, an ingredient in many household cleaning products; and

(d) Montana has adopted numeric water quality standards for phosphorus.

(2) Consistent with the policy established in 75-5-101 to conserve water by protecting, maintaining, and improving the quality and potability of water for public water supplies, wildlife, fish and aquatic life, agriculture, industry, recreation, and other beneficial uses, the purpose of [sections 1 through 5] is to limit the introduction of phosphorus into water bodies from municipal point source discharges or the cumulative effect of individual septic system discharges.

Section 3. Definitions. As used in [sections 1 through 5], the following definitions apply:

(1) "Commercial establishment" means any premises used for the purpose of carrying on or exercising any trade, business, profession, vocation, or commercial or charitable activity, including but not limited to laundries, hospitals, hotels, motels, and food or restaurant establishments.

(2) (a) "Household cleaning product" means any product, including but not limited to soaps and detergents, used for domestic cleaning purposes, which include but are not limited to the cleaning of fabrics, dishes, food utensils, and household premises.

(b) The term does not mean food, drugs, cosmetics, or personal care items such as toothpaste, shampoo, or hand soap.

(3) "Phosphorus" means the element phosphorus as indicated in the periodic table of elements.

(4) "Trace quantity" means an incidental amount of phosphorus that is not part of a household cleaning product formulation, that is present only as a consequence of manufacturing, and that does not exceed 0.5% of the content of the product by weight expressed as the element phosphorus.

Section 4. Applicability to counties — notification. (1) The provisions of [section 5] apply to counties where one or more surface water bodies exceed

the numeric algal biomass or total phosphorus standards adopted pursuant to 75-5-301.

(2) The department shall notify counties that meet the provisions of subsection (1) that they are subject to the provisions of [section 5].

(3) The governing body of a county that does not meet the provisions of subsection (1) may adopt an ordinance pursuant to Title 75, chapter 7, part 4.

Section 5. Prohibitions and exceptions. (1) In counties that meet the requirements of [section 4], a household cleaning product may not be distributed, sold, offered, or exposed for sale if it contains phosphorus in concentrations in excess of a trace quantity.

(2) The following cleaning agents and other products containing phosphorus are exempt from the provisions of this section:

(a) those used in food or beverage processing;

(b) those used by health care services and facilities;

(c) those used by institutional or commercial establishments;

(d) those used for industrial processes; and

(e) those used for agricultural operations.

Section 6. Section 75-7-411, MCA, is amended to read:

"75-7-411. County regulation of sale and distribution of certain phosphorus compounds. (1) The governing body of a county may adopt, through the procedures of 7-5-103 through 7-5-107, an ordinance prohibiting the sale and distribution of certain phosphorus compounds used for cleaning purposes. The governing body may rescind, modify, or repeal the ordinance at any time by use of the same procedures.

(2) An ordinance prohibiting the sale and distribution of certain phosphorus compounds used for cleaning purposes may be adopted only if:

(a) the county has a natural lake, whether or not it is fitted with a dam, for which the department of environmental quality or the governing body of the county has determined that eutrophication enhanced by human activity is occurring and that phosphorus is the limiting factor; and

(b) other efforts are being undertaken in the county to reduce the amount of phosphorus entering surface waters.

(3) Any ordinance adopted by the governing body of a county must contain standards designated by the model rule adopted by the department of environmental quality under 75-7-401 and in effect at the time of the adoption of the county ordinance.

(4) Any ordinance adopted by the governing body of a county must be enforced by the county.

(5) The provisions of this part do not apply to counties where the sale of phosphorus-containing household cleaning products is banned pursuant to [sections 4 and 5]."

Section 7. Codification instruction. [Sections 1 through 5] are intended to be codified as an integral part of Title 75, chapter 5, and the provisions of Title 75, chapter 5, apply to [sections 1 through 5].

Section 8. Effective date. [This act] is effective July 1, 2010.

Section 4. Section 85-2-309, MCA, is amended to read:

"85-2-309. Hearings on objections — jurisdiction. (1) If the department determines that an objection to an application for a permit *under 85-2-311* or change ~~approval~~ *in appropriation right* under 85-2-402 states a valid objection, it shall hold a ~~contested case hearing, pursuant to Title 2, chapter 4, part 6, on the objection within 60 days from the date set by the department for the filing of objections,~~ *contested case hearing, pursuant to Title 2, chapter 4, part 6, on the objection within 90 days from the date set by the department for the filing of objections* after serving notice of the hearing by first-class mail upon the applicant and the objector, unless the department certifies an issue to the district court for determination by a water judge under subsection (2). The department may consolidate hearings if more than one objection is filed to an application. *The department may extend the 90-day deadline for good cause shown or upon request of the applicant and all objectors.* The department shall file in its records proof of the service by affidavit of the department.

(2) (a) At any time prior to commencement or before the conclusion of a hearing as provided in subsection (1), the department may in its discretion certify to the district court all factual and legal issues involving the adjudication or determination of the water rights at issue in the hearing, including but not limited to issues of abandonment, quantification, or relative priority dates. Certified controversies must be given priority by a water judge over all other adjudication matters.

(b) If the department fails to certify an issue as provided in this section after a timely request by a party to the hearing, the department shall include its denial to certify as part of the record of the hearing.

(c) Upon determination of the issues certified to it by the department, the court shall remand the matter to the department for further processing of the application under this chapter.

(3) Subsection (2) does not apply in the case of a matter considered at a hearing under this section pursuant to 85-2-316 or 85-2-322."

Section 5. Section 85-2-310, MCA, is amended to read:

"85-2-310. Action on application for permit or change in appropriation right. (1) *(a)* ~~The department shall grant, deny, or condition an application for a permit or change in appropriation right in whole or in part within 120 days after the last date of publication of the notice of application if no objections have been received and within 180 days if a hearing is held or objections have been received. However, in either case the time may be extended upon agreement of the applicant or, in those cases where an environmental impact statement must be prepared or in other extraordinary cases, may be extended by not more than 60 days upon order of the department. If the department orders the time extended, it shall serve a notice of the extension and the reasons for the extension by first-class mail upon the applicant and each person who has filed an objection as provided by 85-2-308.~~ *If the department proposes to deny an application for a permit or a change in appropriation right under 85-2-307, unless the applicant withdraws the application, the department shall hold a hearing pursuant to 2-4-604 after serving notice of the hearing by first-class mail upon the applicant for the applicant to show cause by a preponderance of the evidence as to why the permit or change in appropriation right should not be denied.*

(b) (i) Upon request from the applicant, the department shall appoint a hearing examiner who did not participate in the preliminary determination.

(ii) The applicant may make only one request pursuant to this subsection (1)(b) for a different hearing examiner.

(2) A proposal to grant an application with or without conditions following a hearing on a proposal to deny the application must proceed as if the department proposed to grant the application in its preliminary determination pursuant to 85-2-307.

(3) If valid objections are not received on an application or if valid objections are unconditionally withdrawn and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right as proposed in the preliminary determination pursuant to 85-2-307.

(4) If valid objections to an application are received and withdrawn with conditions stipulated with the applicant and the department preliminarily determined to grant the permit or change in appropriation right, the department shall grant the permit or change in appropriation right subject to conditions as necessary to satisfy applicable criteria.

(5) The department shall deny or grant with or without conditions a permit under 85-2-311 or a change in appropriation right under 85-2-402 within 90 days after the administrative record is closed.

~~(2)~~*(6)* If an application is to appropriate water with a point of diversion, conveyance, or place of use on national forest system lands, any application approved by the department is subject to any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation,

withdrawal, use, or distribution of the water applied for and any terms, conditions, and limitations related to the use of water contained in any special use authorization required by federal law.

~~(3)~~*(7)* Except as provided in subsection ~~(2)~~ *(6)*, an application may not be denied or approved in a modified form or upon terms, conditions, or limitations specified by the department~~,~~ unless the applicant is first granted an opportunity to be heard. If an objection is not filed against the application but the department is of the opinion that the application should be denied or approved in a modified form or upon terms, conditions, or limitations specified by it, the department shall prepare a statement of its opinion and its reasons for the opinion. The department shall serve a statement of its opinion by first-class mail upon the applicant, with a notice that the applicant may obtain a hearing by filing a request within 30 days after the notice is mailed. The notice must further state that the application will be modified in a specified manner or denied unless a hearing is requested.

~~(4)~~*(8)* The department may cease action upon an application for a permit or change in appropriation right and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for either of these reasons must be accompanied by a statement of the reasons for which it was returned, and for a permit application there is not a right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection is a final decision of the department.

~~(5)~~*(9)* For all applications filed after July 1, 1973, the department shall find that an application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use if:

(b) the appropriate filing fee is not paid;

(c) the application does not document:

The project plan must include a reasonable timeline for the completion of the project and the actual application of the water to a beneficial use.

(iv) for appropriations not covered in subsection ~~(4)(c)(iii)~~ *(9)(c)(iii)*, a general project plan stating when and how much water will be put to a beneficial use; and

(v) if the water applied for is to be appropriated above that which will be used solely by the applicant or if it will be marketed by the applicant to other users, information detailing:

(A) each person who will use the water and the amount of water each person will use;

(B) the proposed place of use of all water by each person;

(C) the nature of the relationship between the applicant and each person using the water; and

(D) each firm contractual agreement for the specified amount of water for each person using the water; or

(d) the appropriate environmental impact statement costs or fees, if any, are not paid as required by 85-2-124."

"85-2-401. Priority — recognition and confirmation of changes in appropriations issued after July 1, 1973. (1) As between appropriators, the first in time is the first in right. Priority of appropriation does not include the right to prevent changes by later appropriators in the condition of water occurrence, such as the increase or decrease of streamflow or the lowering of a water table, artesian pressure, or water level, if the prior appropriator can reasonably exercise the water right under the changed conditions.

(2) Priority of appropriation made under this chapter dates from the filing of an application for a permit with the department, except as otherwise provided in 85-2-301 through 85-2-303, 85-2-306, ~~85-2-310(4)~~ *85-2-310(8)*, and 85-2-313.

(f) the diversion and ultimate use of the water are in the public interest of Montana; and

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-8-347, MCA, is amended to read:

"61-8-347. Obedience to signal indicating approach of train *or other on-track equipment*. (1) When a person operating a vehicle approaches a railroad crossing under any of the circumstances stated in this section, the operator of the vehicle shall stop as close as practicable but not less than 15 feet from the nearest rail of the railroad and may not proceed until the operator can do so safely. These requirements apply when:

(a) a clearly visible electric or mechanical signal device gives warning of the presence or immediate approach of a railroad train *or other on-track equipment*;

(b) a crossing gate is lowered or when a flag person gives a signal of the approach or passage of a railroad train *or other on-track equipment*;

(c) a railroad train approaching within approximately 1,500 feet of the crossing emits a signal audible from that distance, except at crossings within quiet zones established under 69-14-620, indicating that the train is an immediate hazard because of its speed or nearness to the crossing; or

(d) an approaching railroad train *or other on-track equipment* is plainly visible and is in hazardous proximity to the crossing.

(2) A person may not operate a vehicle through, around, or under any crossing gate or barrier at a railroad grade crossing while the gate or barrier is closed or is being opened or closed."

Section 2. Section 61-8-348, MCA, is amended to read:

"61-8-348. All vehicles to stop at certain railroad grade crossings. (1) The department of transportation and local authorities in their respective jurisdictions may designate particularly dangerous highway grade crossings of railroads and erect stop signs at these crossings. Where these stop signs are erected, the operator of a vehicle shall stop as close as practicable but not less than 15 feet from the nearest rail of the railroad and may proceed only upon exercising due care.

(2) The operator of a vehicle upon a highway outside of the limits of an incorporated city or town who is approaching a highway grade crossing where a flag person or a mechanical device is not in place or maintained to warn the

public of approaching trains *or other on-track equipment* shall, before crossing the railroad tracks, stop the vehicle as close as practicable but not less than 15 feet from the nearest rail if:

(a) a curve in the tracks or vegetation or some other feature or characteristic obscures the view of approaching trains *or other on-track equipment*; or

(b) a moving train *or other on-track equipment* is within sight or hearing."

Section 3. Section 61-8-349, MCA, is amended to read:

"61-8-349. Certain vehicles to stop at all railroad grade crossings. After stopping as required in this section and upon proceeding when it is safe to do so, the operator of a vehicle may cross only in a gear of the vehicle that requires no changing gears while traversing the crossing. The operator may not shift gears while crossing the track or tracks.

(b) A stop is not required at a crossing where a police officer, highway patrol officer, or official traffic control device directs traffic to proceed.

(2) As used in this section, "official traffic control device" does not include a railroad grade crossing signal."

(b) a vertical body or load clearance measured above the surface of the roadway of:

(i) less than one-half inch for each foot of the distance between any two adjacent axles; or

(ii) at least 9 inches.

(2) Notice of an intended crossing must be given to a representative of the railroad and reasonable time must be given to the railroad to provide proper protection at the crossing.

CHAPTER NO. 266

[SB 71]

AN ACT REVISING STATE REMEDIATION LAWS; ALLOWING REIMBURSEMENT OF CLAIMS FROM A LEAD LIABLE PERSON UPON COMPLETION AND APPROVAL OF CERTAIN REPORTS; CLARIFYING

THE DEPARTMENT'S RESPONSIBILITY TO IDENTIFY PERSONS LIABLE FOR A RELEASE OR THREATENED RELEASE; AND AMENDING SECTIONS 75-10-743 AND 75-10-745, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 75-10-743, MCA, is amended to read:

"75-10-743. Orphan share state special revenue account — reimbursement of claims — payment of department costs. (1) There is an orphan share account in the state special revenue fund established in 17-2-102 that is to be administered by the department. Money in the account is available to the department by appropriation and, except as provided in subsections (9) and (10), must be used to reimburse remedial action costs claimed pursuant to 75-10-742 through 75-10-751 and to pay costs incurred by the department in defending the orphan share.

(2) There must be deposited in the orphan share account:

(a) all penalties assessed pursuant to 75-10-750(12);

(b) funds received from the distribution of oil and natural gas production taxes pursuant to 15-36-331;

(c) unencumbered funds remaining in the abandoned mines state special revenue account;

(d) interest income on the account;

(e) funds received from settlements pursuant to 75-10-719(7); and

(f) funds received from reimbursement of the department's orphan share defense costs pursuant to subsection (6).

(3) If the orphan share fund contains sufficient money, valid claims must be reimbursed subsequently in the order in which they were received by the department. If the orphan share fund does not contain sufficient money to reimburse claims for completed remedial actions, a reimbursement may not be made and the orphan share fund, the department, and the state are not liable for making any reimbursement for the costs. The department and the state are not liable for any penalties if the orphan share fund does not contain sufficient money to reimburse claims, and interest may not accrue on outstanding claims.

(4) Except as provided in subsections (6) and (7), claims may not be submitted and remedial action costs may not be reimbursed from the orphan share fund until all remedial actions, except for operation and maintenance, are completed at a facility.

(5) Except as provided in subsection (6), reimbursement from the orphan share fund must be limited to actual documented remedial action costs incurred after the date of a petition provided for in 75-10-745. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs.

(6) (a) The department's costs incurred in defending the orphan share must be paid by the persons participating in the allocation under 75-10-742 through 75-10-751 in proportion to their allocated shares. The orphan share fund is responsible for a portion of the department's costs incurred in defending the orphan share in proportion to the orphan share's allocated share, as follows:

(i) If sufficient funds are available in the orphan share fund, the department's costs incurred in defending the orphan share must be paid from the orphan share fund in proportion to the share of liability allocated to the orphan share.

(ii) If sufficient funds are not available in the orphan share fund, persons participating in the allocation under 75-10-742 through 75-10-751 shall pay all the orphan share's allocated share of the department's costs incurred in defending the orphan share in proportion to each person's allocated share of liability.

(b) A person who pays the orphan share's proportional share of costs has a claim against the orphan share fund and must be reimbursed as provided in subsection (3).

(c) A state agency that is liable for remedial action costs incurred has a claim against the orphan share fund and must be reimbursed as provided in subsection (3). The agency may submit a claim before or after remedial action is complete. Reimbursement may not be made for attorney fees, legal costs, or operation and maintenance costs. The agency may be reimbursed only after:

(i) its liability has been determined pursuant to 75-10-742 through 75-10-751 or by a court of competent jurisdiction;

(ii) it has received a notice letter pursuant to 75-10-711; and

(iii) the department has approved the costs.

(7) *(a)* If the lead liable person under 75-10-746 presents evidence to the department that the person cannot complete the remedial actions without partial reimbursement and that a delay in reimbursement will cause undue financial hardship on the person, the department may allow the submission of claims and may reimburse the claims prior to the completion of all remedial actions. A person is not eligible for early reimbursement unless the person is in substantial compliance with all department-approved remedial action plans.

(b) The department may reimburse claims from a lead liable person upon completion and department approval of a report evaluating the nature and extent of contamination and a report formulating and evaluating final remediation alternatives. This early reimbursement is limited to those eligible costs incurred by the lead liable person for the preparation of the reports.

(8) A person participating in the allocation process who received funds under the mixed funding pilot program provided for in sections 14 through 20, Chapter 584, Laws of 1995, may not claim or receive reimbursement from the orphan share fund for the amount of funds received under the mixed funding pilot program that are later attributed to the orphan share under the allocation process.

(9) (a) For the biennium beginning July 1, 2005, up to $1.25 million may be used by the department to pay the costs incurred by the department in contracting for evaluating the extent of contamination and formulating final remediation alternatives for releases at the Kalispell pole and timber, reliance refinery company, and Yale oil corporation facility complex. If the department spends less than $1.25 million for those purposes, the remaining funds must be spent for remediation of the facility complex. The department may not seek recovery of the $1.25 million from potentially liable persons.

(b) The money spent pursuant to subsection (9)(a) must be credited against the amount owed by the state agency in a judgment or settlement agreement for payment of the remedial action costs at the facility for which the money was spent.

~~(c) The department shall consult with the noticed potentially liable persons regarding contractor selection and determination of the scope of the work for contract tasks. The department shall also provide the noticed potentially liable~~

~~persons with contract performance updates and shall consult with the noticed potentially liable persons regarding expenses and progress on contract tasks.~~

~~(d) The department shall contract for the compilation, assessment, and summarization of the existing data pertaining to the complex described in subsection (9)(a), for recommendations for and conducting of additional investigations and studies necessary to develop remediation alternatives, and for development and assessment of remediation alternatives.~~

~~(e) Unless the department is delayed by a challenge to a contracting action, multiple contractor selection processes, or other unanticipated circumstances, the activities authorized under subsection (9)(a) must meet the following schedule:~~

~~(i) Contracts for investigations and studies must be in place by August 31, 2005.~~

~~(ii) A summary of existing data must be prepared by December 31, 2005.~~

~~(iii) The contract or contract task order for investigations, studies, and development and evaluation of final remediation alternatives must be in place by April 30, 2006.~~

~~(iv) All intended field work must be completed by November 30, 2006, and to the extent that this field work indicates that followup is necessary, the followup field work must be completed as soon as possible or addressed in the report that must be submitted pursuant to subsection (9)(g).~~

~~(v) The contractor shall submit evaluations of the extent of contamination by October 31, 2006.~~

~~(vi) The contractor shall submit final remediation alternatives by July 31, 2007.~~

~~(f) The department shall report to the environmental quality council quarterly during calendar years 2005, 2006, and 2007 regarding the progress being made to meet the requirements of subsection (9)(e). The report must include information on expenditures.~~

~~(g) If investigations completed under this subsection (9) indicate the need for additional information or for pilot tests and other related remedial action process activities, the department shall prepare a report identifying the rationale and estimated costs for additional work and present it to the environmental quality council during the spring of 2007.~~

~~(h) The department shall provide to the environmental quality council copies of investigations and reports completed pursuant to subsection (9)(d).~~

(10) (a) ~~Beginning in the fiscal year that commences July 1, 2005, the~~ *The* department shall transfer from the orphan share account to the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 $1.2 million in each fiscal year until the board of investments makes the certification pursuant to subsection (10)(b) of this section.

(b) (i) The board of investments shall monitor the long-term or perpetual water treatment permanent trust fund provided for in 82-4-367 to determine when the amount of money in the long-term or perpetual water treatment permanent trust fund will be sufficient, with future earnings, to provide a fund balance of $19.3 million on January 1, 2018.

(ii) When the board of investments makes the determination pursuant to subsection (10)(b)(i), the board of investments shall notify the department and certify to the department the amount of money, if any, that must be transferred

during the fiscal year in which the board of investments makes its determination pursuant to subsection (10)(b)(i) in order to provide a fund balance of $19.3 million on January 1, 2018.

(iii) In the fiscal year that the board of investments makes its determination and notifies the department, the department shall transfer only the amount certified by the board of investments, if any, and may not make additional transfers during subsequent fiscal years.

~~(11) For the biennium beginning July 1, 2007, the department shall transfer from the orphan share fund:~~

~~(a) $600,000 to the hazardous waste/CERCLA account provided for in 75-10-621 to provide for a positive account balance;~~

~~(b) $50,000 to the oil and gas production damage mitigation account pursuant to the conditions of 82-11-161 to provide for a positive account balance;~~

~~(c) $2 million to the environmental quality protection fund established in 75-10-704 to be used by the department to expedite the cleanup of the burlington northern Santa Fe Livingston site;~~

~~(d) $200,000 to the natural resources operations state special revenue account established in 15-38-301 to provide for a positive account balance; and~~

~~(e) $800,000 to the natural resources projects state special revenue account established in 15-38-302 to provide for a positive account balance.~~"

Section 2. Section 75-10-745, MCA, is amended to read:

"75-10-745. Allocation of liability — process initiation. (1) For a facility at which the department has initiated a remedial action under 75-10-711 through the issuance of a notice letter prior to July 1, 1997, any person determined to be potentially liable under 75-10-715 may petition the department in writing to initiate the allocation process. The right to participate in the allocation process is waived if the written petition is not provided to the department prior to the completion of remedial actions, except for operation and maintenance, at the facility.

(2) For a facility at which the department has not initiated a remedial action through the issuance of a notice letter under 75-10-711, any person potentially liable under 75-10-715 who has received approval of a voluntary cleanup plan under 75-10-730 through 75-10-738 may petition the department in writing to initiate the allocation process. The right to participate in the allocation process is waived if the written petition is not provided to the department prior to the completion of remedial actions, except for operation and maintenance, at the facility.

(3) For a facility at which the department initiates a remedial action through the issuance of a notice letter under 75-10-711 after July 1, 1997, any person potentially liable under 75-10-715 may petition the department in writing within 60 days of the date of the notice letter to initiate the allocation process. Any potentially liable person under 75-10-715 who does not provide a written petition to the department within this timeframe waives the right to participate in the allocation process and remains liable as provided in 75-10-715. The notice letter sent by the department must advise that a failure to petition the department for allocation as provided in this subsection will result in a waiver of the right to participate in the allocation process.

(4) The allocation process may be initiated and may proceed upon written petition of one or more potentially liable persons.

(5) Prior to the initiation of discovery as provided in 75-10-747, all persons who participate in the allocation process shall agree in writing that the allocator's decision is binding, subject only to the provisions of 75-10-750(9) and the appeal provisions of 75-10-751.

(6) All liable or potentially liable persons under 75-10-715 who do not participate in the allocation process under 75-10-742 through 75-10-751 remain liable as provided in 75-10-715.

(7) Upon receipt of a written petition under subsection (1) or (2) or when initiating actions at a facility without a prior notice letter under subsection (3), the department shall:

~~(a) conduct a good faith investigation and may use its authority in 75-10-707 to identify persons who may be liable under 75-10-715; and~~

(a) make a diligent good faith effort to determine the identity of the person or persons liable for the release or threatened release; and

(b) issue notice letters to one or more of the persons it identifies as potentially liable under 75-10-715. If a person petitions the department to initiate the allocation process as provided for in subsection (8), the department shall issue notice letters or nomination letters pursuant to subsection (9) to the persons it identified as potentially liable under 75-10-715 who were not previously given notice.

(8) A person who receives a notice letter may, within 60 days from the date of the notice letter, petition the department in writing to participate in an allocation process and provide the department with the identity of other potentially liable persons under 75-10-715 who were not given notice by the department. When identifying additional potentially liable persons, the person given notice shall provide to the department a statement and credible evidence showing that there is a basis in law and fact to determine that the identified person is potentially liable under 75-10-715.

(9) Within 30 days of receipt of the information provided for in subsection (8), the department may issue a notice letter to an identified person whom the department determines is a potentially liable person under 75-10-715 or to a person whom the department identified in subsection (7) and who was not previously given notice. If the department does not issue a notice letter to an identified person, the department shall issue the person a nomination letter indicating that the person has been identified as potentially liable under 75-10-715. The nomination letter must state that the person has the right to participate in the allocation process and that if the person does not participate and is found liable, the person remains subject to liability as provided in 75-10-715. If the newly noticed or nominated person chooses to participate in the allocation process, the person shall provide a written petition of the person's intent to participate in the allocation process to the department within 30 days of the date of the notice or nomination letter. A failure to petition the department for allocation as provided in this subsection results in a waiver of the right to participate in the allocation process.

(10) If a person nominated under subsection (9) cannot be readily located, the department shall, within 30 days of receipt of the information provided for in subsection (8), publish one notice of the person's nomination, along with the information contained in a nomination letter under subsection (9), in a newspaper of general circulation in the county where all or a portion of the facility is located. The notice must state that the person has 30 days from the date of the notice to petition the department, in writing, to participate in the

allocation process. A failure to petition the department for allocation as provided in this subsection results in a waiver of the right to participate in the allocation process.

(11) If one or more potentially liable persons petition in writing for an allocation process under subsection (1), (2), or (3) and the department determines that the facility has a potential orphan share, the department shall:

(a) publish a notice and brief description of the facility in a newspaper of general circulation in the area affected and provide at least 30 days for submission of public comment on the identification of potentially liable persons under 75-10-715; and

(b) notify interested persons and the county commissioners of each county in which all or a portion of the facility is located and provide at least 30 days for submission of comments on the identification of potentially liable persons under 75-10-715.

(12) If a nominated person participates in the allocation and the person is assigned a zero share of liability by the allocator, that person's reasonable costs of participating in the allocation, including attorney fees, must be borne by the person who proposed the addition of the nominated person to the allocation.

(13) If the department anticipates that a facility may have an orphan share, the department shall represent the orphan share in the allocation process. If the state is a potentially liable person under 75-10-715, an agency or entity other than the department shall represent the state in the allocation process.

(14) Except as provided in subsection (15), whenever the department is involved in allocation processes on five facilities, other allocation processes may be stayed before the discovery stage provided in 75-10-747. Upon completion of an allocation provided in 75-10-750 or 75-10-751, execution of a stipulated agreement under 75-10-750, or a default to liability as provided in 75-10-715 for one of the five facilities, the department shall notify the potentially liable persons for the facility on the waiting list that has the earliest date of written petition. Discovery under 75-10-747 must begin within 10 days of department notification.

(15) A stay on the allocation process may not occur under subsection (14) if all persons participating in the allocation process agree in writing that there is no orphan share and that the state is not a potentially liable person under 75-10-715. The agreement is binding upon all noticed or nominated persons.

(16) If, after initiating the process, a potentially liable person elects to discontinue participation in the process, the person remains subject to liability as provided in 75-10-715."

Section 1. Section 75-5-103, MCA, is amended to read:

"75-5-103. Definitions. Unless the context requires otherwise, in this chapter, the following definitions apply:

(1) *(a) "Base numeric nutrient standards" means numeric water quality standards for nutrients in surface water that are adopted to protect the designated uses of a surface water body.*

(b) The term does not include numeric water quality standards for nitrate, nitrate plus nitrite, or nitrite that are adopted to protect human health.

(2) "Board" means the board of environmental review provided for in 2-15-3502.

~~(2)~~*(3)* "Contamination" means impairment of the quality of state waters by sewage, industrial wastes, or other wastes, creating a hazard to human health.

~~(3)~~*(4)* "Council" means the water pollution control advisory council provided for in 2-15-2107.

~~(4)~~*(5)* (a) "Currently available data" means data that is readily available to the department at the time a decision is made, including information supporting its previous lists of water bodies that are threatened or impaired.

(b) The term does not mean new data to be obtained as a result of department efforts.

~~(5)~~*(6)* "Degradation" means a change in water quality that lowers the quality of high-quality waters for a parameter. The term does not include those changes in water quality determined to be nonsignificant pursuant to 75-5-301(5)(c).

~~(6)~~*(7)* "Department" means the department of environmental quality provided for in 2-15-3501.

~~(7)~~*(8)* "Disposal system" means a system for disposing of sewage, industrial, or other wastes and includes sewage systems and treatment works.

~~(8)~~*(9)* "Effluent standard" means a restriction or prohibition on quantities, rates, and concentrations of chemical, physical, biological, and other constituents that are discharged into state waters.

~~(9)~~*(10)* "Existing uses" means those uses actually attained in state waters on or after July 1, 1971, whether or not those uses are included in the water quality standards.

~~(10)~~*(11)* "High-quality waters" means all state waters, except:

(a) ground water classified as of January 1, 1995, within the "III" or "IV" classifications established by the board's classification rules; and

(b) surface waters that:

(i) are not capable of supporting any one of the designated uses for their classification; or

(ii) have zero flow or surface expression for more than 270 days during most years.

~~(11)~~*(12)* "Impaired water body" means a water body or stream segment for which sufficient credible data shows that the water body or stream segment is failing to achieve compliance with applicable water quality standards.

~~(12)~~*(13)* "Industrial waste" means a waste substance from the process of business or industry or from the development of any natural resource, together with any sewage that may be present.

~~(13)~~*(14)* "Interested person" means a person who has a real property interest, a water right, or an economic interest that is or may be directly and adversely affected by the department's preliminary decision regarding degradation of state waters, pursuant to 75-5-303. ~~(15)~~*(16)* "Loading capacity" means the mass of a pollutant that a water body can assimilate without a violation of water quality standards. For pollutants that cannot be measured in terms of mass, it means the maximum change that can occur from the best practicable condition in a surface water without causing a violation of the surface water quality standards.

~~(16)~~*(17)* "Local department of health" means the staff, including health officers, employed by a county, city, city-county, or district board of health.

(b) A discharge, seepage, drainage, infiltration, or flow that is authorized under the pollution discharge permit rules of the board is not pollution under this chapter. (33) "Temporary nutrient criteria" means numeric permit limits for nutrients that are based on a determination that the base numeric nutrient standards cannot be achieved by a particular point source discharger due to economic impacts or the limits of technology.

~~(31)~~*(34)* "Threatened water body" means a water body or stream segment for which sufficient credible data and calculated increases in loads show that the

water body or stream segment is fully supporting its designated uses but threatened for a particular designated use because of:

(b) documented adverse pollution trends.

~~(32)~~*(35)* "Total maximum daily load" or "TMDL" means the sum of the individual waste load allocations for point sources and load allocations for both nonpoint sources and natural background sources established at a level necessary to achieve compliance with applicable surface water quality standards.

Section 2. Temporary nutrient criteria. (1) The department may, on a case-by-case basis, approve the use of temporary nutrient criteria in a discharge permit based upon adequate justification pursuant to subsection (2) that attainment of the base numeric nutrient standards is precluded due to economic impacts or the limits of technology.

(2) (a) The department, in consultation with the nutrient work group, shall develop guidelines to ensure that the economic impacts from base numeric nutrient standards on public and private systems are equally and adequately addressed. In developing those guidelines, the department and the nutrient work group shall consider economic impacts appropriate for application within Montana and may also consider relevant guidance of the United States environmental protection agency pertaining to analysis of economic impacts from water quality standards.

(b) In the event that economic impacts do not justify temporary nutrient criteria for a particular discharger, the department may approve temporary nutrient criteria based upon a finding that the limits of technology preclude the attainment of the base numeric nutrient standards. The department's determination that the limits of technology justify temporary nutrient criteria must be based on available and proven treatment technologies at the time the temporary nutrient criteria are approved.

(c) The department shall consult with the nutrient work group prior to recommending base numeric nutrient standards or criteria to the board and shall continue to consult with the nutrient work group in implementing temporary nutrient criteria.

(3) The department shall review each application for temporary nutrient criteria on a case-by-case basis to determine if there are reasonable alternatives, such as trading or permit compliance schedules, that preclude the need for the temporary criteria.

(4) (a) Temporary nutrient criteria approved by the department become effective and may be incorporated into a permit only after a public hearing and adoption by the department under the rulemaking procedures of Title 2, chapter 4, part 3.

(b) Temporary nutrient criteria may be established for a period not to exceed 20 years and must be reviewed by the department every 5 years from the date of adoption to ensure that the justification for their adoption is still valid.

(c) On or before July 1 of each year, the department, in consultation with the nutrient work group, shall report to the environmental quality council by providing a summary of the status of the base numeric nutrient standards, temporary nutrient criteria, and implementation of those criteria, including estimated economic impacts.

(d) On or before September 1 of each year preceding the convening of a regular session of the legislature, the department, in consultation with the nutrient work group, shall summarize the previous two reports provided in subsection (4)(c) to the environmental quality council in accordance with 5-11-210.

Section 3. Codification instruction. [Section 2] is intended to be codified as an integral part of Title 75, chapter 5, part 3, and the provisions of Title 75, chapter 5, part 3, apply to [section 2].

AN ACT REQUIRING A MENTAL EVALUATION OF CERTAIN CRIMINAL DEFENDANTS CLAIMING A MENTAL DISEASE OR DEFECT OR A DEVELOPMENTAL DISABILITY; AMENDING SECTIONS 46-14-311 AND 46-18-111, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 46-14-311, MCA, is amended to read:

"46-14-311. Consideration of mental disease or defect or developmental disability in sentencing. *(1)* Whenever a defendant is convicted on a verdict of guilty or a plea of guilty or nolo contendere and claims *at the time of the omnibus hearing held pursuant to 46-13-110 or, if no omnibus hearing is held, at the time of any change of plea by the defendant* that at the time of the commission of the offense of which convicted the defendant was suffering from a mental disease or defect or developmental disability that rendered the defendant unable to appreciate the criminality of the defendant's behavior or to conform the defendant's behavior to the requirements of law, the sentencing

court shall consider any relevant evidence presented at the trial and shall ~~require additional evidence that it considers necessary for the determination of the issue, including examination of the defendant and a report of the examination as provided in 46-14-202 and 46-14-206~~ *also consider the results of the presentence investigation required pursuant to subsection (2)*.

(2) Under the circumstances referred to in subsection (1), the sentencing court shall order a presentence investigation and a report on the investigation pursuant to 46-18-111. The investigation must include a mental evaluation by a person appointed by the director of the department of public health and human services or the director's designee. The evaluation must include an opinion as to whether the defendant suffered from a mental disease or defect or developmental disability with the effect as described in subsection (1). If the opinion concludes that the defendant did suffer from a mental disease or defect or developmental disability with the effect as described in subsection (1), the evaluation must also include a recommendation as to the care, custody, and treatment needs of the defendant."

Section 2. Section 46-18-111, MCA, is amended to read:

"46-18-111. Presentence investigation — when required. (1) *(a)* Upon the acceptance of a plea or upon a verdict or finding of guilty to one or more felony offenses, the district court shall direct the probation officer to make a presentence investigation and report. The district court shall consider the presentence investigation report prior to sentencing.

(b) If the defendant was convicted of an offense under 45-5-502, 45-5-503, 45-5-504, 45-5-505, 45-5-507, 45-5-625, 45-5-627, 45-5-601(3), 45-5-602(3), or 45-5-603(2)(c) or if the defendant was convicted under 46-23-507 and the offender was convicted of failure to register as a sexual offender pursuant to Title 46, chapter 23, part 5, the investigation must include a psychosexual evaluation of the defendant and a recommendation as to treatment of the defendant in the least restrictive environment, considering the risk the defendant presents to the community and the defendant's needs, unless the defendant was sentenced under 46-18-219. The evaluation must be completed by a sex offender therapist who is a member of the Montana sex offender treatment association or has comparable credentials acceptable to the department of labor and industry. The psychosexual evaluation must be made available to the county attorney's office, the defense attorney, the probation and parole officer, and the sentencing judge. All costs related to the evaluation must be paid by the defendant. If the defendant is determined by the district court to be indigent, all costs related to the evaluation are the responsibility of the district court and must be paid by the county or the state, or both, under Title 3, chapter 5, part 9.

(c) When, pursuant to 46-14-311, the court has ordered a presentence investigation and a report pursuant to this section, the mental evaluation required by 46-14-311 must be attached to the presentence investigation report and becomes part of the report. The report must be made available to persons and entities as provided in 46-18-113.

(2) The court shall order a presentence *investigation* report unless the court makes a finding that a report is unnecessary. Unless the court makes that finding, a defendant convicted of any offense not enumerated in subsection (1) that may result in incarceration for 1 year or more may not be sentenced before a written presentence investigation report by a probation and parole officer is presented to and considered by the district court. The district court may order a

presentence investigation for a defendant convicted of a misdemeanor only if the defendant was convicted of a misdemeanor that the state originally charged as a sexual or violent offense as defined in 46-23-502.

(3) The defendant shall pay to the department of corrections a $50 fee at the time that the report is completed, unless the court determines that the defendant is not able to pay the fee within a reasonable time. The fee may be retained by the department and used to finance contracts entered into under 53-1-203(5)."

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Applicability. [This act] applies to a defendant convicted on a verdict of guilty or a plea of guilty or nolo contendere on or after [the effective date of this act].

[SB 123]

AN ACT PROHIBITING THE USE OF AN AMENDED NOTICE OF PROPOSED RULEMAKING BY A STATE AGENCY TO CURE A DEFICIENCY IN A STATEMENT OF REASONABLE NECESSITY UNLESS CERTAIN CONDITIONS ARE MET; AMENDING SECTION 2-4-305, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-305, MCA, is amended to read:

"2-4-305. Requisites for validity — authority and statement of reasons. (1) The agency shall fully consider written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement the reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is printed in the register, the differences must be described in the statement of reasons for and against agency action. When written or oral submissions have not been received, an agency may omit the statement of reasons.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a

policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency's notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section and unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) *(a)* An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules.

(b) An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(c) If an agency uses an amended proposal notice to amend a statement of reasonable necessity for reasons other than for corrections in citations of authority, in citations of sections being implemented, or of a clerical nature, the agency shall allow additional time for oral or written comments from the same interested persons who were notified of the original proposal notice, including from a primary sponsor, if primary sponsor notification was required under 2-4-302, and from any other person who offered comments or appeared at a hearing already held on the proposed rule.

(9) If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, the proposal notice may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period

during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the committee's notification to the agency must be included in the committee's records."

Section 2. Effective date. [This act] is effective on passage and approval.

"33-22-1809. Restrictions relating to premium rates. (1) Premium rates for health benefit plans under this part are subject to the following provisions:

(a) The index rate for a rating period for any class of business may not exceed the index rate for any other class of business by more than 20%.

(b) For each class of business, the premium rates charged during a rating period to small employers with similar case characteristics for the same or similar coverage or the rates that could be charged to the employer under the rating system for that class of business may not vary from the index rate by more than 25% of the index rate.

(c) The percentage increase in the premium rate charged to a small employer for a new rating period may not exceed the sum of the following:

(i) the percentage change in the new business premium rate measured from the first day of the prior rating period to the first day of the new rating period; in the case of a health benefit plan into which the small employer carrier is no longer enrolling new small employers, the small employer carrier shall use the percentage change in the base premium rate, provided that the change does not exceed, on a percentage basis, the change in the new business premium rate for the most similar health benefit plan into which the small employer carrier is actively enrolling new small employers;

(ii) any adjustment, not to exceed 15% annually and adjusted pro rata for rating periods of less than 1 year, because of the claims experience, health status, or duration of coverage of the employees or dependents of the small employer, as determined from the small employer carrier's rate manual for the class of business; and

(iii) any adjustment because of a change in coverage or a change in the case characteristics of the small employer, as determined from the small employer carrier's rate manual for the class of business.

(f) A small employer carrier shall:

(i) apply rating factors, including case characteristics, consistently with respect to all small employers in a class of business. Rating factors must produce premiums for identical groups that differ only by the amounts attributable to plan design and that do not reflect differences because of the nature of the groups. Differences among base premium rates may not be based in any way on the actual or expected health status or claims experience of the small employer groups that choose or are expected to choose a particular health benefit plan.

(ii) treat all health benefit plans issued or renewed in the same calendar month as having the same rating period.

(g) For the purposes of this subsection (1), a health benefit plan that includes a restricted network provision may not be considered similar coverage to a health benefit plan that does not include a restricted network provision.

(2) A small employer carrier may not transfer a small employer involuntarily into or out of a class of business. A small employer carrier may not offer to transfer a small employer into or out of a class of business unless the offer is made to transfer all small employers in the class of business without regard to case characteristics, claims experience, health status, or duration of coverage since the insurance was issued.

(3) The commissioner may suspend for a specified period the application of subsection (1)(a) for the premium rates applicable to one or more small employers included within a class of business of a small employer carrier for one or more rating periods upon a filing by the small employer carrier and a finding by the commissioner either that the suspension is reasonable in light of the financial condition of the small employer carrier or that the suspension would enhance the fairness and efficiency of the small employer health insurance market.

(4) In connection with the offering for sale of any health benefit plan to a small employer, a small employer carrier shall make a reasonable disclosure, as part of its solicitation and sales materials, of each of the following:

(a) the extent to which premium rates for a specified small employer are established or adjusted based upon the actual or expected variation in claims costs or upon the actual or expected variation in health status of the employees of small employers and the employees' dependents;

(c) the provisions relating to renewability of policies and contracts; and

(d) the provisions relating to any preexisting condition.

(5) (a) Each small employer carrier shall maintain at its principal place of business a complete and detailed description of its rating practices and renewal underwriting practices, including information and documentation that demonstrate that its rating methods and practices are based upon commonly accepted actuarial assumptions and are in accordance with sound actuarial principles.

(b) Each small employer carrier shall file with the commissioner annually, on or before March 15, an actuarial certification certifying that the carrier is in compliance with this part and that the rating methods of the small employer carrier are actuarially sound. The actuarial certification must be in a form and manner and must contain information as specified by the commissioner. A copy of the actuarial certification must be retained by the small employer carrier at its principal place of business.

(c) A small employer carrier shall make the information and documentation described in subsection (5)(a) available to the commissioner upon request. Except in cases of violations of the provisions of this part and except as agreed to by the small employer carrier or as ordered by a court of competent jurisdiction, the information must be considered proprietary and trade secret information and is not subject to disclosure by the commissioner to persons outside of the department.

(2) In the absence of malice, an insurer, insurance producer, or other person may not be subjected to civil liability for reporting or providing information or otherwise cooperating with an investigation of insurance, *viatical settlement,* medical care discount card, or pharmacy discount card fraud."

Section 5. Section 33-20-1308, MCA, is amended to read:

"33-20-1308. Terms of contract. (1) A viatical settlement contract must be in writing. A viatical settlement provider shall establish in the contract the terms under which the viatical settlement provider will pay compensation or anything of value in return for the policyholder's or certificate holder's

assignment, transfer, sale, devise, or bequest of the death benefit or ownership of the insurance policy or certificate to the viatical settlement provider.

(2) A viatical settlement provider may not use a viatical settlement contract in this state unless the viatical settlement provider has filed the contract form with the commissioner and the commissioner has approved the contract form according to the provisions set forth in 33-1-501. The commissioner shall disapprove a viatical settlement contract form if, in the commissioner's judgment, the contract or any provision of the contract is unreasonable, contrary to the interests of the public, or otherwise misleading or unfair to the policyholder or certificate holder.

(3) Each viatical settlement contract entered into in this state must contain a provision enabling the policyholder or certificate holder to rescind the contract not later than the 30th day after the date on which the contract is executed by all parties or not later than the 15th day after the policyholder or certificate holder receives the viatical settlement proceeds, whichever is the longer period. In order to rescind a contract, a policyholder or certificate holder who has received the proceeds shall return them to the viatical settlement provider *or financing entity*.

(4) If a viatical settlement provider enters into a viatical settlement that allows the viator to retain an interest in the policy, the viatical settlement contract must contain all of the following provisions:

(a) that the viatical settlement provider shall effect the transfer of the amount of the death benefit only to the extent or portion of the amount viaticated. Benefits in excess of the amount viaticated must be paid directly to the viator's beneficiary by the insurance company.

(b) that the premiums to be paid by the viatical settlement provider and the viator will be apportioned unless the viatical settlement contract specifies that all premiums must be paid by the viatical settlement provider. The contract may also require that the viator reimburse the viatical settlement provider for the premiums attributable to the retained interest.

(c) that the viatical settlement provider shall, upon acknowledgment of the perfection of the transfer, either:

(i) advise the insured in writing that the insurance company has confirmed the viator's interest in the policy; or

(ii) provide the insured with a copy of the instrument provided by the insurance company to the viatical settlement provider that acknowledges the viator's interest in the policy."

Section 6. Section 33-20-1314, MCA, is amended to read:

(2) A viatical settlement provider shall make payment of the proceeds of a viatical settlement contract in a lump sum except as provided in this subsection.

A viatical settlement provider may not retain any portion of the proceeds. A viatical settlement provider may make installment payments only if the viatical settlement provider has purchased an annuity issued by an authorized insurer or a similar financial instrument issued by a financial institution authorized to engage in the business of a financial institution in this state.

(3) Failure by the viatical settlement provider to tender the viatical settlement by the date disclosed to the policyholder or certificate holder renders the contract void."

Section 7. Conflict of laws. (1) If there is more than one owner on a single life insurance policy and the owners are residents of different states, the viatical settlement contract is governed by the law of the state in which the owner having the largest percentage ownership resides or, if the owners hold equal ownership, the state of residence of one owner agreed upon in writing by all of the owners. The law of the state of the insured governs if equal owners fail to agree in writing upon a state of residence for jurisdictional purposes.

(2) (a) A viatical settlement provider from this state who enters into a viatical settlement contract with a viator who is a resident of another state that has enacted statutes or adopted regulations governing viatical settlement contracts is governed in the effectuation of that viatical settlement contract by the statutes and regulations of the viator's state of residence.

(b) A viatical settlement provider from this state who enters into a viatical settlement contract with a viator who is a resident of another state that has not enacted statutes or adopted regulations governing viatical settlement contracts is governed in the effectuation of that viatical settlement contract by the laws of this state. The viatical settlement provider shall give the viator notice that this state regulates the transaction into which the viator is entering. The viatical settlement provider shall maintain all records required by this state and use forms approved in this state.

(3) If there is a conflict in the laws that apply to a viator and a viatical settlement purchaser in any individual transaction, the laws of the state that apply to the viator take precedence and the viatical settlement provider shall comply with those laws.

Section 8. Codification instruction. (1) [Section 3] is intended to be codified as an integral part of Title 33, chapter 1, part 13, and the provisions of Title 33, chapter 1, part 13, apply to [section 3].

CHAPTER NO. 277

[SB 308]

AN ACT REVISING LAWS RELATED TO THE STANDARD PREVAILING RATE OF WAGES FOR PUBLIC WORKS CONTRACTS; PROVIDING FOR WAGE AND BENEFIT SURVEYS AND ALTERNATE METHODOLOGIES; SPECIFYING PAYMENT TERMS FOR APPRENTICES WORKING ON PUBLIC WORKS CONTRACTS; LIMITING TO 10 THE MAXIMUM NUMBER OF PREVAILING WAGE RATE DISTRICTS; PROVIDING RULEMAKING AUTHORITY; AMENDING SECTIONS 15-6-157, 15-6-158, 15-6-159, 15-24-3111, 15-70-522, 18-2-401, 18-2-402, 18-2-403, 18-2-407, 18-2-411, 18-2-412, AND 69-3-2005, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Standard prevailing rate of wages for building construction services. (1) The department shall conduct an annual survey to calculate the standard prevailing rate of wages for building construction services using the process described in this section.

(2) The standard prevailing wage rates adopted under subsection (1) must be set for the districts established pursuant to 18-2-411.

(3) The department shall survey:

(a) electrical contractors who are licensed under Title 37, chapter 68, who perform commercial work;

(b) plumbers who are licensed under Title 37, chapter 69, whose work is performed according to commercial building codes; and

(c) construction contractors registered under Title 39, chapter 9, whose work is performed according to commercial building codes.

(4) The surveys required under subsection (3) must include those wages, including fringe benefits plus travel allowances if applicable, that are paid in the applicable district by other contractors for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part.

(5) The contractor survey must include information pertaining to the number of skilled workers employed in the contractor's peak month of employment and the wages and benefits paid for each craft, classification, or type of work. In setting the prevailing wages from the survey for each craft, classification, or type of work, the department shall use a weighted average wage for each craft, classification, or type of work, except in those cases in which

the survey shows that at least 50% of the skilled workers are receiving the same wage. If the survey shows that at least 50% of the skilled workers are receiving the same wage, that wage is the prevailing wage for that craft, classification, or type of work.

(6) The work performed must be work of a similar character to the work performed in the applicable district unless the survey in the applicable district does not generate sufficient data. If the survey produces insufficient data, the rate may be established by the use of other information or methods that the commissioner determines fairly establish the standard prevailing rate of wages.

(7) (a) The commissioner shall establish by rule the methodology for determining the standard prevailing rate of wages. The rules must include an alternate methodology to determine the standard prevailing rate of wages whenever insufficient data is generated by the survey of contractors in the applicable district. The rules must identify the amount of data that constitutes insufficient data.

(b) The commissioner shall use an alternate methodology provided by rule to determine the standard prevailing rate of wages whenever insufficient data exists.

(c) The alternative method of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character, which must be based on a survey that is conducted as closely as possible to the original district.

(8) Whenever work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits and the rate of travel allowance, must be those rates established by collective bargaining agreements in effect in the applicable district for each craft, classification, or type of skilled worker needed to complete the contract.

Section 2. Standard prevailing rate of wages for heavy construction services and for highway construction services — definition. (1) The department shall establish from time to time the standard prevailing rate of wages for heavy construction services and for highway construction services.

(2) In establishing the standard prevailing rate of wages for heavy construction services and for highway construction services, the department may either:

(a) conduct a survey of construction contractors registered under Title 39, chapter 9, who perform heavy construction services or highway construction services; or

(b) adopt by reference through rulemaking the rates established by the U.S. department of labor under the federal Davis-Bacon Act, 29 CFR 1 et seq., for projects in Montana.

(3) For the purposes of this section, the term "standard prevailing rate of wages for heavy construction services and for highway construction services" means wage rates, including fringe benefits plus zone pay and travel allowances that are determined and established statewide for heavy construction projects and highway construction projects. The department may define by rule the terms heavy construction projects and highway construction projects. The definitions of heavy construction projects and highway construction projects must include but are not limited to projects the same as or similar to the construction, alteration, or repair of roads, streets, highways, alleys, runways, airport runways and ramps, dams, powerhouses, canals, channels, pipelines,

parking areas, utility rights-of-way, staging yards located on or off the right-of-way, or new or reopened pits that produce aggregate, asphalt, concrete, or backfill when the pit does not normally sell to the general public.

Section 3. Standard prevailing rate of wages for nonconstruction services — survey. (1) The department shall conduct an annual survey to calculate the standard prevailing rate of wages for nonconstruction services using the process described in this section.

(2) The standard prevailing wage rates adopted under subsection (1) must be set for the districts established under 18-2-411.

(3) (a) The department shall survey those employers that the department determines provide nonconstruction services in Montana in fulfillment of public works contracts.

(b) The department may survey employers that request to be included in the survey related to the nonconstruction services standard prevailing rate of wages or employers whose names and addresses are supplied by a political subdivision of the state as employers who have submitted bona fide bids or responses to requests for proposals for public works contracts for nonconstruction services.

(4) If the department does not survey an employer who is required to be surveyed under subsection (3)(a) or eligible to be surveyed under subsection (3)(b), the resulting survey and the ratesetting process remain valid.

(5) The survey must include:

(a) those wages, including fringe benefits and travel allowances if applicable, that are paid in the applicable district by other employers for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part; and

(b) information pertaining to the number of workers employed in the employer's peak month of employment.

(6) In setting the standard prevailing rate of wages for nonconstruction services from the survey for each craft, classification, or type of work, the department shall use the weighted average wage for each craft, classification, or type of work, except in cases in which the survey shows that at least 50% of the workers are receiving the same wage. If the survey shows that at least 50% of the workers are receiving the same wage, that wage is the standard prevailing rate of wages for that craft, classification, or type of work.

(7) The work performed must be work of a similar character to the work performed in the applicable district unless the survey in the applicable district does not generate sufficient data. If the survey produces insufficient data, the standard prevailing rate of wages may be established by the use of other information or an alternate methodology as provided in subsection (8).

(8) (a) The commissioner shall establish by rule the methodology for determining the standard prevailing rate of wages. The rules must include an alternate methodology to determine the standard prevailing rate of wages whenever insufficient data is generated by the survey of contractors in the applicable district. The rules must identify the amount of data that constitutes insufficient data.

(b) The commissioner shall use an alternate methodology provided by rule to determine the standard prevailing rate of wages whenever insufficient data exists.

(c) The alternative method of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character, which must be based on a survey that is conducted as closely as possible to the original district.

(9) Whenever work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits, must be those rates established by collective bargaining agreements in effect in the applicable district for each craft, classification, or type of skilled worker needed to complete the contract.

Section 4. Wages paid to registered apprentices. (1) Only an apprentice whose indenture agreement is registered with the department under Title 39, chapter 6, or recognized by the department as being registered with an appropriate registration agency of another state or the federal government may be paid as provided in subsection (2) when working on a public works contract. An apprentice whose indenture agreement is not registered with or recognized by the department must be paid the full amount of the standard prevailing rate of wages, including any applicable travel allowances.

(2) A recognized, registered apprentice must be paid the percentage of the standard prevailing rate of wages provided for in the apprenticeship standards applicable to that apprentice. The percentage amount applies to wage rates only and not to fringe benefits. The full amount of any applicable fringe benefits must be paid to the apprentice while the apprentice is working on the public works contract.

Section 5. Wage rate adjustments for multiyear contracts. (1) Any public works contract that by the terms of the original contract calls for more than 30 months to fully perform must include a provision to adjust, as provided in subsection (2), the standard prevailing rate of wages to be paid to the workers performing the contract.

(2) The standard prevailing rate of wages paid to workers under a contract subject to this section must be adjusted 12 months after the date of the award of the public works contract. The amount of the adjustment must be a 3% increase. The adjustment must be made and applied every 12 months for the term of the contract.

(3) Any increase in the standard rate of prevailing wages for workers under this section is the sole responsibility of the contractor and any subcontractors and not the contracting agency.

(a) [section 1] for building construction services;

(b) [section 2] for heavy construction services and for highway construction services; and

(c) [section 3] for nonconstruction services.

~~(ii) those wages, other than heavy and highway construction wages, including fringe benefits for health and welfare and pension contributions, that meet the requirements of the Employee Retirement Security Act of 1974 and other bona fide programs approved by the United States department of labor and travel allowance that are paid in the district by other contractors for work of a similar character performed in that district by each craft, classification, or type of worker needed to complete a contract under this part. In each district, the standard prevailing rate of wages must be computed by the department based on work performed by electrical contractors who are licensed under Title~~

37, chapter 68, master plumbers who are licensed under Title 37, chapter 69, part 3, and Montana contractors who are registered under Title 39, chapter 9, and whose work is performed according to commercial building codes. The contractor survey must include information pertaining to the number of skilled craftspersons employed in the employer's peak month of employment and the wages and benefits paid for each craft. In setting the prevailing wages from the survey for each craft, the department shall use the weighted average wage for each craft, except in those cases in which the survey shows that 50% of the craftspersons are receiving the same wage. When the survey shows that 50% of the craftspersons are receiving the same wage, that wage is the prevailing wage for that craft. The work performed must be work of a similar character to the work performed in the district unless the annual survey of construction contractors and the biennial survey of nonconstruction service employers in the district does not generate sufficient data. If the survey produces insufficient data, the rate may be established by the use of other information or methods that the commissioner determines fairly establish the standard prevailing rate of wages. The commissioner shall establish by rule the method or methods by which the standard prevailing rate of wages is determined. The rules must establish a process for determining if there is insufficient data generated by the survey of employers in the district that requires the use of other methods of determining the standard prevailing rate of wages. The rules must identify the amount of data that constitutes insufficient data and require the commissioner of labor to use other methods of determining the standard prevailing rate of wages when insufficient data exists. The alternative methods of determining the prevailing rate of wages must provide for review and the incorporation of data from work of a similar character that is conducted as near as possible to the original district.

~~(b) When work of a similar character is not being performed in the district, the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions, that meets the requirements of the Employee Retirement Security Act of 1974 and other bona fide programs approved by the United States department of labor and the rate of travel allowance must be those rates established by collective bargaining agreements in effect in the district for each craft, classification, or type of worker needed to complete the contract.~~

(14) "Work of a similar character" means work on private commercial projects as well as work on public projects."

Section 12. Section 18-2-402, MCA, is amended to read:

"18-2-402. Standard prevailing rate of wages. (1) The ~~Montana~~ commissioner ~~of labor~~ may determine the standard prevailing rate of wages applicable to public works contracts under this part. The commissioner shall ~~undertake to~~ keep and maintain copies of collective bargaining agreements and other information on which the rates are based.

(2) The provisions of this part do not apply in those instances ~~where~~ *in which* the standard prevailing rate of wages is determined ~~pursuant to~~ *by* federal law.

(3) ~~In no instances where~~ *Whenever* this part is applicable, ~~shall~~ the standard prevailing rate of ~~wage be determined to~~ *wages may* be *equal to but not* greater than the *highest* applicable rate of ~~wage~~ *wages* in the area for the particular work in question as negotiated under existing and current collective bargaining agreements."

Section 13. Section 18-2-403, MCA, is amended to read:

"18-2-403. Preference of Montana labor in public works — wages — tax-exempt project — federal exception. (1) In every public works contract, there must be inserted in the bid specification and the public works contract a provision requiring the contractor to give preference to the employment of bona fide *Montana* residents ~~of Montana~~ in the performance of the work.

(2) All public works contracts for construction services under subsection (1), except those for heavy and highway construction, that are conducted at the project location or under special circumstances must contain a provision requiring the contractor to pay:

(a) the travel allowance that is in effect and applicable to the district in which the work is being performed; and

(b) the standard prevailing rate of wages, including fringe benefits ~~for health and welfare and pension contributions~~, that:

~~(i) meets the requirements of the Employee Retirement Income Security Act of 1974 and other bona fide programs approved by the United States department of labor; and~~

~~(ii)~~ is in effect and applicable to the district in which the work is being performed.

(3) In every public works contract for heavy and highway construction, there must be inserted a provision to require the contractor to pay the ~~heavy and highway construction~~ *standard prevailing* wage rates established statewide for heavy and highway construction services conducted at the project location or under special circumstances.

(4) Except as provided in subsection (5), all public works contracts for nonconstruction services under subsection (1) must contain a provision requiring the contractor to pay:

(a) the travel allowance that is in effect and applicable to the district in which the work is being performed; and

(b) the standard prevailing rate of wages, including fringe benefits ~~for health and welfare and pension contributions~~, that:

~~(i) meets the requirements of the Employee Retirement Income Security Act of 1974 and other bona fide programs approved by the United States department of labor; and~~

~~(ii)~~ is in effect and applicable to the district in which the work is being performed.

(5) An employer who, as a nonprofit organization providing individuals with vocational rehabilitation, performs a public works contract for nonconstruction services and who employs an individual whose earning capacity is impaired by a mental, emotional, or physical disability may pay the individual wages that are less than the standard prevailing wage if the employer complies with the provisions of section 214(c) of the Fair Labor Standards Act of 1938, 29 U.S.C. 214 and 29 CFR, part 525, and the wages paid are equal to or above the minimum wage required in ~~39-3-404~~ *39-3-409*.

(6) Transportation of goods, supplies, materials, and manufactured or fabricated items to or from the project location is not subject to payment of the standard prevailing rate of wages.

(7) A contract, other than a public works contract, let for a project costing more than $25,000 and financed from the proceeds of bonds issued under Title 17, chapter 5, part 15, or Title 90, chapter 5 or 7, must contain a provision

requiring the contractor to pay the standard prevailing wage rate in effect and applicable to the district in which the work is being performed unless the contractor performing the work has entered into a collective bargaining agreement covering the work to be performed.

(8) A public works contract may not be let to any person, firm, association, or corporation refusing to execute an agreement with the provisions described in subsections (1) through (7) in it, provided that in public works contracts involving the expenditure of federal-aid funds, this part may not be enforced in a manner as to conflict with or be contrary to the federal statutes prescribing a labor preference to honorably discharged veterans of the armed forces and prohibiting as unlawful any other preference or discrimination among citizens of the United States.

(9) Failure to include the provisions required by 18-2-422 in a public works contract relieves the contractor from the contractor's obligation to pay the standard prevailing wage rate and places the obligation on the public contracting agency."

Section 14. Section 18-2-407, MCA, is amended to read:

"18-2-407. Forfeiture for failure to pay standard prevailing ~~wage~~ *rate of wages.* (1) Except as provided in 18-2-403, a contractor, subcontractor, or employer who pays workers or employees at less than the standard prevailing ~~wage~~ *rate of wages* as established under the public works contract shall forfeit to the department a penalty at a rate of up to 20% of the delinquent wages plus fringe benefits, attorney fees, audit fees, and court costs. Money collected by the department under this section must be deposited in the general fund. A contractor, subcontractor, or employer shall also forfeit to the employee the amount of wages owed plus $25 a day for each day that the employee was underpaid.

(2) Whenever it appears to the contracting agency or to the ~~Montana~~ commissioner ~~of labor and industry~~ that there is insufficient money due to the contractor or the employer under the terms of the contract to cover penalties, the ~~Montana~~ commissioner ~~of labor and industry~~ may, within 90 days after the filing of notice of completion of the project and its acceptance by the contracting agency, maintain an action in district court to recover all penalties and forfeitures due. This part does not prevent the individual worker who has been underpaid or the commissioner ~~of labor and industry~~ on behalf of all the underpaid workers from maintaining an action for recovery of the wages due under the contract as provided in Title 39, chapter 3, part 2~~, except that appeal of the hearings officer's decision is made directly to district court rather than to the board of personnel appeals~~."

Section 15. Section 18-2-411, MCA, is amended to read:

"18-2-411. Creation of prevailing wage rate districts. (1) Without taking into consideration heavy *construction services* and highway construction *services* wage rates, the commissioner shall divide the state into ~~at least~~ *not more than* 10 prevailing wage rate districts *for building construction services and nonconstruction services*.

(2) In initially determining the districts, the commissioner ~~must~~ *shall*:

(a) follow the rulemaking procedures in the Montana Administrative Procedure Act; and

(b) publish the reasons supporting the creation of each district.

(3) A district boundary may not be changed except for good cause and in accordance with the rulemaking procedures in the Montana Administrative Procedure Act.

(4) The presence of collective bargaining agreements in a particular area may not be the sole basis for the creation of boundaries of a district, nor may the absence of collective bargaining agreements in a particular area be the sole basis for changing the boundaries of a district.

(5) For each prevailing wage rate district established under this section, the commissioner shall determine the standard prevailing rate of wages to be paid employees, as provided in ~~18-2-401 and 18-2-402~~ *this part*. The standard prevailing rate of wages for construction services, as determined by the commissioner in this subsection, must be used for calculating an apprentice's wage, as provided in 39-6-108."

Section 16. Section 18-2-412, MCA, is amended to read:

"18-2-412. Method for payment of standard prevailing wage. (1) To fulfill the obligation to pay the standard prevailing rate of wages under 18-2-403, a contractor or subcontractor may:

(b) make an irrevocable contribution to a trustee or a third person pursuant to a fringe benefit fund, plan, or program that meets the requirements of the Employee Retirement Income Security Act of 1974 or that is a bona fide program approved by the ~~United States~~ *U.S.* department of labor; or

(c) make payments using any combination of methods set forth in subsections (1)(a) and (1)(b) so that the aggregate of payments and contributions is not less than the standard prevailing rate of wages, including fringe benefits ~~for health and welfare and pension contributions that meet the requirements of the Employee Retirement Income Security Act of 1974,~~ *and* travel~~, or other bona fide programs approved by the United States department of labor, that is~~ *allowances,* applicable to the district for the particular type of work being performed.

(2) The fringe benefit fund, plan, or program described in subsection (1)(b) must provide benefits to workers or employees for health care, pensions on retirement or death, life insurance, disability and sickness insurance, or bona fide programs that meet the requirements of the Employee Retirement Income Security Act of 1974 or that are approved by the ~~United States~~ *U.S.* department of labor.

(3) A private contractor or subcontractor shall file a copy of the fringe benefit fund, plan, or program described in subsection (2) with the department."

Section 17. Section 69-3-2005, MCA, is amended to read:

"69-3-2005. Procurement — cost recovery — reporting. (1) In meeting the requirements of this part, a public utility shall:

(a) conduct renewable energy solicitations under which the public utility offers to purchase renewable energy credits, either with or without the associated electricity, under contracts of at least 10 years in duration; and

(b) consider the importance of geographically diverse rural economic development when procuring renewable energy credits.

(2) A public utility that intends to enter into contracts of less than 10 years in duration shall demonstrate to the commission that these contracts will provide a lower long-term cost of meeting the standard established in 69-3-2004.

(3) (a) Contracts signed for projects located in Montana must require all contractors to give preference to the employment of bona fide Montana residents, as defined in 18-2-401, in the performance of the work on the projects if the Montana residents have substantially equal qualifications to those of nonresidents.

(b) Contracts signed for projects located in Montana must require all contractors to pay the standard prevailing rate of wages for heavy construction, as provided in ~~18-2-401(13)(a)~~ *[section 2]*, during the construction phase of the project.

(4) All contracts signed by a public utility to meet the requirements of this part are eligible for advanced approval under procedures established by the commission. Upon advanced approval by the commission, these contracts are eligible for cost recovery from ratepayers, except that nothing in this part limits the commission's ability to subsequently, in any future cost-recovery proceeding, inquire into the manner in which the public utility has managed the contract and to disallow cost recovery if the contract was not reasonably administered.

(5) A public utility or competitive electricity supplier shall submit renewable energy procurement plans to the commission in accordance with rules adopted by the commission. The plans must be submitted to the commission on or before:

~~(a) January 1, 2007, for the standard required in 69-3-2004(2);~~

~~(d)~~*(b)* any additional future dates as required by the commission.

(6) A public utility or competitive electricity supplier shall submit annual reports, in a format to be determined by the commission, demonstrating compliance with this part for each compliance year. The reports must be filed by March 1 of the year following the compliance year.

(7) For the purpose of implementing this part, the commission has regulatory authority over competitive electricity suppliers."

ARTICLE III - NATIONAL BISON RANGE WATER RIGHT

The Parties agree that the following water rights are in settlement of the reserved water rights of the United States for the National Bison Range.

A. Purpose of Reservation for the National Bison Range. The National Bison Range was created on May 23, 1908 for the purpose of being a permanent range for the care and maintenance of a herd of bison and other mammals. 35 Stat. 267, 35 Stat. 1051. An executive order of December 22, 1921, (No. 3596) added the purpose of a bird refuge to the National Bison Range as well.

B. Quantification. Subject to the terms of Article IV, the United States shall have the right to water for the following purposes from the sources identified on National Bison Range lands.

1. Wildlife Use.

a. Consumptive Use. The United States has federal reserved water rights for Consumptive Use for wildlife purposes at the locations identified in the table attached as Appendix 2, provided that the total Consumptive Use for wildlife purposes on National Bison Range lands shall not exceed the amount of water needed to feed and water the historic maximum carrying capacity of the National Bison Range of 755 Animal Units. The specific elements of these rights are set forth in the Abstracts attached as Appendix 3 to this Compact.

b. Nonconsumptive Use. The United States also has federal reserved water rights in the amount of 18.48 Acre-feet per year for largely Nonconsumptive Uses to fill the Ravalli Potholes, when the water is naturally available, and an in-stream flow in the amount of 177 gallons per minute from Mission, Pauline, Trisky and Elk Creeks, when such flows are naturally available. The specific elements of these rights are set forth in the Abstracts attached as Appendix 4 to this Compact.

2. Administrative Uses.

a. Current Administrative Uses. The United States has federal reserved rights for Consumptive Use for current administrative uses on National Bison Range lands totaling 35.2 Acre-feet per year. The United States also has a federal reserved water right of up to 536 Acre-feet per year of flood flows from Mission Creek for largely Nonconsumptive Uses for administrative purposes,

when such flows are naturally available. The specific elements of these rights are set forth in the Abstracts attached as Appendix 5 to this Compact.

b. Future Administrative Uses. The United States has federal reserved water rights from Ground Water for Consumptive Use for future administrative uses up to a total additional volume of 15 Acre-feet per year to fulfill the purposes of the National Bison Range. The types of use of the United States' federal reserved water rights for administrative uses may include, but are not limited to: domestic, lawn and garden, storage, and dust abatement.

3. Emergency Fire Suppression. The use of water for emergency fire suppression benefits the public, and is necessary for the purposes of the National Bison Range. The United States may, as part of its reserved water right, divert or withdraw water for fire suppression on National Bison Range lands as needed and without a definition of the specific elements of a recordable water right. Use of water for fire suppression shall not be considered an exercise of the United States' water rights for Consumptive Use.

4. Period of Use. The period of use of the United States' federal reserved water rights quantified in the Compact shall be from January 1 to December 31 of each year.

5. Priority Date. The priority date for the federal reserved water rights set forth in this Compact is May 23, 1908.

ARTICLE IV - IMPLEMENTATION OF COMPACT

A. Abstracts. Concurrent with this Compact, the Parties have prepared Abstracts, copies of which are attached as Appendices 3, 4, and 5 to this Compact, which specifically identify all of the United States' use of water for the National Bison Range described in this Compact and quantified in accordance with this Compact. These abstracts specifically do not include that use of water that is the subject of water right claim number 76L 187042 00, which claim the FWS and the State agree that the FWS shall retain (unless it shall choose voluntarily to withdraw or abandon it in the future) and have adjudicated by the Montana Water Court as a water right Arising Under State Law subject to the terms, conditions and procedures of the Montana Water Use Act, Title 85, Chapter 2, MCA, and the Montana general water rights adjudication. The Parties prepared the Abstracts to comply with the requirements for a final decree as set forth in state law, and in an effort to assist the state courts in the process of entering decrees accurately and comprehensively reflecting the rights described in this Compact. The rights specified in the Abstracts are subject to the terms and conditions of this Compact. In the event of a discrepancy between a right listed in an Abstract and that same right as quantified in accordance with Articles III and IV of this Compact, the Parties intend that the quantification in accordance with Articles III and IV of this Compact shall be reflected in a final decree.

B. Enforcement of Water Right.

1. The United States, the State, a holder of a water right Arising Under State Law or a holder of a right to use any portion of the Tribal Water Right, may petition a state or federal court of competent jurisdiction for relief when a controversy arises between the United States' water rights described by this Compact, and a holder of a water right Arising Under State Law or a holder of a right to use any portion of a Tribal Water Right. Resolution of the controversy shall be governed by the terms of this Compact where applicable, or to the extent not applicable, by applicable state, federal and tribal law.

2. The United States agrees that a water commissioner appointed by a state or federal court of competent jurisdiction, or other official authorized by law, may enter the National Bison Range for the purpose of data collection, including the collection of information necessary for water distribution on or off the National Bison Range, and to inspect structures for the diversion and measurement of water described in this Compact for Consumptive Use. The terms of entry shall be as specified in an order of a court of competent jurisdiction or other entity authorized by law to prescribe such terms of entry.

3. So long as the Department remains the administrative entity responsible for the water rights quantified in this Compact, the Department may enter the National Bison Range at a reasonable hour of the day, for the purposes of data collection on water diversion and stream flow or inspection of devices maintained by the United States pursuant to this Compact. The Department shall notify the United States by certified mail, telephone, e-mail or in person, at least 24 hours prior to entry. If some other body becomes responsible for the administration of the National Bison Range water rights, representatives of that entity may enter the National Bison Range on the same terms and conditions set forth above in this subsection.

4. So long as the Department remains the administrative entity responsible for the water rights quantified in this Compact, the United States may request an investigation by the Department of a diversion located on a stream for which a water right is described in this Compact. The Department may investigate. If an investigation occurs, the United States may accompany the Department. If some other body becomes responsible for the administration of the National Bison Range water rights, the United States may request an investigation by that entity in the same manner and on the same terms and conditions set forth above in this subsection.

5. The United States shall maintain structures, including wellhead equipment and casing, for the diversion of water authorized for Consumptive Use by this Compact. The United States shall maintain any devices it deems necessary for enforcement of its water right for natural flow described in this Compact.

C. Use of Federal Reserved Water Rights.

1. Federal Reserved Water Rights. The reserved rights of the United States described in this agreement are federal water rights. Nonuse of all or a part of the federal reserved water rights described in this Compact shall not constitute abandonment or forfeiture of those rights. The federal reserved water rights described in this Compact need not be applied to a use deemed beneficial under state law, but shall be restricted to uses necessary to fulfill the purposes of the National Bison Range.

2. Development of Future Uses. The United States, without prior approval of the Department, or any other administrative entity with regulatory authority over the water rights of the National Bison Range, may develop a future use after the Effective Date of this Compact as described in Article III.B.2.(b), provided that:

(a) the purpose of use is for the use authorized under Article III.B.2.(a);

(b) the total quantity of water shall not exceed the amount set forth in Article III.B.2.;

(c) the source of supply shall be restricted as set forth in Article III; and

(d) the use shall not adversely affect a senior water right Arising Under State Law.

D. Change in Use of Federal Reserved Water Rights.

1. Nonconsumptive Uses. Water rights specified in this Compact for natural flow or other Nonconsumptive Uses shall not be subject to Change in Use, provided that the emergency use of water for fire suppression as provided for in Article III.B.3 shall not be deemed a Change in Use or violation of a water right for natural flow.

2. Consumptive Uses. The United States may make a Change in Use of its Consumptive Use water rights described in Article III of this Compact provided that:

(a) the Change in Use shall be in fulfillment of the purposes of the National Bison Range;

(b) the total Consumptive Use shall not exceed the amount described in this Compact;

(c) the Change in Use shall not adversely affect any water right Arising Under State Law; and

(d) with the exception of the provisions governing a change in the purpose for which the water right is used, the United States, in making the change, shall comply with the provisions of the Montana Water Use Act, Title 85, chapter 2, MCA, applicable to change in appropriation rights at the time of the change.

3. Emergency Fire Suppression. The United States' federal reserved water right to divert or withdraw water for emergency fire suppression as described in Article III.B.3 shall not be changed to any other use.

E. Reporting Requirements. The United States shall provide a report to the Department and the Tribes on an annual basis, or on a periodic basis agreed to by the Parties and the Tribes, containing specific information on:

1. the development of new uses as described in Article III.B.2.(b);

2. changes in use as described in Article IV.D; and

3. the source of supply, the dates of use, and the estimated amount of water used for emergency fire suppression as described in Article III.B.3.

ARTICLE V - GENERAL PROVISIONS

A. No Effect on Tribal Rights or Other Federal Reserved Water Rights. The relationship between the water rights of the United States described in this Compact and any rights to water of any Indian tribe, or any federally derived water right of an individual, or of the United States on behalf of such tribe or individual, shall be determined by the rule of priority. The Parties agree that the water rights described in this Compact are junior to any rights to water of any Indian tribe, or any federally derived water right of an individual, or of the United States on behalf of such tribe or individual, currently quantified or as may be quantified after the Effective Date of this Compact and with a priority date before the Effective Date of this Compact, including aboriginal rights, if any, in the basins affected.

2. Nothing in the Compact may be construed or interpreted as a precedent to establish the nature, extent, or manner of administration of the rights to water of any other federal agency or federal lands in Montana other than those of the FWS at the National Bison Range.

3. Nothing in this Compact may be construed or interpreted in any manner to establish the nature, extent or manner of administration of the water rights of any Indian tribe or tribal member.

4. Nothing in this Compact is otherwise intended to conflict with or abrogate a right or claim of any Indian tribe regarding its boundaries or property interests in the State of Montana.

B. State Water Rights. Nothing in this Compact may limit the authority of the State, including the authority of a water commissioner authorized by state law, to administer all current and future water rights Arising Under State Law within and upstream of the National Bison Range, provided that in administration of those water rights in which the United States has an interest, such authority is limited to that granted under federal law, and provided that any scheme of comprehensive administration of all water rights located within the exterior boundaries of the Flathead Indian Reservation (which include the water rights recognized in this Compact) that is negotiated and approved in a water rights settlement among the State, the CSKT and the United States shall supersede any administrative provisions in this Compact the conflict with a State-CSKT water rights settlement.

C. General Disclaimers. Nothing in this Compact may be construed or interpreted:

1. as a precedent for the litigation of reserved water rights or the interpretation or administration of future compacts between the United States and the State, or the United States and any other state;

2. as a waiver by the United States of its right under state law to raise objections in state court to individual water rights claimed pursuant to the Montana Water Use Act, Title 85, MCA, in the basins affected by this Compact; or any right to raise objections in an appropriate forum to individual water rights subject to a provisional permit under the Montana Water Use Act, Title 85, MCA, in the basins affected by this Compact;

3. as a waiver by the United States of its right to seek relief from a conflicting water use not entitled to protection under the terms of this Compact;

4. to determine the relative rights inter sese of Persons using water under the authority of state or tribal law, or to limit the rights of the Parties or any other Person to litigate any issues or questions not resolved by this Compact;

5. to authorize the taking of a water right that is vested under state or federal law;

6. to create or deny substantive rights through headings or captions used in this Compact;

7. to expand or restrict any waiver of sovereign immunity existing pursuant to federal law as of the Effective Date of this Compact;

8. to affect or determine the applicability of any state or federal law, including, without limitation, environmental and public safety laws, on activities of the FWS;

9. to affect the right of the State to seek fees or reimbursement for costs or the right of the United States to contest the imposition of such fees or costs, pursuant to a ruling by a State or federal court of competent jurisdiction or Act of Congress;

10. to affect in any manner the entitlement to or quantification of other federal water rights. This Compact is only binding on the United States with

regard to the water rights of the United States for the National Bison Range, and does not affect the water rights of any other federal agency that is not a successor in interest to the water rights subject to this Compact;

11. to prevent the United States from constructing or modifying an outlet to an impoundment at the National Bison Range in compliance with all applicable laws;

12. to prevent the United States from seeking a permit to appropriate water under applicable State or other law.

D. Reservation of Rights. The Parties expressly reserve all rights not granted, described or relinquished in this Compact.

E. Severability. The provisions of this Compact are not severable.

F. Multiple Originals. This Compact is executed in triplicate. Each of the three Compacts bearing original signatures shall be deemed an original.

G. Notice. Unless otherwise specifically provided for in this Compact, service of notice required hereunder, except service in litigation, shall be:

1. State: Upon the Director of the Department and such other officials as the Director may designate in writing; and

United States: Upon the Secretary of the Interior and such other officials as the Secretary may designate in writing.

ARTICLE VI - FINALITY

Binding Effect.

1. The Effective Date of this Compact is the date of the ratification of this Compact by the Montana legislature, written approval by the United States Department of the Interior, or written approval by the United States Department of Justice, whichever occurs later. Once effective, all of the provisions of this Compact shall be binding on the Parties.

2. Following the Effective Date, this Compact shall not be modified without the consent of both Parties. Either Party may seek enforcement of this Compact in a court of competent jurisdiction.

3. On approval of this Compact by a state or federal court of competent jurisdiction and entry of a decree by such court confirming the rights described herein, this Compact and such rights are binding on all Persons bound by the final order of the court.

4. If an objection to this Compact is sustained pursuant to 85-2-703, MCA, and 85-2-702(3), MCA, this Compact shall be voidable by action of and without prejudice to either Party.

B. Filing Compact with State Court. Subject to the following stipulations and within one hundred eighty (180) days of the Effective Date of this Compact, the Parties shall submit this Compact to an appropriate state court or courts having jurisdiction over this matter in an action commenced pursuant to 43 U.S.C. 666, for approval in accordance with state law and for the incorporation of the water rights described in this Compact into a decree or decrees entered therein. The Parties understand and agree that the submission of this Compact to a state court or courts, as provided for in this Compact, is solely to comply with the provisions of 85-2-702(3), MCA, and does not expand the jurisdiction of the state court or expand in any manner the waiver of sovereign immunity of the

United States in the McCarran Amendment, 43 U.S.C. 666, or other provision of federal law.

C. Dismissal of Filed Claims. At the time the state courts approve the water rights described in this Compact and enter a decree or decrees confirming the rights described herein, such courts shall dismiss, with prejudice, all water right claims specified in Appendix 6 of this Compact for the National Bison Range. If this Compact is not approved or a federal reserved water right described herein is not confirmed, any corresponding state law-based claim filed by the FWS for use on the National Bison Range shall not be dismissed.

D. Settlement of Claims. The Parties intend that the water rights described in this Compact are in full and final settlement of the federal reserved water right claims for the National Bison Range described in this Compact and administered by the FWS on the Effective Date of this Compact. On the Effective Date of this Compact, the United States hereby and in full settlement of any and all claims to federal reserved water rights by the United States, including all claims that the FWS filed or could have filed as part of the ongoing statewide adjudication process, relinquishes forever all claims to federal reserved water rights within the State of Montana for the National Bison Range. The State agrees to recognize the water rights described and quantified herein and shall, except as expressly provided for herein, treat them in the same manner as a water right recognized by the State. Nothing in this Compact precludes the FWS from filing for future water use permits under Montana state law.

E. Continuation of Negotiations. The Parties have not finalized agreement on quantification of the water rights for the Charles M. Russell and UL Bend National Wildlife Refuges and UL Bend Wilderness Area, prior to the Effective Date of this Compact. The Parties agree to continue to pursue, in good faith, negotiations toward compacts for the quantification of water rights for these areas. In the event the Parties are unable to agree on quantification, the United States retains its right to have the quantity of any reserved water right for these areas adjudicated in a state or federal court of competent jurisdiction.

F. Defense of Compact. The Parties agree to defend the provisions and purposes of this Compact from all challenges and attacks.

(3) A family law order must identify an alternate payee by full name, current address, and social security number. An alternate payee's rights and interests granted in compliance with this section are not subject to assignment, execution, garnishment, attachment, or other process. An alternate payee's rights or interests may be modified only by a family law order amending the family law order that established the right or interest.

(a) a type or form of benefit, option, or payment not available to the affected participant under the retirement system; or

(b) an amount of payment greater than that available to a participant.

(5) (a) The service, disability, or survivor retirement benefit payments or withdrawals of member contributions may be apportioned to an alternate payee by directing payment of:

(i) an actuarially equivalent amount payable *for the life of the alternate payee*; or

(ii) a fixed amount, *to be deducted from the participant's benefit,* of no more than the amount payable to the participant. (ii) The amount payable *to the alternate payee, calculated under subsection (5)(b)(i),* must be actuarially adjusted to provide a benefit payable for the alternate payee's lifetime.

~~(c) The participant's benefit must be reduced by the amount determined under subsection (5)(b)(i).~~

~~(6) The duration of payments to an alternate payee may be limited only to a specified maximum time or for the life of the alternate payee.~~

~~(7)~~*(6)* If a participant elects to withdraw the accumulated contributions and forfeit all rights to service, disability, or survivor benefits, the alternate payee is entitled to a percentage of the amount payable as determined by the formula in subsection (5)(b)(i).

~~(8)~~*(7)* Retirement benefit adjustments for which a participant is eligible after retirement must be apportioned in the same manner as determined under subsection (5)(b)(i).

When the participant again qualifies for retirement benefits, the amount payable to the alternate payee must be recalculated pursuant to this section."

"19-20-401. Creditable service. (1) The creditable service of a member begins on the date of the member's employment in a capacity prescribed for eligibility in 19-20-302 and accumulates to the member's credit on the basis of the retirement board's policy governing creditable service.

(2) The creditable service of a member includes the following:

(a) each year of service for which contributions to the retirement system were deducted from the member's compensation under the provisions of Chapter 87, Laws of 1937, Chapter 215, Laws of 1939, this chapter, and their subsequent amendments, except that credit may not be awarded for those years of service for which the contributions have been withdrawn and not replaced;

~~(b) any service awarded by a prior service certificate issued under the provisions of Chapter 87, Laws of 1937, Chapter 215, Laws of 1939, and their subsequent amendments or under the provisions of 19-20-406;~~

~~(c)~~*(b)* any out-of-state employment service awarded by the retirement board under the provisions of 19-20-402;

~~(i)~~*(h)* any service awarded for absence because of employment-related injury under 19-20-411; and

~~(j)~~*(i)* any service awarded for service purchased under 19-20-426.

(3) The retirement board's determination of creditable service under this section is final and conclusive for the purposes of the retirement system unless, at any time, the board discovers an error or fraud in the establishment of creditable service, in which case the board shall redetermine the creditable service.

(4) For a member completing only part-time service during the qualifying period, the first full year's teaching salary used to calculate the cost to purchase creditable service is the salary that the member would have earned if the member's first year part-time salary had been full-time."

Section 5. Section 19-20-409, MCA, is amended to read:

"19-20-409. Transfer of service credits and contributions from public employees' retirement system. (1) An active member may at any time before retirement file a written application with the retirement board to purchase all of the member's previous creditable service in the public employees' retirement system. The amount that must be paid to the retirement system to purchase this service under this section is the sum of subsections (2) and (3).

(2) The public employees' retirement system shall transfer to the teachers' retirement system an amount equal to 72% of the amount paid by the member.

(3) The member shall pay either directly or by transferring contributions on account with the public employees' retirement system an amount equal to the member's accumulated contributions at the time that active membership was terminated, plus accrued interest. Interest must be calculated from the date of termination until a transfer is received by the retirement system, based on the interest tables in use by the public employees' retirement system.

(4) A member who purchases service from the public employees' retirement system in the teachers' retirement system must have completed 5 years of membership service in the teachers' retirement system to receive credit or purchase military service, out-of-state service, employment while on leave, and private school employment.

(5) The retirement board shall determine the service credits that may be transferred.

(6) If an active member who also has creditable service in the public employees' retirement system before becoming a member of the teachers' retirement system dies before purchasing this service in the teachers' retirement system and if the member's service credits from both systems, when combined, entitle the member's beneficiary to a death benefit, the payment of the death benefit is the liability of the teachers' retirement system. Before payment of the death benefit, the public employees' retirement board must transfer to the teachers' retirement system the contributions necessary to purchase this service in the teachers' retirement system as provided in subsections (2) and (3).

(7) (a) If the teachers' retirement board determines that an individual's membership was erroneously classified and reported to the public employees' retirement system, the public employees' retirement board shall transfer to the teachers' retirement system the member's accumulated contributions and service, together with employer contributions plus interest.

(b) For the period of time that the employer contributions are held by the public employees' retirement system, interest paid on employer contributions transferred under this subsection (7) must be calculated at the short-term investment pool rate earned by the board of investments in the fiscal year preceding the transfer request.

(c) Any employee and employer contributions due as calculated in 19-20-602 and 19-20-605, plus interest, are the liability of the employee and the employing entity where the error occurred.

(8) A ~~vested~~ member who participated in the public employees' retirement system defined contribution plan provided for in Title 19, chapter 3, part 21, ~~prior to becoming a member of the teachers' retirement system~~ may purchase creditable service for the time spent as a participant in the defined contribution plan if:

(a) the member *has 5 years of membership service and* has completed at least 1 full year in the teachers' retirement system following the member's public employees' retirement system service;

(b) for each full year or portion of a year to be purchased pursuant to this subsection (8), the member contributes the actuarial cost of the service based on the most recent valuation of the system; and

(c) the member has withdrawn the member's money in the member's public employees' retirement system defined contribution plan account or has rolled over the amount required to purchase service in accordance with this subsection (8).

(9) Creditable service purchased under subsection (8) must be determined according to the laws and rules governing service credit in the public employees' retirement system."

Section 6. Section 19-20-603, MCA, is amended to read:

"19-20-603. Withdrawal of accumulated contributions — options. An inactive member electing to do so or a person whose membership terminates without a prospect or anticipation that the member will return to work for an employer within 60 days of termination may withdraw the member's accumulated contributions from the annuity savings account in the retirement system in accordance with the following provisions:

(1) An inactive member under the provisions of 19-20-303(1) or (3) may elect, without right of revocation, to withdraw the member's accumulated contributions. If the member does not withdraw the accumulated contributions, the member remains an inactive member of the retirement system with the right to qualify for its benefits.

(2) Upon recovery from a disabling illness or separation from the armed forces, a person qualifying as an inactive member under the provisions of 19-20-303(2) may withdraw the member's accumulated contributions unless the member returns to active membership.

(3) Upon written application to the board, a terminating member may have the payment of all or any portion of the member's accumulated contributions rolled over or transferred into another ~~qualified~~ *eligible retirement* plan *or a*

Roth IRA, provided for under 26 U.S.C. 408A, designated by the member. The portion not rolled over or transferred must be paid directly to the terminating member. The board shall provide forms for filing the written application. The terminating member is responsible for correctly designating an account or plan eligible to receive the tax-deferred amount in order to continue the tax-deferred status of the amount. To the extent required by section 401(a)(31) of the Internal Revenue Code, the board shall allow members and qualified beneficiaries to elect a direct rollover of eligible distributions to another eligible retirement plan.

(4) If a nonvested member terminates with accumulated contributions of less than $200, the board shall pay the accumulated contributions in a lump sum as soon as administratively feasible without a written application from the member unless there is a return to service. Upon the payment of accumulated contributions, the member is considered to have withdrawn from the system."

Section 7. Section 19-20-605, MCA, is amended to read:

"19-20-605. Pension accumulation account — employer's contribution. (1) The pension accumulation account is the account in which the reserves for payment of retirement allowances and benefits must be accumulated and from which retirement allowances and benefits must be paid to retirees or their beneficiaries. Contributions to and payments from the pension accumulation account must be made as provided in this section.

(2) Except as provided in subsection (3), for each member employed during the whole or part of the preceding payroll period, the employer shall pay into the pension accumulation account an amount equal to~~:~~

(4) If the employer is a district or community college district, the trustees shall budget and pay for the employer's contribution under the provisions of 20-9-501.

(5) If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system, or the Montana state school for the deaf and blind, the legislature shall appropriate to the employer an adequate amount to allow the payment of the employer's contribution.

(6) If the employer is a county, the county commissioners shall budget and pay for the employer's contribution in the manner provided by law for the adoption of a county budget and for payments under the budget.

(7) All interest and other earnings realized on the money of the retirement system must be credited to the pension accumulation account, and the amount required to allow regular interest on the annuity savings account must be transferred to that account from the pension accumulation account.

(8) The board may transfer from the pension accumulation account to the expense account an amount necessary to cover expenses of administration."

Section 8. Section 19-20-701, MCA, is amended to read:

"19-20-701. Benefits. The retirement, disability, and other benefits of the retirement system ~~shall~~ *must* be granted on the basis of the provisions of this chapter. *A member's written application for benefits must include a statement certifying there has been a bona fide separation from service, including whether there are any intentions to be reemployed with the same employer that would be prohibited under the Internal Revenue Code.*"

Section 9. Section 19-20-702, MCA, is amended to read:

"19-20-702. Optional allowances. (1) Until the first payment on account of any benefit becomes normally due, any member may elect to receive one of the ~~optional~~ allowances described in subsection (2) *or (3)* in lieu of the normal form of retirement allowance, which is provided for in 19-20-902 and part 8 of this chapter. If a member dies within 30 days after retirement, the member's election to receive an optional allowance is void and the member's death will be considered as that of an active member.

(2) An optional allowance is the actuarial equivalent of the member's service retirement or disability retirement allowance at the time of the member's retirement effective date and provides an allowance payable to the member throughout the member's lifetime and, upon the member's death, an allowance payable to the person that the member nominated by written designation, duly acknowledged and filed with the retirement board at the time of the member's retirement, in accordance with one of the following options:

(a) Option A—the optional allowance will be paid to the member throughout the member's lifetime and, upon the member's death, continue throughout the lifetime of the member's designated beneficiary.

(b) Option B—the optional allowance will be paid to the member throughout the member's lifetime, and upon the member's death, one-half of the optional allowance will be continued throughout the lifetime of the member's designated beneficiary.

(c) Option C—the optional allowance will be paid to the member throughout the member's lifetime, and upon the member's death, two-thirds of the optional allowance will be continued throughout the lifetime of the member's designated beneficiary.

~~(d)~~*(3) (a)* ~~Period certain and life—a retirement allowance will be paid for a certain period of time or for the member's lifetime, whichever is greater.~~

~~(i) The member shall elect one of the following certain time periods:~~ *In lieu of any other option available in this section, a member may elect to receive one of the following allowances that must be paid over the certain period of time or for the member's lifetime, whichever is greater:*

~~(A)~~*(i)* 10 years if the member is 75 years of age or younger at the time of retirement; or

~~(ii)~~*(b)* At the time of retirement, the member shall file with the board a written nomination of beneficiaries to receive payments if the member dies before the end of the certain period elected. Unless limited by a family law order, the nominated beneficiary may be changed by the member at any time by filing with the board a written notice designating different beneficiaries.

~~(3)~~*(4)* (a) Upon written application to the retirement board, a retired member whose effective date of retirement is before October 1, 1993, and who is receiving an optional retirement allowance may *select a different actuarially*

equivalent optional allowance and designate a different beneficiary~~, select a different option, or convert the member's optional retirement allowance to a normal form of retirement allowance~~ if:

(i) the original beneficiary has died. The benefit must convert to the normal form of retirement allowance effective the first of the month following the death of the designated beneficiary.

(ii) the member has been divorced from the original beneficiary and the original beneficiary has not been granted the right to receive the optional retirement allowance as part of the divorce settlement. The benefit must convert to the normal form of retirement allowance effective the first of the month following receipt of a written application and verification that the original beneficiary has not been granted the right to receive the optional retirement allowance as part of the divorce settlement.

(b) Upon receipt of the written application, the board shall actuarially adjust the member's monthly retirement or disability allowance to reflect the change.

~~(4)~~*(5)* A retired member receiving an optional retirement allowance pursuant to subsection (2)(a), (2)(b), or (2)(c) that is effective after October 1, 1993, may file a written application to *select a different actuarially equivalent optional allowance and designate a different beneficiary or to* revert the optional retirement allowance to the full normal form of retirement allowance available at the time of retirement if:

(a) the original beneficiary has died. The benefit must revert to the full normal form of retirement allowance effective the first of the month following the death of the designated beneficiary.

(b) the member has been divorced from the original beneficiary and the original beneficiary has not been granted the right to receive the optional retirement allowance as part of the divorce settlement. The benefit must revert to the full normal form of retirement allowance effective the first of the month following receipt of a written application and verification that the original beneficiary has not been granted the right to receive the optional retirement allowance as part of the divorce settlement.

~~(5)~~*(6)* The normal form of retirement allowance available must be increased by the value of any postretirement adjustments received by the member since the effective date of retirement.

~~(6)~~*(7)* The retired member shall file the written application required by subsection ~~(3)~~ *(4)* or ~~(4)~~ *(5)* with the board ~~to designate a different beneficiary or to select an actuarially equivalent optional allowance, or both,~~ within 18 months of the death or divorce of the designated beneficiary."

Section 10. Section 19-20-703, MCA, is amended to read:

"19-20-703. Payments to be monthly. (1) All retirement allowances must be paid in equal monthly installments.

(2) The retirement allowance may commence:

(a) no earlier than the first day of the month following the member's termination date or on the first day of the month following the date when the member first becomes eligible, whichever date is later; or

(b) if requested by the inactive member in writing:

(i) on the first day of a later month; or

(ii) on the first day of the month following the member's 60th birthday.

(3) Distribution of ~~a~~ *an inactive* member's benefit must begin by the later of the April 1 following the calendar year in which a member attains age 70 1/2 or April 1 of the year following the calendar year in which the member terminates. If a member fails to apply for retirement benefits by the later of either of those dates, the board shall begin distribution of the monthly benefit as provided in ~~19-20-702(2)(d)(i)(A)~~ *19-20-702(3)(a)(i)*.

(4) The life expectancy of a member or the member's beneficiary may not be recalculated after benefits commence."

Section 11. Section 19-20-718, MCA, is amended to read:

"19-20-718. Maximum contribution limitation. (1) Notwithstanding any other provision of law to the contrary, the board may modify a request by a participant to make a contribution to the system required under part 4 or *part* 6 of this chapter that would exceed the limits in section 415(c) or 415(n) of the Internal Revenue Code by using the following methods:

(a) The board may establish a periodic payment plan in order to avoid a contribution in excess of the limits of section 415(c) or 415(n) of the Internal Revenue Code.

(b) If the board's option in subsection (1)(a) will not avoid a contribution in excess of the limits in section 415(c) of the Internal Revenue Code, the board may direct the excess contribution to the qualified governmental excess benefit arrangement pursuant to section 415(m) of the Internal Revenue Code if a qualified governmental excess benefit arrangement has been established pursuant to 19-20-212.

(2) If the board's options in subsections (1)(a) and (1)(b) will not avoid a contribution in excess of the limits of section 415(c) of the Internal Revenue Code, the board shall reduce or refuse the contribution.

(3) The board shall use the provisions of section 415(n) of the Internal Revenue Code, as the provisions apply to a government plan, to facilitate member's service purchases. An eligible participant in a retirement plan, as defined by section 1526 of the Taxpayer Relief Act of 1997, 26 U.S.C. 415, may purchase service credit without regard to the limitations of section 415(c)(1) of the Internal Revenue Code under the Montana statutes in effect on August 5, 1997.

(4) *(a)* For the purpose of calculating the maximum contribution under section 415 of the Internal Revenue Code, the definitions of "compensation", "wages", and "salary" include the amount of any elective deferral, as defined in section 402(g) of the Internal Revenue Code, or any contribution that is contributed or deferred by the employer at the election of the member and that is not includable in the gross income of the member by reason of section 125, 132(f), 403(b), or 457 of the Internal Revenue Code. Any changes in the maximum limits under section 415 of the Internal Revenue Code must be applied prospectively.

(b) For limitation years beginning after December 31, 2000, compensation must also include any elective amounts that are not able to be included in the gross income of the member by reason of section 132(f)(4) of the Internal Revenue Code.

(c) For limitation years beginning on and after September 1, 2009, compensation for the limitation year must also include compensation paid by the later of 2.5 months after a member's severance from employment or the end of the

limitation year that includes the date of the member's severance from employment if:

(i) the payment is regular compensation for services during the member's regular working hours or compensation for services outside the member's regular working hours, such as overtime or shift differential, commissions, bonuses, or other similar payments, and absent a severance from employment, the payments would have been paid to the member while the member continued in employment with the employer; or

(ii) the payment is for unused accrued sick, vacation, or other leave that the member would have been able to use if employment had continued.

(3) Except as provided in subsection (5), the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by $1 for each dollar earned over the maximum allowed. Monthly benefits must be reduced beginning as soon as practical after the excess earnings have been reported to the retirement system by the employer. The retirement benefit must be canceled if the retired

member's earnings over the maximum allowed exceed the gross monthly benefit amount.

The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were canceled.

(5) If ~~an early-retired~~ *a retired* member ~~under 19-20-802~~ *who has not attained normal retirement age* is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.

(6) For purposes of this section, "position eligible to participate in the retirement system" includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor, as those terms are defined in 39-8-102.

If the retiree is employed full-time by an employer covered under this chapter, the retiree ~~shall~~ *must* again become an active member of the retirement system. ~~Any prior service certificate on the basis of which the member's service was computed at the time of the member's disability retirement must be restored to full force, and upon the member's subsequent retirement, the member must be credited with the prior service and all subsequent service as a member.~~

(2) If the member is restored to active membership on or after the attainment of the age of 55 years, the member's retirement allowance upon subsequent retirement may not exceed the retirement allowance that the member would have received had the member remained in service during the period of the member's previous retirement or the sum of the retirement allowance that the member was receiving immediately prior to the member's last restoration to service and the retirement allowance that the member would have received on account of the member's service since the member's last restoration had the member entered service at that time as a new member."

(c) In the event that payments made to the beneficiary do not equal the amount of the member's accumulated contributions before the member's death, the difference between the total retirement allowance payments made and the amount of the accumulated contributions at the time of the member's death must be paid to the beneficiary's estate.

(3) If the deceased member had 5 or more years of creditable service and was an active member in the state of Montana within 1 year before the member's death, a lump-sum death benefit of $500 is payable to the member's designated beneficiary.

(3) The amount of benefits payable to a member's beneficiary may not exceed the maximum determined under the incidental death benefit requirements of the Internal Revenue Code.

(4) If the member dies before retirement benefits commence and a benefit is payable pursuant to 19-20-1001, distributions to the member's beneficiaries must begin as soon as administratively feasible and must begin no later than December 31 of the calendar year immediately following the calendar year in which the member died. If the beneficiary has not elected the form of payment by the date on which the beneficiary is to receive the benefit and the beneficiary is eligible for a monthly benefit, the benefit must be paid as provided in ~~19-20-702(2)(d)(i)(A)~~ *19-20-702(3)(a)(i)* or a lump sum must be paid if that is the only benefit due the beneficiary."

Section 17. Compliance with federal act. With respect to a member's death occurring on or after January 1, 2007, while a member is performing qualified military service covered under the Heroes Earnings Assistance and Relief Tax Act of 2008, Public Law 110-245, and to the extent required by section 401(a)(37) of the Internal Revenue Code, 26 U.S.C. 401(a)(37), the designated beneficiaries are entitled to benefits that the system would have provided if the member had resumed employment and then died and that are contingent on the member's death while employed.

governing the retirement system to which the member belongs may elect to make a lump-sum payment *by personal check or rollover of funds from another eligible plan*, *to make* installment payments, or *to make* a combination of a lump-sum payment and installment payments.

(4) Installment payments must be *made by personal check* paid directly to the board~~,~~ unless the member elects to make payments by irrevocable payroll deduction. The minimum installment period for payments ~~made directly to the board~~ is 3 months, and the maximum installment period is 5 years.

(5) To elect installment payments by irrevocable payroll deduction, the member shall file with the board and the member's employer an irrevocable, written application and authorization for payroll deductions. The application and authorization:

(a) must be signed by the member and the member's employer;

(b) must specify the dollar amount of each deduction and the number of deductions to be made, subject to any maximum amounts or duration established by state or federal law;

(c) ~~must provide that the deductions are to be made over a period of time of no less than 3 months and no more than 5 years in duration;~~

~~(d)~~ may not give the member the option of receiving the deduction amounts directly instead of having them paid by the employer to the board; and

~~(e)~~*(d)* must specify that the additional contributions being picked up, although designated as employee contributions, are being paid by the employer directly to the board in lieu of contributions paid directly by the employee.

(6) If the board notifies the employer that a proper written application and authorization has been filed with the board, the employer shall initiate the payroll deduction as follows:

(a) An employer shall pick up the member's elective additional contributions made pursuant to a payroll deduction authorization. The contributions picked up by the employer must be paid from the same source as is used to pay compensation to the member and must be included as part of the member's earned compensation before the deduction is made.

(b) Employee contributions, even though designated as employee contributions for state law purposes, are paid by the member's employer in lieu of contributions paid directly by the member to the board.

(c) The member may not choose to receive the contributed amounts directly instead of having them paid by the employer to the board.

(d) The effective date of the employer pickup and payment pursuant to this section is the date on which the employee's additional contribution is first deducted from the employee's compensation. However, the effective date may not be prior to the date that the member properly completes the written application and authorization for payroll deductions and files it with the board. The pickup may not apply to any additional contributions made before the effective date or to any contributions related to compensation earned for services rendered before the effective date.

(e) Installment payments initiated by contract prior to July 1, 1999, may be paid by payroll deduction only if the member files a written application and authorization for payroll deductions pursuant to this section. If the member does not file a written application and authorization for payroll deductions

pursuant to this section, the installment contract payments agreed to by the member must be paid by the member directly to the board.

(f) A member may file more than one irrevocable payroll deduction agreement and authorization as long as a subsequent deduction authorization does not amend a previous irrevocable authorization. A member may not prepay an amount under an irrevocable payroll deduction *agreement without terminating employment*, except when a member ~~with an existing contract to purchase service credit elects to transfer to the defined contribution retirement plan pursuant to 19-3-2111(7) or to the optional retirement program pursuant to 19-3-2112(2)(j)~~ *becomes a member of another retirement system by an authorized election and the service purchase is in accordance with 19-2-715*.

(7) If a member terminates employment or dies before completing all payments required by a payroll deduction authorization filed pursuant to this section, the deduction authorization expires and the board shall prorate the service credit based on the amount paid unless further payment is made as provided in this subsection. In the case of a termination from employment, the member may make a lump-sum payment for up to the balance of the service credit remaining to be purchased, subject to the limitations of section 415 of the Internal Revenue Code. In the case of death of the member, the payment may be made from the member's estate subject to the limitations of section 415 of the Internal Revenue Code."

Section 4. Section 19-2-710, MCA, is amended to read:

"19-2-710. Nonapplication of part to defined contribution plan. Except as otherwise provided in *19-2-715 and* chapter 3, part 21, of this title, none of the provisions of this part apply under the defined contribution plan."

Section 5. Section 19-2-715, MCA, is amended to read:

"19-2-715. Purchase of Montana public service. (1) (a) ~~A~~ *An active* member may, at any time before retirement, file a written application with the board to purchase as service credit in the member's retirement system all or any portion of the member's previous service credit in the public employees', judges', highway patrol officers', sheriffs', game wardens' and peace officers', firefighters' unified, or municipal police officers' retirement system if the member has:

(i) received or is eligible to receive a refund of accumulated contributions; or

(ii) become a member of one of the other retirement systems covered under chapter 3, 5, 6, 7, 8, 9, or 13 of this title.

(b) To purchase this service credit, the member shall pay the actuarial cost of the service credit in the member's current retirement system, based on the system's most recent actuarial valuation and the annual compensation of the member, minus the employer contribution provided in subsection (1)(c).

(c) Upon receiving the member's payment under subsection (1)(b), the board shall transfer from the member's former retirement system to the member's current retirement system an amount equal to the employer contributions made on compensation during the member's former service, but no more than an amount equal to the normal cost contribution rate minus the employee contribution rate in the member's current retirement system according to the system's most recent actuarial valuation.

(d) If the member was formerly in the public employees' retirement system's defined contribution plan, the member shall pay the actuarial cost of the service credit in the member's current retirement system, based on the system's most

recent actuarial valuation and the annual compensation of the member. The member is eligible to transfer the vested portion of the member's defined contribution account to pay the balance due. Any nonvested portion of the defined contribution account is forfeited pursuant to 19-3-2117.

(2) (a) An active member may, at any time before retirement, file a written application with the board to purchase all or a portion of ~~service credit for full-time service performed~~ *previous employment* for the state or a political subdivision of the state. The member shall provide salary and employment documentation certified by the member's former public employer. To purchase service credit under this section, the member shall pay the actuarial cost of the service credit in the member's current retirement system, as determined by the board, based on the system's most recent actuarial valuation. *For the purpose of this subsection (2)(a), a political subdivision of the state includes a school district.*

(b) The board is the sole authority under subsection (2)(a) in determining what constitutes ~~full-time~~ public service, subject to 19-2-403."

Section 6. Section 19-2-801, MCA, is amended to read:

"19-2-801. Designation of beneficiary. (1) *(a)* In the absence of any statutory beneficiaries, designated beneficiaries are the natural persons, charitable organizations, estate of the payment recipient, or trusts for the benefit of natural living persons that the member or payment recipient designates on the membership card or other form provided by the board. Unless otherwise provided by statute, a member or payment recipient may revoke the designation and name different designated beneficiaries by filing with the board a new membership card or other form provided by the board. ~~The~~ *Except as provided in subsection (1)(b), the* most recent beneficiary designation filed with the board is effective for all purposes.

(b) A member may elect to either override or retain the member's existing beneficiary designation when completing a membership card for temporary or secondary employment with another employer within the same Title 19 retirement system.

(2) If a statutory or designated beneficiary predeceases the member or payment recipient, the predeceased beneficiary's share must be paid to the remaining statutory or designated beneficiaries in amounts proportional to each remaining statutory or designated beneficiary's original share.

(3) A statutory or designated beneficiary who renounces an interest in the payment rights of a member or payment recipient will be considered, with respect to that interest, as having predeceased the member or payment recipient."

Section 7. Section 19-2-908, MCA, is amended to read:

"19-2-908. Time of commencement of benefit — rulemaking. (1) (a) The board shall grant a benefit to any active or inactive member who is vested, or the member's statutory or designated beneficiary, who has fulfilled all eligibility requirements, terminated service, and filed the appropriate written application with the board. However, the board may, on its own accord and without a written application, begin benefit payments to a member or beneficiary in order to comply with section 401(a)(9) of the Internal Revenue Code.

(b) A member may apply for retirement benefits before termination from employment, but commencement of the benefits must be as provided in this section.

(2) (a) Except as provided in subsection (2)(b), the service retirement benefit may commence on the first day of the month following the eligible member's last day of ~~membership service~~ *employment* or, if requested by the ~~inactive~~ member in writing, on the first day of a later month ~~following filing of the written application~~.

(b) If an elected official's term of office expires before the 15th day of the month, the official may elect that service retirement benefits from a defined benefit plan commence on the first day of the month following the official's last full month in office. An official electing this option shall file a written application with the board. An official electing this option may not earn membership service, service credit, or compensation for purposes of calculating highest average compensation or final average compensation, as defined under the provisions of the appropriate retirement system, in the partial month ending the official's term, and compensation earned in that partial month is not subject to employer or employee contributions.

(3) (a) Subject to the provisions of subsection (3)(b), the disability retirement benefit payable to a member must commence on the day following the member's termination from employment.

(b) The guaranteed annual benefit adjustment payable pursuant to 19-3-1605, 19-5-901, 19-6-710, 19-6-711, 19-7-711, 19-8-1105, 19-9-1009, 19-9-1010, 19-9-1013, 19-13-1010, and 19-13-1011 may not be paid retroactively. The guaranteed annual benefit adjustment begins on January 1 of the year after the member has received an amount equal to or greater than 12 months of disability benefit payments.

(4) Monthly survivorship benefits from a defined benefit plan must commence on the day following the death of the member.

(5) Estimated and finalized benefit payments must be issued as provided in rules adopted by the board.

(6) With respect to the defined contribution plan, the board shall adopt rules regarding the commencement of benefits that are consistent with applicable provisions of the Internal Revenue Code and its implementing regulations."

Section 8. Section 19-3-201, MCA, is amended to read:

"19-3-201. Contracts with political subdivisions. (1) Any municipal corporation, county, or public agency in the state may become a contracting employer ~~and make all or specified groups of its employees members of the retirement system by~~ *through* a contract entered into between the board and the legislative body of the contracting employer. *The contract must provide that all employees eligible under this chapter must become members. Contracts executed prior to July 1, 2009, that limit membership to a specific group or groups of employees remain valid.* The contract may include any provisions that are consistent with chapter 2 and this chapter and necessary in the administration of the retirement system as it affects the contracting employer and its employees.

(2) The approval of the contract is subject to the following provisions, in addition to the other provisions of chapter 2 and this chapter:

(a) The legislative body of the contracting employer shall adopt a resolution of intention to approve the contract and containing a summary of the major provisions of the retirement system. The contract may not be approved unless the employees proposed to be included in the retirement system adopt the proposal by a majority affirmative vote in a secret ballot. The ballot at the

election must include the summary of the retirement system as set forth in the resolution. The election must be conducted as prescribed by the legislative body of the contracting employer. Approval of the contract must be by the affirmative vote of two-thirds of the members of the legislative body within 40 days after the adoption of the resolution.

(b) The contract must specify that the provisions of the retirement system apply to all employees on the effective date of the contract and to all employees hired after the effective date of the contract. An employee's membership in either the defined benefit plan or the defined contribution plan is determined on an individual basis as provided in this chapter.

(c) The contract may be amended in the manner prescribed in this section for the original approval of contracts. The contract must be approved by the board. The board may disapprove of a contract if, in the board's sole discretion, the contract adversely affects the interests of the retirement system. Any amendments to the retirement system made pursuant to Montana laws immediately apply to and become a part of the contract.

(3) The termination of the contract is subject to the following provisions, in addition to the other provisions of this chapter:

(a) The legislative body of a contracting employer shall adopt a resolution giving notice to its employees that it intends to terminate retirement system coverage.

(b) All employees covered under the retirement system must be given notice of the termination resolution and be permitted to vote for or against the resolution by secret ballot.

(c) If a majority of covered employees votes for termination, the legislative body, within 20 days after the approval of the resolution by the employees, may adopt by a two-thirds majority a resolution terminating coverage under the system effective the last day of that month and forward the resolution and a certified copy of the election results to the board.

(d) Upon receipt of the termination resolution, the board may request an actuarial valuation of the liabilities of the terminating agency to the retirement system, and the board may withhold approval of the termination of contract until satisfactory arrangements are made to provide funding for any excess accrued liabilities not previously funded by the terminating agency."

Section 9. Section 19-3-316, MCA, is amended to read:

"19-3-316. Employer contribution rates. (1) Each employer shall contribute to the system. Except as provided in subsection (2), the employer shall pay as employer contributions 6.9% of the compensation paid to all of the employer's employees plus any additional contribution under subsection (3), except for those employees properly excluded from membership. Of employer contributions made under this subsection for both defined benefit plan and defined contribution plan members, a portion must be allocated for educational programs as provided in 19-3-112. Employer contributions for members under the defined contribution plan must be allocated as provided in 19-3-2117.

(2) Local government and school district employer contributions must be the total employer contribution rate provided in subsection (1) minus the state contribution rates under 19-3-319.

(3) Subject to subsection (4), each employer shall contribute to the system an additional employer contribution equal to ~~the following percentage~~ *0.27%* of the

compensation paid to all of the employer's employees, except for those employees properly excluded from membership:

~~(a) beginning July 1, 2007, 0.135%; and~~

~~(b) beginning July 1, 2009, 0.27%~~.

(4) (a) The board shall periodically review the additional employer contribution provided for under subsection (3) and recommend adjustments to the legislature as needed to maintain the amortization schedule set by the board for payment of the system's unfunded liabilities.

(b) The employer contribution required under subsection (3) terminates on July 1 ~~immediately~~ following the *board's receipt of the* system's actuarial valuation if:

(i) the actuarial valuation determines that the period required to amortize the system's unfunded liabilities, including adjustments made for any benefit enhancements enacted by the legislature after the valuation, is less than 25 years; and

(ii) terminating the additional employer contribution would not cause the amortization period as of the most recent actuarial valuation to exceed 25 years."

Section 10. Section 19-3-403, MCA, is amended to read:

"19-3-403. Exclusions from membership. The following persons may not become members of the retirement system *and, except as provided in subsection (7), may not later purchase previous service under 19-3-505*:

(1) inmates of state institutions;

(2) persons in state institutions principally for the purpose of training but who receive compensation;

(3) independent contractors;

(4) persons who are members of any other retirement or pension system supported wholly or in part by funds of the United States government, any state government, or political subdivision of the state and who are receiving credit in the other system for employment. It is the purpose of this subsection to prevent a person from receiving credit for the same employment in two retirement systems supported wholly or in part by public funds, except when the service qualifies and is applied for and the service credit is purchased pursuant to 19-3-503. A member of the retirement system who, because of employment by the state, is required to become a member of any other system described in this subsection is considered, with regard to that employment, an inactive member of the retirement system, except that the member is not eligible for retirement or a refund of the member's accumulated contributions. Exclusion under this subsection is subject to the following exceptions:

(a) The employees of an employer who has entered into a collective bargaining agreement involving a multiemployer pension plan qualified by the internal revenue service and that requires contributions by the employer for the members of the bargaining unit remain eligible, if otherwise qualified, for membership in the retirement system.

(b) For the purpose of this subsection (4), persons receiving pensions, retirement benefits, or other payments from any source on account of employment other than as an employee are not considered, because of receipt, members of any other retirement or pension system.

(5) substitute teachers or part-time teacher's aides who may elect to join the teachers' retirement system in accordance with 19-20-302(4);

~~(5)~~*(6)* court commissioners, elected officials, or appointive members of any board or commission who serve the state or any contracting employer intermittently and who are paid on a per diem basis;

~~(6)~~*(7)* full-time students employed at and attending the same public elementary school, high school, community college, or unit of the state university system, except that a person excluded from membership as a student of a public community college or a unit of the state university system who later becomes an active member by otherwise becoming an employee may affirmatively exercise the option of purchasing the service credit excluded by this subsection by applying to the board in writing after becoming an active member and become eligible to receive service credit for the excluded service under the provisions of 19-3-505."

Section 11. Section 19-3-504, MCA, is amended to read:

"19-3-504. Absence due to illness or injury. (1) Time, not to exceed 5 years, during which a member is absent from service because of injury or illness is considered membership service if, within 1 year after the end of the absence, the injury or illness is determined to have arisen out of and in the course of the member's employment. However, the member may not earn service ~~credits~~ *credit* for this period unless the member *files with the board a written notice of the member's intent to purchase the time of absence and* complies with ~~subsections (2) and (3)~~ *subsection (2)*, in which case the absence is considered as time spent in service for both service credit and membership service.

(2) (a) A member absent because of an employment-related *illness or* injury entitling the member to workers' compensation payments may, upon the member's return to service~~,~~ *or upon termination of employment if the member cannot return to service due to the illness or injury,* contribute to the retirement system an amount equal to the contributions that would have been made by the member to the system *during the absence. The amount of contributions owed will be based* on ~~the basis of~~ the member's compensation at the commencement of the member's absence*,* plus regular interest accruing ~~from~~ 1 year from the date after the member returns to service *or terminates employment* to the date the member contributes for the period of absence.

(b) Whenever a member elects to contribute under subsection (2)(a), the employer shall contribute employer contributions for the period of absence based on the salary as calculated in subsection (2)(a) and may pay interest on the employer's contribution calculated in the same manner as interest on the employee's contribution under subsection (2)(a). An employer electing to make an interest payment shall do so for all employees similarly situated. If the employer elects not to pay the interest costs, this amount must be paid by the employee.

(3) ~~At some time after returning to service, a member shall file with the board a written notice of the member's intent to pay the contributions under subsection (2).~~

~~(4)~~ A member loses the right to contribute for ~~an~~*:*

(a) the entire absence under this section if all of the member's accumulated contributions are refunded pursuant to 19-2-602*;* or ~~for~~

(b) the period of time during which retirement benefits are received if the member retires during the absence."

Section 12. Section 19-3-513, MCA, is amended to read:

"19-3-513. Application to purchase additional service. (1) Subject to 19-3-514, a member with at least 5 years of membership service may, at any time before retirement, file a written application with the board to purchase 1 year of additional service credit for each 5 years of membership service.

(2) To purchase this service credit under this section, a member shall pay the actuarial cost of the service credit, based on the system's most recent actuarial valuation.

(3) Service credit purchased under this section is not membership service and may not be used to qualify a member for service retirement.

(4) Once a member has at least 25 years of membership service, purchases of one-for-five service will be used to adjust the early retirement reduction required in 19-3-906."

Section 13. Section 19-3-906, MCA, is amended to read:

"19-3-906. Early retirement benefit. (1) The amount of retirement benefit payable to a member following early retirement is the actuarial equivalent of the accrued portion of the service retirement benefit that would have been payable to the member commencing at age 60 or upon completion of 30 years of membership service pursuant to 19-3-904.

(2) The early retirement benefit must be determined as prescribed in 19-3-904, with the exception that the benefit must be reduced as follows:

(a) by 1/2 of 1% multiplied by the number of months up to a maximum of 60 months by which the retirement date precedes the date on which the member would have retired had the member attained 60 years of age or had the member completed 30 years of membership service; and

(b) by 3/10 of 1% multiplied by the number of months in excess of the 60 months in subsection (2)(a) but not to exceed 60 additional months that the retirement date precedes the date on which the member would have retired had the member attained 60 years of age or had the member completed 30 years of membership service.

(3) The actuarial reduction provided for in this section must be adjusted for any ~~additional service credit~~ *one-for-five service* purchased under 19-3-513 *once the member has at least 25 years of membership service*."

Section 14. Section 19-3-1015, MCA, is amended to read:

"19-3-1015. Medical examination of disability retiree — cancellation and reinstatement. (1) The board may, in its discretion, require a disabled member to undergo a medical examination. The examination must be made by a *board-approved* physician or surgeon ~~appointed by the board,~~ at a place mutually agreed ~~upon~~ *on* by the ~~retired member and the~~ board*, the disabled member, and the physician or surgeon and at the board's expense*. Upon the basis of the examination, the board shall determine whether the disabled member is unable, by reason of physical or mental incapacity, to perform the essential elements of either the position held by the member when the member retired or the position proposed to be assigned to the member. If the board determines that the member is not incapacitated or if the member refuses to submit to a medical examination, the member's disability retirement benefit must be canceled.

(2) If the board determines that a disabled member should no longer be subject to medical review, the board may grant service retirement status to the member without recalculating the monthly benefit. The board shall notify the

member in writing as to the change in status. If the disabled member disagrees with the board's determination, the member may file a written application with the board requesting that the board reconsider its action. The written application for reconsideration must be filed within 60 days after receipt of the notice of the status change.

(3) (a) Except as provided in subsections (3)(b) and (3)(c), a member whose disability retirement benefit is canceled because the board has determined that the member is no longer incapacitated must be reinstated to the position held by the member immediately before the member's retirement or to a position in a comparable pay and benefit category with duties within the member's capacity if the member was an employee of the state or of the university. If the member was an employee of a contracting employer, the board shall notify the proper official of the contracting employer that the disability retirement benefit has been canceled and that the former employee is eligible for reinstatement to duty. The fact that the former employee was retired for disability may not prejudice any right to reinstatement to duty that the former employee may have or claim to have.

(b) A member who is employed by an employer forfeits any right to reinstatement provided by this section.

(c) This section does not affect any requirement that the former employee meet or be able to meet professional certification and licensing standards unrelated to the disability and necessary for reinstatement to duty.

(4) If a member whose disability retirement benefit is canceled is not reemployed in a position subject to the retirement system, the member is considered, for the purposes of 19-2-602, to have terminated service coincident with the commencement of the member's retirement benefit."

Section 15. Section 19-3-1106, MCA, is amended to read:

"19-3-1106. Limited reemployment — reduction of service retirement benefit upon exceeding limits — exceptions. (1) A retired member under 65 years of age who is receiving a service retirement benefit or early retirement benefit may return to employment covered by the retirement system for a period not to exceed 960 hours in any calendar year without returning to active service and without any effect to the retiree's retirement benefit. The retirement benefit for any retiree exceeding this 960-hour limitation in any calendar year after retirement must be temporarily reduced $1 for each $1 earned after working 960 hours in that calendar year.

(2) A retiree 65 years of age or older who returns to employment covered by the retirement system is either subject to the 960-hour limitation of subsection (1) or may earn in any calendar year an amount that, when added to the retiree's current annual retirement benefits, will not exceed the member's annualized highest average compensation, adjusted for inflation as of January 1 of the current calendar year, whichever limitation provides the higher limit on earned compensation to the retiree. Upon reaching the applicable limitation, the retiree's benefits must be temporarily reduced $1 for each $1 of compensation earned in service beyond the applicable limitation during that calendar year.

(3) ~~A~~ *The employer of a* retiree returning to employment covered by the retirement system ~~and the returning employee's employer~~ shall certify to the board the number of hours worked by the retiree and the gross compensation paid to the retiree in that employment during any ~~month~~ *pay period* after retirement. *The certification of hours and compensation may be submitted electronically pursuant to rules adopted by the board.*

(4) A retiree returning to employment covered by the retirement system may elect to return to active membership at any time during this period of covered employment.

(5) The following members who return to employment covered by the retirement system are not subject to the hour or earnings limitations in subsections (1) and (2) or the reporting requirements in subsection (3):

(a) a retired member who is 70 1/2 years of age or older; or

(b) an elected official in a covered position who declines optional membership as provided in 19-3-412.

(6) For the purposes of this section, "employment covered by the retirement system" includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor as those terms are defined in 39-8-102."

Section 16. Section 19-3-1210, MCA, is amended to read:

"19-3-1210. Death payments to designated beneficiaries of retired members. If a retired member dies without designating a contingent annuitant under 19-3-1501, the member's designated beneficiary or*, if there is no surviving designated beneficiary, the member's* estate must be paid the amount, if any, of the member's accumulated contributions calculated as of the day of the member's retirement minus the total of any retirement benefits already paid from the member's account."

Section 17. Section 19-3-2111, MCA, is amended to read:

"19-3-2111. Plan membership — written election required — failure to elect — effect of election. (1) Except as otherwise provided in this part:

(a) ~~(i) a member who is an active member of the defined benefit plan on the date that the defined contribution plan becomes effective may, within 12 months after that date, elect to transfer to and become a member of the plan regardless of whether the member remains active, becomes inactive, or terminates employment and plan membership within the 12-month period;~~

~~(ii)~~ a member who was an inactive member of the defined benefit plan on the *effective* date ~~that~~ *of* the defined contribution plan ~~becomes effective~~ and who is rehired into covered employment after the plan effective date may, within the 12-month period provided for in subsection (2)(a), elect to transfer to and become a member of the plan regardless of whether the member remains active, becomes inactive, or terminates employment and plan membership within the 12-month period;

(b) a member who is initially hired into covered employment on or after the *effective* date ~~that~~ *of* the defined contribution plan ~~becomes effective~~ may, within the 12-month period provided for in subsection (2)(a), elect to become a member of the plan regardless of whether the member remains active, becomes inactive, or terminates employment and plan membership within the 12-month period.

(2) (a) Elections made pursuant to this section must be made on a form prescribed by the board and must be made within 12 months from the month that the employer properly reports the new or rehired member to the board.

(b) A member failing to make an election prescribed by this section remains a member of the defined benefit plan.

(c) An election under this section, including the default election pursuant to subsection (2)(b), is a one-time irrevocable election. Subject to 19-3-2113, this

subsection (2)(c) does not prohibit a new election after a member has terminated membership in either plan and returned to covered employment.

(3) A member in either the defined benefit plan or the defined contribution plan who becomes inactive after an election under this section and who returns to active membership remains in the plan previously elected.

(4) A system member may not simultaneously be a member of the defined benefit plan and the defined contribution plan and must be a member of either the defined benefit plan or the defined contribution plan. A period of service may not be credited in more than one retirement plan within the system.

(5) The provisions of this part do not prohibit the board from adopting rules to allow an employee to elect the defined contribution plan from the first day of covered employment.

(6) A member of the defined benefit plan who is subject to a family law order pursuant to 19-2-907 or an execution or income-withholding order pursuant to 19-2-909 may not transfer to the defined contribution plan unless the order is modified to apply under the defined contribution plan.

(7) (a) A member of the defined benefit plan who is purchasing service credit through installment payments, either made directly to the board or pursuant to a payroll deduction agreement, may not transfer membership to the defined contribution plan unless the member first completes or terminates the contract for purchase of service credit.

(b) A member who files an election to transfer membership may make a lump-sum payment for up to the balance of the service credit remaining to be purchased prior to transferring, subject to the limitations of section 415 of the Internal Revenue Code. The lump-sum payment, unless made by a rollover pursuant to 19-2-708, must be made with after-tax dollars.

(c) If a member who files an election to transfer membership fails to complete or terminate the contract for purchase of service credit by the end of the member's 12-month election window, the board shall terminate the service purchase contract and credit the member with the prorated amount of service credit purchased under the contract."

Section 18. Section 19-3-2133, MCA, is amended to read:

"19-3-2133. Employee investment advisory council. *(1)* The board shall create an employee investment advisory council. The advisory council shall meet at least four times a year to:

~~(1)~~*(a)* advise the board concerning the operation of the defined contribution plan, including the selection of the initial investment alternatives to be provided pursuant to 19-3-2122;

Section 5. Section 19-2-907, MCA, is amended to read:

"19-2-907. Alternate payees — family law orders — rulemaking. (1) A participant in a retirement system may have the participant's rights modified or recognized by a family law order.

(a) "family law order" means a judgment, decree, or order of a court of competent jurisdiction under Title 40 concerning child support, parental support, spousal maintenance, or marital property rights that includes a transfer of all or a portion of a participant's payment rights in a retirement system to an alternate payee in compliance with this section *and with section 414(p) of the Internal Revenue Code, 26 U.S.C. 414(p)*; and

(b) "participant" means an identified person who is a member or an actual or potential beneficiary, survivor, or contingent annuitant of a retirement system or plan designated pursuant to Title 19, chapter 3, 5, 6, 7, 8, 9, 13, or 17.

(3) A family law order must identify a participant and an alternate payee by full name, current address, date of birth, and social security number. An alternate payee's rights and interests granted in compliance with this section are not subject to assignment, execution, garnishment, attachment, or other

process. An alternate payee's rights or interests may be modified only by a family law order amending the family law order that established the right or interest.

(4) ~~A~~ *Except as provided in subsection (6)(a), a* family law order may not require:

(a) a type or form of benefit, option, or payment not available to the affected participant under the appropriate retirement system or plan; or

(b) an amount or duration of payment greater than that available to a participant under the appropriate retirement system or plan.

(5) With respect to a defined benefit plan, a family law order may provide for payment to an alternate payee only as follows:

(a) Retirement benefit payments or refunds may be apportioned by directing payment of either a percentage of the amount payable or a fixed amount of no more than the amount payable to the participant. Payments to an alternate payee may be limited to a specific amount each month if the number of payments is specified.

Conversion of a disability retirement to a service retirement pursuant to 19-2-406(4), 19-3-1015(2), 19-6-612(2), or 19-8-712(2) does not increase the maximum monthly amount that may be paid to an alternate payee.

(c) Retirement benefit adjustments for which a participant is eligible after retirement may be paid as a percentage only if existing benefit payments are paid as a percentage. The adjustments must be paid as a percentage in the same ratio as existing benefit payments.

(d) The participant may be required to choose a specified form of benefit payment or designate a beneficiary or contingent annuitant if the retirement system or plan allows for that option.

(6) With respect to a defined contribution plan, a family law order may provide for payment to an alternate payee only as follows:

(a) The vested account of the participant may be apportioned by directing payment of either a percentage or a fixed amount. The total amount paid may not exceed the amount in the participant's vested account. The alternate payee may receive the payment only as a direct payment, rollover, or transfer. ~~A new account may be established for an alternate payee, but money in the account~~ *The alternate payee's portion* must be totally disbursed to the alternate payee as soon as *administratively* feasible upon the ~~participant's termination of service or death~~ *board's approval of the family law order*.

(b) If the participant is receiving periodic payments or an annuity provided under the plan, those payments may be apportioned as a percentage of the amount payable to the participant. Payments to the alternate payee may be limited to a specific amount each month if the number of payments is specified. Payments may not total more than the amount payable to the payee.

(7) The duration of monthly payments paid from a defined benefit or defined contribution plan participant to an alternate payee may not exceed the lifetime of the appropriate participant. The duration of the monthly payments may be further limited only to a specified maximum time, the life of the alternate payee,

or the life of another specified participant. The alternate payee's rights and interests survive the alternate payee's death and may be transferred by inheritance.

(8) The board may assess a participant or an alternate payee for all costs of reviewing and administering a family law order, including reasonable attorney fees. The board may adopt rules to implement this section.

(9) Each family law order establishing a final obligation concerning payments by the retirement system must contain a statement that the order is subject to review and approval by the board.

(10) The board shall adopt rules to provide for the administration of family law orders."

Section 6. Section 19-2-1001, MCA, is amended to read:

(iv) retirement systems and plans established under Title 19 that must be aggregated for purposes of the limits in section 415 of the Internal Revenue Code, 26 U.S.C. 415, must be prioritized for qualification purposes based on the system or plan providing the member with the highest benefit.

(2) A member may not receive an annual benefit that exceeds the dollar amount specified in section 415(b)(1)(A) of the Internal Revenue Code, *26 U.S.C. 415(b)(1)(A),* subject to the applicable adjustments in section ~~415(b)~~ *415(d)* of the Internal Revenue Code*, 26 U.S.C. 415(d).*

(3) Notwithstanding any other provision of law to the contrary, the board may modify a request by a member to make a contribution to a retirement system or plan if the amount of the contribution would exceed the limits provided in section 415 of the Internal Revenue Code, by using the following methods:

(a) If the law requires a lump-sum payment for the purchase of service credit, the board may establish a periodic payment plan for the member to avoid a contribution in excess of the limits under section 415(c) or 415(n) of the Internal Revenue Code*, 26 U.S.C. 415(c) or 415(n).*

(b) If payment pursuant to subsection (3)(a) will not avoid a contribution in excess of the limits imposed by section 415(c) of the Internal Revenue Code, *26 U.S.C. 415(c),* the board shall either reduce the member's contribution to an amount within the limits of that section or refuse the member's contribution.

(4) (a) Effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, if a member makes one or more

contributions to purchase permissive service credit under a retirement system or plan to which this section applies, then the requirements of this section will be treated as met only if:

(i) except as provided in subsection (4)(b), the requirements of section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), are met, determined by treating the accrued benefit derived from all the contributions as an annual benefit for purposes of section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b); or

(ii) except as provided in subsection (4)(c), the requirements of section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c), are met, determined by treating all the contributions as annual additions for purposes of section 415(c) of the Internal Revenue Code, 26 U.S.C. 415(c).

(b) For purposes of applying subsection (4)(a)(i), the retirement system or plan may not fail to meet the reduced limit under section 415(b)(2)(C) of the Internal Revenue Code, 26 U.S.C. 415(b)(2)(C), solely by reason of subsection (4)(a).

(c) For purposes of applying subsection (4)(a)(ii), the retirement system or plan may not fail to meet the percentage limitation under section 415(c)(1)(B) of the Internal Revenue Code, 26 U.S.C. 415(c)(1)(B) solely by reason of this subsection (4).

(5) For purposes of subsection (4), the term "permissive service credit" means service credit:

(a) specifically recognized by a plan subject to this chapter for purposes of calculating a plan member's benefit under the member's plan;

(b) that the plan member has not received under the plan;

(c) that the plan member may receive only by making a voluntary additional contribution, in an amount determined under the plan, that does not exceed the amount necessary to fund the benefit attributable to the service credit; and

(d) effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, service credit for periods for which there is no performance of service, which, notwithstanding subsection (5)(b), may include service credit purchased in order to provide an increased benefit under the plan.

(a) more than 5 years of nonqualified service credit are taken into account; or

(b) any nonqualified service credit is taken into account before the plan member has at least 5 years of participation under the plan.

(7) For purposes of subsection (6), effective for permissive service credit contributions made in limitation years beginning after December 31, 1997, the term "nonqualified service credit" means permissive service credit other than that allowed with respect to:

(a) service, including parental, medical, sabbatical, and similar leave, as an employee of the government of the United States, any state or political subdivision of a state, or any agency or instrumentality of a state or of a political subdivision of a state, other than military service or service for credit that was obtained as a result of a repayment of a refund as described in section 415(k)(3) of the Internal Revenue Code, 26 U.S.C. 415(k)(3);

(8) In the case of service described in subsection (7)(a), (7)(b), or (7)(c), service must be nonqualified service if recognition of the service would cause a plan member to receive a retirement benefit for the same service under more than one plan.

(9) In the case of a trustee-to-trustee transfer after December 31, 2001, to which section 403(b)(13)(A) or 457(e)(17)(A) of the Internal Revenue Code, 26 U.S.C. 403(b)(13)(A) or 457 (e)(17)(A), applies, without regard to whether the transfer is made between plans maintained by the same employer:

(a) the limitations in subsection (7) do not apply in determining whether the transfer is for the purchase of permissive service credit; and

(b) the distribution rules applicable to the plan under federal law apply to those amounts and any benefits attributable to those amounts.

(10) (a) For purposes of this subsection (10), an eligible plan member is an individual who became a member of the plan before January 1, 1998.

(b) For an eligible plan member, the limitation in section 415(c)(1) of the Internal Revenue Code, 26 U.S.C. 415(c)(1), may not be applied to reduce the amount of permissive service credit that may be purchased to an amount less than the amount that was allowed to be purchased under the terms of the applicable law in effect on August 5, 1997.

(c) For limitation years beginning no later than January 1, 2008, the term includes compensation paid by the later of 2.5 months after a member's severance

from employment or the end of the limitation year that includes the date of the member's severance from employment if:

(i) the payment is regular compensation for services during the member's regular working hours or compensation for services outside the member's regular working hours such as overtime or shift differential, commissions, bonuses, or other similar payments and, absent a severance from employment, the payments would have been paid to the member while the member continued in employment with the employer; or

(ii) the payment is for unused accrued bona fide sick, vacation, or other leave that the member would have been able to use if employment had continued.

(d) For limitation years beginning on or after January 1, 2009, the term, as calculated, may not exceed the annual limit under section 401(a)(17) of the Internal Revenue Code, 26 U.S.C. 401(a)(17).

(13) For the purposes of applying the limits on a defined benefit plan member's annual benefit under section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), the following apply:

(a) Prior to January 1, 2009, any automatic adjustment under the retirement system or a plan subject to this chapter must be taken into consideration when determining a member's applicable limit.

(b) On or after January 1, 2009, with respect to a member who does not receive a portion of the member's annual benefit in a lump sum:

(i) a member's applicable limit must be applied to the member's annual benefit in the first limitation year without regard to any automatic cost-of-living increases;

(ii) to the extent the member's annual benefit equals or exceeds the applicable limit, the member is no longer eligible for cost-of-living increases until the benefit plus the accumulated increases are less than the limit; and

(iii) in any subsequent limitation year, the member's annual benefit, including any automatic cost-of-living increase applicable, is subject to the applicable benefit limit, including any adjustment to the dollar limit in section 415(b)(1)(A) of the Internal Revenue Code, 26 U.S.C. 415(b)(1)(A), under section 415(d) of the Internal Revenue Code, 26 U.S.C. 415(d) and the implementing regulations.

(c) On or after January 1, 2009, with respect to a member who receives a portion of the member's annual benefit in a lump sum, a member's applicable limit must be applied, taking into consideration automatic cost-of-living increases as required by section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), and applicable U.S. treasury regulations.

(d) (i) A member's annual benefit payable under the member's plan in any limitation year may not be greater than the limit applicable at the annuity starting date, as increased in subsequent years pursuant to section 415(d) of the Internal Revenue Code, 26 U.S.C. 415(d), and the implementing regulations.

(ii) If the form of benefit without regard to the automatic benefit increase feature is not a straight life or a qualified joint and survivor annuity, then this subsection (13)(d) is applied by either reducing the limit in section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), applicable at the annuity starting date or adjusting the form of benefit to an actuarially equivalent straight life annuity benefit determined using the following assumptions that take into account the death benefits under the form of benefit:

(A) for a benefit paid in a form to which section 417(e)(3) of the Internal Revenue Code, 26 U.S.C. 417(e)(3), does not apply, the actuarially equivalent straight life annuity benefit that is the greater of:

(I) the annual amount of any straight life annuity payable to the member under the member's plan commencing at the same annuity starting date as the form of benefit payable to the member; or

(II) the annual amount of the straight life annuity commencing at the same annuity starting date that has the same actuarial present value as the form of benefit payable to the member, computed using a 5% interest assumption, or the applicable statutory interest assumption, and the applicable mortality table described in 26 CFR 1.417(e)-1(d)(2); or

(B) for a benefit paid in a form to which section 417(e)(3) of the Internal Revenue Code, 26 U.S.C. 417(e)(3), applies, the actuarially equivalent straight life annuity benefit that is the greatest of:

(I) the annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using the interest rate and mortality table or tabular factor specified in the plan for actuarial experience;

(II) the annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using a 5.5% interest assumption, or the applicable statutory interest assumption, and the applicable mortality table for the distribution under 26 CFR 1.417(e)-1(d)(2); or

(III) the annual amount of the straight life annuity commencing at the annuity starting date that has the same actuarial present value as the particular form of benefit payable, computed using as the applicable interest rate for the distribution under 26 CFR 1.417(e)-1(d)(3) prior to January 1, 2009, the 30-year treasury rate in effect for the month prior to retirement or, on or after January 1, 2009, the 30-year treasury rate in effect for the first day of the plan year with a 1-year stabilization period and, in either case, the applicable mortality table for the distribution under 26 CFR 1.417(e)-1(d)(2).

(iii) With respect to subsections (13)(d)(ii)(A) and (13)(d)(ii)(B), the board's actuary may reduce the limitation found in section 415(b) of the Internal Revenue Code, 26 U.S.C. 415(b), for testing purposes using the assumptions specified in subsections (13)(d)(ii)(A) and (13)(d)(ii)(B)."

"19-2-1002. ~~Vesting of retirement benefits upon termination~~ *Termination* of plan. *(1)* Upon termination of a retirement system or plan, termination of employment of a substantial number of members that would constitute a partial termination of the retirement system or plan, or complete discontinuance of contributions to that retirement system or plan, the retirement benefit accrued to each member directly affected by the occurrence becomes fully vested and nonforfeitable to the extent funded.

(2) A plan member is 100% vested in the member's accumulated contributions at all times.

(d) any other distribution that is reasonably expected to total less than $200 during the year.

"19-3-1501. Optional forms of benefits — designation of contingent annuitant. (1) The retirement benefit of a member or the survivorship benefit of a designated beneficiary who so elects must be converted, in lieu of all other benefits under this chapter, into an optional retirement benefit that is the actuarial equivalent of the original benefit. An optional retirement benefit is initially payable during the member's or designated beneficiary's lifetime, with a subsequent benefit, depending on the option selected, to a contingent annuitant as follows:

(a) option 2—a continuation of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant~~;~~. *This option may be the chosen benefit only if the adjusted age difference between the member or designated beneficiary and the contingent annuitant, other than the member's or designated beneficiary's spouse, is 10 years or less. The adjusted age difference is either:*

(i) the excess of the age of the member or designated beneficiary over the age of the nonspouse contingent annuitant based on their ages on their birthdays in a calendar year; or

(ii) if the member or designated beneficiary is under 70 years of age, the age difference determined in subsection (1)(a)(i) reduced by the number of years that the member or designated beneficiary is under 70 years of age on the member's or beneficiary's birthday in the calendar year that contains the benefit starting date.

(b) option 3—a continuation of one-half of the optional retirement benefit after the death of the initial payee and payable during the lifetime of the named contingent annuitant;

(c) option 4—a continuation of the optional retirement benefit to one or more contingent annuitants in the event of the initial payee's death before the end of a period certain, determined as follows:

(i) the period certain commences at the time that the initial payee first begins receiving the retirement benefit and is available as either:

(A) a 10-year period certain if the member retired at 75 years of age or younger; or

(B) a 20-year period certain if the member retired at 65 years of age or younger;

(ii) if there is more than one surviving contingent annuitant, each contingent annuitant must receive a proportion of the initial payee's benefit on a share-and-share-alike basis.

(2) The member or the designated beneficiary who elects an optional retirement benefit shall file a written application with the board prior to the first payment of the benefit. A contingent annuitant must be identified on the application.

(3) If ~~a benefit recipient or the recipient's~~ *the member or designated beneficiary or the named* contingent annuitant dies before the first payment has been made under option 2 or 3, the election of the option is automatically canceled.

(4) If ~~a~~ *the* member dies after retirement and within 30 days from the date that the member's written application electing or changing an election of an optional retirement benefit is received by the board, then the election is void.

(5) ~~(a) Upon filing a written application with the board, a~~ *A* retired member ~~who is~~ receiving an optional retirement benefit ~~that became effective before October 1, 1999, may designate a different contingent annuitant, select a different option, or convert~~ *pursuant to subsection (1)(a) or (1)(b) may file a written application with the board to have* the member's optional retirement benefit *revert* to ~~a~~ *the* regular retirement benefit *available at the time of the member's retirement* if:

~~(i)~~*(a)* the original contingent annuitant has died~~;~~*, in which case the optional benefit must revert effective on the first day of the month following the contingent annuitant's death;* or

~~(ii)~~*(b)* the member's marriage to the original contingent annuitant has ~~no~~ *not been granted the* right to receive the optional retirement benefit as part of a family law order, as defined in 19-2-907. *The benefit must then revert effective on the first day of the month following receipt of the written application and verification that the family law order does not grant the optional benefit to the original contingent annuitant.*

~~(b) Upon receipt of the written application, the board shall actuarially adjust the member's monthly retirement benefit to reflect the change.~~

~~(6) (a) A retired member receiving an optional retirement benefit pursuant to subsection (1)(a) or (1)(b) that is initially effective on or after October 1, 1999, may file a written application with the board to have the optional retirement benefit revert to the regular retirement benefit available at the time of the member's retirement, designate a different contingent annuitant, or select a different option if:~~

~~(i) the contingent annuitant has died, in which case the optional benefit may revert effective on the first day of the month following the contingent annuitant's death; or~~

~~(ii) the member's marriage to the contingent annuitant is dissolved and the beneficiary has no right to receive the optional retirement benefit as part of a family law order, in which case the benefit must revert effective on the first day of the month following receipt of the written application and verification that the family law order does not grant the optional benefit to the contingent annuitant.~~

~~(b) A regular retirement benefit provided pursuant to this subsection (6) must be increased by the amount of any postretirement adjustments received by the member since the effective date of the member's retirement.~~

(6) A member who applies to revert under subsection (5) shall, at the time of the application, choose one of the following alternatives:

(a) revert to the member's original retirement benefit, increased by the amount of any adjustments received by the member since the effective date of the member's retirement;

(b) retain the same option 2 or option 3 originally selected but name a new contingent annuitant; or

(c) select a different option and name a new contingent annuitant.

(7) If the member selects an alternative under subsection (6)(b) or (6)(c), the member's retirement benefit must be calculated based on the member's and the new contingent annuitant's ages at the time of this election.

~~(7)~~*(8)* A written application pursuant to subsection (5) ~~or (6)~~ must be filed with the board within 18 months of the death of or dissolution of marriage to the contingent annuitant."

(2) Except as provided in 19-3-2142, a member who terminates service and whose vested account balance is less than $200 must be paid the vested account balance in a lump sum. If the member's employer contribution account is not vested, the employer contributions and income are forfeited and must be allocated as provided in 19-3-2117. The payment must be made as soon as administratively feasible without a written application from the member.

The payment must be made as soon as administratively feasible. If the member's employer contribution account is not vested, the employer contributions and income are forfeited and must be allocated as provided in 19-3-2117.

To receive the direct rollover distribution, the member is responsible for correctly designating, on forms provided by the board, an eligible retirement plan that allows the rollover under applicable federal law.

(2) (a) Subject to subsection (2)(b), a petition to institute the creation of a special district must be signed by 40% of registered voters or 40% of owners of

(b) reject the petition if it is insufficient under the provisions of subsection (2).

(4) A defect in the contents of the petition or in its title, form of notice, or signatures may not invalidate the petition and subsequent proceedings as long as the petition has a sufficient number of qualified signatures attached.

The list may not be distributed or sold for use as a mailing list in accordance with 2-6-109.

(c) If the protest is made by the owners of property in the proposed district to be assessed for more than 50% of the cost of the proposed program or improvements, in accordance with the method or methods of assessment, further proceedings may not be taken by the governing body for at least 12 months.

(d) In determining whether or not sufficient protests have been filed in the proposed special district to prevent further proceedings, property owned by a

governmental entity must be considered the same as any other property in the district.

(e) The decision of the governing body is final and conclusive.

(f) The governing body may adjourn the hearing from time to time.

This must be done within 30 days of the end of the protest period or approval of the referendum.

(3) If the governing body creates the special district of its own accord and without a referendum being held, a copy of the order, ordinance, or resolution creating the district, certified by the clerk of the governing body, must be delivered to the clerk and recorder of the county or counties in which the special district is situated and to the secretary of state, who shall issue a certificate of establishment in accordance with [section 8].

The interlocal agreement may determine whether the administrative body of the special district consists of the entire membership of all governing bodies from the participating jurisdictions or representatives of each governing body or jurisdiction.

(2) A special district created by a combination of local governments acting together may enlarge an existing service district, but may not supersede or void an existing contract, district, or interlocal agreement under which the same service is currently provided to residents of one or more of the participating jurisdictions. (3) The governing body shall assess the percentage of the cost of the program or improvements:

(a) against the entire district as follows:

(i) each lot or parcel of land within the special district may be assessed for that part of the cost that its assessable area bears to the assessable area of the entire special district, exclusive of roads, streets, avenues, alleys, and public places;

(ii) if the governing body determines that the benefits derived from the program or improvements by each lot or parcel are substantially equivalent, the cost may be assessed equally to each lot or parcel located within the special district without regard to the assessable area of the lot or parcel;

(iii) each lot or parcel of land, including the improvements on the lot or parcel, may be assessed for that part of the cost of the special district that its taxable valuation bears to the total taxable valuation of the property of the district;

(v) each lot or parcel of land within the district may be assessed for that part of the cost that the reasonably estimated vehicle trips generated for a lot or parcel of its size in its zoning classification bear to the reasonably estimated vehicle trips generated for all lots in the district based on their size and zoning classification; or

(vi) any combination of the assessment options provided in subsections (3)(a)(i) through (3)(a)(v) may be used for the special district as a whole; or

(i) the nature of the property or entity assessed;

(ii) a calculated basis for the program or service, including volume or weight;

(iii) the cost, incentives, or penalties applicable to the program or service practices; or

(iv) any combination of these factors.

(4) If property created as a condominium is subject to assessment, each unit within the condominium is considered a separate parcel of real property subject to separate assessment and the lien of the assessment. Each unit must be assessed for the unit's percentage of undivided interest in the common elements of the condominium. The percentage of the undivided ownership interest must be as set forth in the condominium declaration.

Section 16. Notice of resolution for assessment — assessment. (3) The resolution levying the assessment to defray the cost of the special district must contain or refer to a list that describes the lot or parcel of land assessed with the name of the owner of the lot or parcel, if known, and the amount assessed.

(4) The resolution must be kept on file in the office of the clerk of the governing body.

(5) A notice, signed by the clerk of the governing body, stating that the resolution levying a special assessment or changing the method of assessment to defray the cost of the special district is on file in the clerk's office and subject to inspection must be published as provided in 7-1-2121 or 7-1-4127. The notice must state the time and place at which objections to the final adoption of the resolution will be heard by the governing body and must contain a statement setting out the method of assessment being proposed for adoption or the change in assessment being proposed for adoption. The time for the hearing must be at least 5 days after the final publication of the notice.

(6) The notice and hearing process may be included in the local government's general budgeting process as provided in Title 7, chapter 6, part 40.

(7) At the time set, the governing body shall meet and hear all objections that may be made to the assessment or any part of the assessment, may adjourn from time to time for that purpose, and may by resolution modify the assessment.

(8) A copy of the resolution, certified by the clerk of the governing body, must be delivered to the department of revenue by the third Monday in August or within 45 calendar days after receiving certified taxable values from the department of revenue.

Section 17. Collection of special district assessments. (1) When a resolution of assessment has been certified by the clerk of the local government, the county treasurer, the city treasurer, or the town clerk, as provided in 7-12-4182, shall collect the assessment in the same manner and at the same time as property taxes for general purposes are collected.

(2) All money received by the special district, including interest and earnings accrued, must be deposited in an account held only for the special district by the office of the county treasurer, city treasurer, or town clerk.

Section 18. Payment of assessment under protest — action to recover. (1) When an assessment made under [sections 1 through 20] is considered unlawful by the party whose property is charged or from whom the payment is demanded, the person may pay the assessment or any part of the assessment considered to be unlawful under protest to the county treasurer, city treasurer, or town clerk, whoever is charged with collection of the assessment.

(2) The party paying under protest or the party's legal representative may bring an action in any court of competent jurisdiction against the officer to whom the assessment was paid or against the local government on whose behalf the assessment was collected to recover the assessment or any portion of the assessment paid under protest. An action instituted to recover the assessment paid under protest must be commenced within 90 days after the date of payment.

(3) The assessment paid under protest must be held by the county treasurer, city treasurer, or town clerk until the determination of an action brought for the recovery of the assessment.

(4) If the assessment considered to be unlawful pertains to property created as a condominium and the property is not solely a certain unit in the

condominium, then the owner of the property created as a condominium that is entitled to protest is considered to be the collective owners of all units having an undivided ownership interest in the common elements of the condominium.

(5) An owner of property created as a condominium may protest against the method of assessment or vote at an election of the special district only through a president, vice president, secretary, or treasurer of the condominium owners' association who timely presents to the secretary of the special district the following:

(a) a writing identifying the condominium property;

(b) the condominium declaration or other condominium document that shows how votes of unit owners in the condominium are calculated;

(d) a certificate signed by the president, vice president, secretary, or treasurer of the condominium owners' association certifying that the votes of the unit owners, as evidenced by the signatures of the owners, are sufficient to constitute an affirmative vote of the condominium owners' association to protest against the method of assessment.

Section 19. Assessments as liens. (1) An assessment made and levied to defray the cost and expenses of the program or improvements, together with any percentages imposed for delinquency and for cost of collection, constitutes a lien upon the property on which the assessment is made and levied from the date of the passage of the resolution levying the assessment. This lien may be extinguished only by payment of the assessment, with all penalties, costs, and interest, or by sale of the property as provided in subsection (2).

(2) When the payment of an installment of an assessment becomes delinquent, all payments of subsequent installments of the assessment may, at the option of the governing body and upon adoption of the appropriate resolutions, become delinquent. Upon delinquency in one or all installments, the whole property must be sold in the same manner as other property is sold for taxes. The enforcement of the lien of any installment of a special assessment by any method authorized by law does not prevent the enforcement of the lien of any subsequent installment when it becomes delinquent.

Section 20. Dissolution of special district. (1) A special district may be dissolved if it is considered to be in the best interest of a local government or the inhabitants of the local government or if the purpose for creating the special district has been fulfilled and the special district is not needed in perpetuity.

(2) The governing body may pass a resolution of intention to dissolve a special district upon its own request or upon request of the separate board administering the special district.

(3) After the passage of the resolution provided for in subsection (2), the clerk of the local government that established the special district shall publish a notice, as provided in 7-1-2121 or 7-1-4127, of the intention to dissolve the district.

(4) The notice must specify the boundaries of the special district to be dissolved, the date of the passage of the resolution of intention to dissolve, the date set for the passage of the resolution of dissolution, and that the resolution

will be passed unless the clerk of the local government receives written protest in advance from:

(a) 40% of registered voters or 40% of the owners of real property in the district; or

(b) 40% of registered voters or 40% of the property taxpayers in the district if the district program or improvements have been financed through a mill levy.

(5) If the special district is dissolved, the clerk of the local government shall immediately send written notice to:

(a) the secretary of state; and

(b) the department of revenue, providing the same information required in [section 10] when a district is created. The department of revenue and the department of administration shall respond to the dissolution in the same manner they respond to the creation of a district, as described in [section 10].

(6) The dissolution of a special district may not relieve the property owners from the assessment and payment of a sufficient amount to liquidate all charges existing against the special district prior to the date of dissolution.

(7) Any assets remaining after all debts and obligations of the special district have been paid, discharged, or irrevocably settled must be:

(a) deposited in the general fund of the local government;

(b) in the case of multiple local governments, divided in accordance with their interlocal agreement and deposited in the general fund of each local government; or

A permit is automatically void upon a change of ownership.

(c) When livestock owned by and bearing the registered brand of a bona fide rodeo producer are being transported from county to county in this state by the owner for rodeo purposes and there is no change of ownership, the inspection certificate required by this section may be endorsed, as to the purpose and extent of transportation, by the inspector issuing the certificate in order to serve as a travel permit in this state for the livestock described in the certificate. The permit is valid for a period of 8 months from the date of issuance and must be issued by a state stock inspector. The permit may be issued only if the livestock are branded with the permittee's brand, which must be registered in Montana. The department shall establish a fee for the permit, to be paid to the state stock inspector at the time the permit is issued and remitted by the inspector to the department for deposit in the state treasury to the credit of the state special revenue fund for the use of the department. WHEREAS, mercury that is released into the atmosphere can be transported long distances and deposited in aquatic ecosystems where it is methylated to methylmercury, the organic and most toxic form of mercury; and

WHEREAS, mercury-added thermostats represent the largest amount of mercury in ordinary household products; and

WHEREAS, a single mercury-added thermostat contains 3 to 5 grams of mercury; and

WHEREAS, according to the U.S. Environmental Protection Agency's 2002 estimates, each year about 6 to 8 tons of mercury from discarded thermostats end up in solid waste facilities and between 1 and 2 tons are released into the air; and

WHEREAS, according to a 2004 study by the U.S. Environmental Protection Agency, more than 10% of the estimated mercury reservoir still currently in use in the United States resides in mercury-added thermostats; and

WHEREAS, methylmercury bioaccumulates and biomagnifies in animals, including fish and humans; and

WHEREAS, according to the Montana Department of Public Health and Human Services, mercury has been found in fish in at least 28 water bodies in Montana, including Canyon Ferry Reservoir, Cooney Reservoir, Flathead Lake, Fort Peck Reservoir, Hebgen Lake, Lake Koocanusa, Seeley Lake, Swan Lake, Tongue River Reservoir, and Whitefish Lake; and

WHEREAS, new evidence indicates that methylmercury exposure may increase the risk of cardiovascular disease in humans, especially adult men; and

WHEREAS, decreases in local and regional sources of mercury emissions have been shown to lead to decreases in mercury levels in fish and wildlife; and

WHEREAS, in 1998, thermostat makers General Electric, Honeywell, and White-Rodgers established the Thermostat Recycling Corporation to implement a program for collecting used mercury-added thermostats under which thermostat wholesalers and contractors, as well as household hazardous waste facilities, volunteer to collect thermostats from heating, ventilating, and air-conditioning contractors and the general public.

AN ACT REVISING TEACHERS' RETIREMENT SYSTEM LAWS; SUSPENDING RETIREMENT BENEFITS WHEN MEMBERS RETURN TO FULL-TIME EMPLOYMENT COVERED BY THE TEACHERS' RETIREMENT SYSTEM AND PROVIDING FOR THE CALCULATION OF A SECOND BENEFIT; REQUIRING EMPLOYER CONTRIBUTIONS ON WAGES PAID TO RETIRED MEMBERS; CLARIFYING THE EFFECTIVE DATE OF RETIREMENT OF A MEMBER WHO TERMINATES WITHIN 30 DAYS OF THE END OF A SCHOOL YEAR; AMENDING SECTIONS 19-20-501, 19-20-605, 19-20-703, AND 19-20-731, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Resumption of employment by retired member — suspension of benefits. (1) If a retired member returns to full-time employment in a position covered by the retirement system and becomes an active contributing member, benefits must be suspended until the member terminates all employment and applies to have benefits reinstated.

(2) Except as provided in subsection (4), upon termination and retirement of a previously retired member who was reinstated to active membership pursuant to 19-20-731 before July 1, 2009:

(a) if the member earned less than 1 year of creditable service, the original benefit and retirement option the member was receiving at the time of suspension of benefits must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later; or

(b) if the member earned 1 year or more of creditable service, retirement benefits must be recalculated under 19-20-804 if the member has attained normal retirement age or under 19-20-802 if the member has not attained normal retirement age but is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were suspended.

(3) (a) Except as provided in subsection (4), upon the subsequent retirement of a formerly retired member who was reinstated to active membership pursuant to 19-20-731 on or after July 1, 2009, and earned:

(i) at least 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option and beneficiary previously selected, plus an additional benefit based upon the new creditable service and compensation earned. The second benefit must be calculated as provided under 19-20-804 if the member is eligible for a service retirement benefit or under 19-20-802 if the member is eligible for early retirement. The second benefit must be paid under the same retirement allowance with the same beneficiary originally elected.

(ii) less than 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option previously selected, plus a refund of the

employee contributions contributed after the member was reinstated to active service, plus interest.

(b) If a member dies during the period of reemployment following an initial retirement, the member must be considered as retiring on the day preceding the date of death and benefits must be determined according to the following:

(i) If the member elected the normal form benefit prior to reemployment, the member's designated beneficiary must receive an amount equal to the member's accumulated contributions on deposit.

(ii) If the member elected a retirement option pursuant to 19-20-702 prior to reemployment, the benefits due are payable in accordance with the terms of the original option elected and this subsection (3).

(4) If a member who retired under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if that member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.

Section 2. Section 19-20-501, MCA, is amended to read:

"19-20-501. Financial administration of money. The members of the retirement board are the trustees of all money collected for the retirement system, and as trustees, they shall provide for the financial administration of the money as provided in Article VIII, section 15, of the Montana constitution in the following manner:

(2) The retirement board shall annually establish the rate of regular interest.

(3) In accordance with the provisions of 19-20-605~~(7)~~*(8)*, the amount to be credited to each reserve must be allocated from the interest and other earnings on the money of the retirement system actually realized during the preceding fiscal year, less the amount allocated to administrative expenses. The administrative expenses of the retirement system, less amortization of intangible assets, may not exceed 1.5% of retirement benefits paid.

(4) The state treasurer is the custodian of the collected retirement system money and of the securities in which the money is invested.

(5) For purposes of Article VIII, section 12, of the Montana constitution, all the reserves established by part 6 of this chapter must be accounts in the pension trust fund type of the treasury fund structure of the state.

(6) Benefits and refunds to eligible recipients are payable pursuant to a contract as contained in statute. Unless specifically provided for by statute, the contract does not contain revisions to statutes after the time of retirement or termination."

Section 3. Section 19-20-605, MCA, is amended to read:

"19-20-605. Pension accumulation account — employer's contribution. (1) The pension accumulation account is the account in which the reserves for payment of retirement allowances and benefits must be accumulated and from which retirement allowances and benefits must be paid

(3) For each member employed by a school district or a community college during the whole or part of the preceding payroll period, the employer shall pay into the pension accumulation account an amount equal to 7.47% of total earned compensation.

(4) Beginning July 1, 2013, for each retired member who returns to covered employment under the provisions of 19-20-731 during all or part of the preceding payroll period, the employer shall pay into the pension accumulation account an amount equal to 9.85% of the total earned compensation paid to the retired member.

~~(4)~~*(5)* If the employer is a district or community college district, the trustees shall budget and pay for the employer's contribution under the provisions of 20-9-501.

~~(5)~~*(6)* If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system, or the Montana state school for the deaf and blind, the legislature shall appropriate to the employer an adequate amount to allow the payment of the employer's contribution.

~~(6)~~*(7)* If the employer is a county, the county commissioners shall budget and pay for the employer's contribution in the manner provided by law for the adoption of a county budget and for payments under the budget.

~~(7)~~*(8)* All interest and other earnings realized on the money of the retirement system must be credited to the pension accumulation account, and the amount required to allow regular interest on the annuity savings account must be transferred to that account from the pension accumulation account.

~~(8)~~*(9)* The board may transfer from the pension accumulation account to the expense account an amount necessary to cover expenses of administration."

Section 4. Section 19-20-703, MCA, is amended to read:

(i) on the first day of a later month; or

(ii) on the first day of the month following the member's 60th birthday.

(3) Distribution of a member's benefit must begin by the later of the April 1 following the calendar year in which a member attains age 70 1/2 or April 1 of the year following the calendar year in which the member terminates. If a

member fails to apply for retirement benefits by the later of either of those dates, the board shall begin distribution of the monthly benefit as provided in 19-20-702(2)(d)(i)(A).

(4) The life expectancy of a member or the member's beneficiary may not be recalculated after benefits commence.

(5) If a member terminates within 30 days of the last day of the school year, the member is considered to have terminated at the end of the member's contract, and the retirement allowance may not commence earlier than the first day of the month following the last scheduled pupil-instruction day or pupil-instruction-related day as described in 20-1-304, whichever is later."

Section 5. Section 19-20-731, MCA, is amended to read:

"19-20-731. Postretirement employment limitations — cancellation and recalculation of benefits. (1) (a) Except as otherwise provided in this section, a retired member may be employed part-time by a school district, state agency, or unit of the university system in a position eligible to participate in the retirement system and may earn, without an adjustment of retirement benefits, an amount not to exceed the greater of:

(i) one-third of the sum of the member's average final compensation; or

(ii) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(ii) the value of housing provided by the employer to the retired member;

(iii) the amount of employment-related travel expenses reimbursed to the retired member by the employer;

(iv) de minimis fringe benefits, as defined in 26 U.S.C. 132(e), paid by the employer to or on behalf of the retired member; and

(v) payroll taxes paid by the employer on behalf of the retired member.

(2) On July 1 of each year following the member's retirement effective date, the maximum that a retired member may earn under subsection (1)(a)*(i)* is increased by an amount equal to the consumer price index increase for urban wage earners compiled by the bureau of labor statistics of the United States department of labor or its successor agency in the preceding calendar year.

(3) Except as provided in ~~subsection (5)~~ *[section 1]*, the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by $1 for each dollar earned over the maximum allowed. The retirement benefit must be canceled if the retired member's earnings over the maximum allowed exceed the gross monthly benefit amount.

(b) employed in a full-time position must be canceled beginning in the month in which the retired member returns to full-time employment.

~~(4) Upon termination and retirement subsequent to a cancellation of benefits pursuant to subsection (3), the retirement benefit of a member:~~

~~(a) who was reemployed and earned less than 1 year of creditable service must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later. The reinstated retirement benefit is the amount and option that the retired member would have been entitled to receive had the retired member not returned to employment.~~

~~(b) who was reemployed and earned at least 1 year of creditable service must be recalculated under 19-20-804 if the member has attained normal retirement age or under 19-20-802 if the member has not attained normal retirement age but is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were canceled.~~

~~(5) If an early-retired member under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.~~

~~(6)~~*(4)* For purposes of this section, "position eligible to participate in the retirement system" includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor, as those terms are defined in 39-8-102.

~~(7)~~*(5)* The retirement allowance of any retired member who is employed in a position and who elects to participate in the optional retirement program under Title 19, chapter 21, must be suspended until the member is no longer employed in the position and is no longer participating in the optional retirement program."

(a) if the member earned less than 1 year of creditable service, the original benefit and retirement option the member was receiving at the time of suspension of benefits must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later; or

(b) if the member earned 1 year or more of creditable service, retirement benefits must be recalculated under 19-20-804 if the member would qualify for a service retirement benefit under 19-20-801 or under 19-20-802 if the member is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were suspended.

(3) (a) Except as provided in subsection (4), upon the subsequent retirement of a formerly retired member who was reinstated to active membership pursuant to 19-20-731 on or after July 1, 2009, and earned:

The second benefit must be paid under the same retirement allowance with the same beneficiary originally elected.

(ii) less than 3 years of membership service following suspension of benefits, the member is entitled to resume receiving the suspended benefit in accordance with the retirement benefit option previously selected, plus a refund of the employee contributions contributed after the member was reinstated to active service, plus interest.

(b) If a member dies during the period of reemployment following an initial retirement, the member must be considered as retiring on the day preceding the date of death and benefits must be determined according to the following:

(i) If the member elected the normal form benefit prior to reemployment, the member's designated beneficiary must receive an amount equal to the member's accumulated contributions on deposit.

(ii) If the member elected a retirement option pursuant to 19-20-702 prior to reemployment, the benefits due are payable in accordance with the terms of the original option elected and this subsection (3).

(4) If a retired member who has not attained normal retirement age is reemployed with the same employer within 30 days from the member's effective date of retirement or if that member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled."

Section 8. Coordination instruction. If [this act] and House Bill No. 59 are both passed and approved and both contain a section that amends 19-20-731, then the section in House Bill No. 59 that amends 19-20-731 is void.

Section 9. Coordination instruction. If [this act] and House Bill No. 363 are both passed and approved and if both contain a section that amends 19-20-731, then the sections that amend 19-20-731 are void and 19-20-731 must be amended as follows:

(i) one-third of the sum of the member's average final compensation; or

(ii) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(b) For the purposes of this subsection (1), the maximum compensation that a retired member may earn under subsection (1)(a) without an adjustment of retirement benefits includes all remuneration paid to the retired member, excluding:

(2) On July 1 of each year following the member's retirement effective date, the maximum that a retired member may earn under subsection (1)(a)*(i)* is increased by an amount equal to the consumer price index increase for urban wage earners compiled by the bureau of labor statistics of the United States department of labor or its successor agency in the preceding calendar year.

~~(a) who was reemployed and earned less than 1 year of creditable service must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later. The reinstated retirement benefit is the amount and option~~

~~that the retired member would have been entitled to receive had the retired member not returned to employment.~~

~~(b) who was reemployed and earned at least 1 year of creditable service must be recalculated under 19-20-804 if the member has attained normal retirement age or under 19-20-802 if the member has not attained normal retirement age but is eligible for early retirement. The recalculated benefit must include the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were canceled.~~

~~(5) If an early-retired member under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.~~

~~(6)~~*(4)* For purposes of this section, "position eligible to participate in the retirement system" includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor, as those terms are defined in 39-8-102.

~~(7)~~*(5)* The retirement allowance of any retired member who is employed in a position and who elects to participate in the optional retirement program under Title 19, chapter 21, must be suspended until the member is no longer employed in the position and is no longer participating in the optional retirement program."

Section 2. Section 50-60-106, MCA, is amended to read:

"50-60-106. Powers and duties of counties, cities, and towns. (1) As allowed by Title 50, chapter 60, part 3, the examination, approval, or disapproval of plans and specifications, the issuance and revocation of building permits, licenses, certificates, and similar documents, the inspection of buildings, and the administration and enforcement of building regulations within the limits of a city or town are the responsibility of the city or town. The examination, approval, or disapproval of plans and specifications, the issuance and revocation of building permits, licenses, certificates, and similar documents, the inspection of buildings, and the administration and enforcement of building regulations within the portion of a county that is covered by a county building code enforcement program are the responsibility of the county.

(2) Each county, city, or town certified under 50-60-302 shall, within its jurisdictional area:

(a) examine, approve, or disapprove plans and specifications for the construction of any building, the construction of which is pursuant or purports to be pursuant to the applicable provisions of the state building code or county, city, or town building code, and direct the inspection of the buildings during and in the course of construction;

(b) require that construction of buildings be in accordance with the applicable provisions of the state building code or county, city, or town building

code, subject to the powers of variance or modification granted to the department;

(c) make available to building contractors at a price that is commensurate with reproduction costs a checklist devised by the department pursuant to 50-60-118 for single-family dwellings and provide to contractors who attach a completed checklist to the plans submitted for examination the relevant building permit or notice of plan disapproval within 10 working days of the contractor's submission;

(d) during and in the course of construction, order in writing the remedying of any condition found to exist in, on, or about any building that is being constructed in violation of the state building code or county, city, or town building code. Orders may be served upon the owner or the owner's authorized agent personally or by sending by certified mail a copy of the order to the owner or the owner's authorized agent at the address set forth in the application for permission for the construction of the building. A county, city, or town certified pursuant to 50-60-302, by action of its building official, may grant in writing time as may be reasonably necessary for achieving compliance with the order. For the purposes of subsection (2)(a) and this subsection (2)(d), the phrase "during and in the course of construction" refers to the construction of a building until all necessary building permits have been obtained and all work authorized by those permits has been fully approved by the building official having jurisdiction.

(e) issue certificates of occupancy as provided in 50-60-107;

(f) issue permits, licenses, and other required documents in connection with the construction of a building;

(g) ensure that all construction-related fees or charges imposed and collected by the county, city, or town are necessary, reasonable, and uniform and are:

(i) except as provided in subsection (2)(g)(iii), used only for building code enforcement, which consists of those necessary and reasonable costs directly and specifically identifiable for the enforcement of building codes, plus indirect costs charged on the same basis as other local government proprietary funds not paying administrative charges as direct charges. If indirect costs are waived for any local government proprietary fund, they must also be waived for the program established in this section. Indirect charges are limited to the charges that are allowed under federal cost accounting principles that are applicable to a local government.

(ii) reduced if the amount of the fees or charges accumulates above the amount needed to enforce building codes for 12 months. The excess must be placed in a reserve account and may be used only for building code enforcement. Collection and expenditure of fees and charges must be fully documented.

(iii) allocated and remitted to the department, in an amount not to exceed 0.5% of the building fees or charges collected, for the building codes education program established in 50-60-116.

(3) Each county, city, or town with a building code enforcement program that has been certified under 50-60-302 may, within the area of its jurisdiction:

(a) make, amend, and repeal rules for the administration and enforcement of the provisions of this section and for the collection of fees and charges related to construction; and

(b) prohibit the commencement of construction until a permit has been issued by the building code enforcement authority having jurisdiction after a showing of compliance with the requirements of the applicable provisions of the state building code or county, city, or town building code or other county, city, or town ordinance or resolution that pertains to the proposed construction. *A county, city, or town subject to this subsection (3) may, as part of its building code or by town ordinance or resolution, adopt voluntary energy conservation standards for new construction for the purpose of providing incentives to encourage voluntary energy conservation. The incentive-based energy conservation standards adopted may exceed any applicable energy conservation standards contained in the state building code. New construction is not required to meet local standards that exceed state energy conservation standards unless the building contractor elects to receive a local incentive.*

(4) Each county, city, or town with a building code enforcement program that has been certified under 50-60-302 may perform inspections of buildings that are outside its jurisdictional limits, subject to the following conditions:

(a) The inspections are requested in writing by the owners or builders of the buildings to be inspected.

(b) The inspections are not done in lieu of inspections by another county, city, or town that has jurisdiction over the buildings to be inspected.

(c) (i) The county, city, or town powers of enforcement possessed as a result of building code enforcement certification by the department may not be exercised in conjunction with the requested inspections.

(ii) Similar powers of building code enforcement may not be contractually created or required by the requester and the inspecting jurisdiction.

(5) In situations in which buildings may be annexed into an inspecting city's or town's jurisdiction subsequent to a requested inspection, the city or town may not require owners or builders to have duplicative inspections of those buildings prior to annexation as a condition precedent to receiving any public services or utilities."

Section 3. Section 50-60-301, MCA, is amended to read:

"50-60-301. County, city, and town building codes authorized — health care facility and public health center doors — fee adjustment for model plans. (1) The local legislative body of a county, city, or town may adopt a building code to apply to the county, city, or town by an ordinance or resolution, as appropriate:

(a) adopting a building code; or

(b) authorizing the adoption of a building code by administrative action.

(2) *(a) Except as provided in subsection (2)(b), a* A county, city, or town building code may include only codes adopted by the department.

(b) A county, city, or town may, as part of its building code or by town ordinance or resolution, adopt voluntary energy conservation standards for new construction for the purpose of providing incentives to encourage voluntary energy conservation. The incentive-based energy conservation standards adopted may exceed any applicable energy conservation standards contained in the state building code. New construction is not required to meet local standards that exceed state energy conservation standards unless the building contractor elects to receive a local incentive.

(3) Any provision of a building code requiring the installation or maintenance of self-closing or automatic closing corridor doors to patient rooms does not apply to health care facilities, as defined in 50-5-101, or to a public health center, as defined in 7-34-2102.

(4) (a) When the same single-family dwelling plan is constructed at more than one site, the county, city, or town shall, after the first examination of the plan, adjust the required plan fee to reflect only the cost of reviewing requirements pertaining to the review of:

(i) zoning;

(ii) footings, foundations, and basements;

(iii) curbs;

(iv) gutters;

(v) landscaping;

(vi) utility connections;

(vii) street requirements;

(viii) sidewalks; and

(ix) other requirements related specifically to the exterior of the building.

(b) If a building contractor alters the single-family dwelling plan referred to in subsection (4)(a) in a fashion that substantially affects the building code requirements, the county, city, or town may impose the full examination fee permitted under 50-60-106."

Section 4. Section 50-60-802, MCA, is amended to read:

"50-60-802. Enforcement of energy code through builder self-certification. *(1) Except as provided in subsection (2), a* ~~A~~ person who begins construction on a residential building in Montana after October 1, 1993, shall certify in writing to the building owner at the conclusion of construction that the residential building has been constructed in compliance with the energy-efficient construction standards adopted under the provisions of 50-60-203(1).

(2) A person who begins construction on a residential building in Montana after [the effective date of this act] shall certify in writing to the building owner at the conclusion of construction that the residential building has been constructed in compliance with the voluntary energy-efficient construction standards adopted by a county, city, or town with a building code enforcement program that has jurisdiction over the construction if the building meets or exceeds those standards."

CHAPTER NO. 303

[HB 475]

AN ACT RELATING TO ELECTRONIC-FORMAT RULES AND RULEMAKING NOTICES, ELECTRONIC RULEMAKING SERVICES, AND FEES FOR THOSE RULES, NOTICES, AND SERVICES CHARGED BY THE SECRETARY OF STATE; AND AMENDING SECTIONS 2-4-305, 2-4-306, 2-4-311, AND 2-4-313, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-4-305, MCA, is amended to read:

"2-4-305. Requisites for validity — authority and statement of reasons. (1) The agency shall fully consider written and oral submissions respecting the proposed rule. Upon adoption of a rule, an agency shall issue a concise statement of the principal reasons for and against its adoption, incorporating in the statement the reasons for overruling the considerations urged against its adoption. If substantial differences exist between the rule as proposed and as adopted and the differences have not been described or set forth in the adopted rule as that rule is ~~printed~~ *published* in the register, the differences must be described in the statement of reasons for and against agency action. When written or oral submissions have not been received, an agency may omit the statement of reasons.

(2) Rules may not unnecessarily repeat statutory language. Whenever it is necessary to refer to statutory language in order to convey the meaning of a rule interpreting the language, the reference must clearly indicate the portion of the language that is statutory and the portion that is an amplification of the language.

(3) Each proposed and adopted rule must include a citation to the specific grant of rulemaking authority pursuant to which the rule or any part of the rule is adopted. In addition, each proposed and adopted rule must include a citation to the specific section or sections in the Montana Code Annotated that the rule purports to implement. A substantive rule may not be proposed or adopted unless:

(a) a statute granting the agency authority to adopt rules clearly and specifically lists the subject matter of the rule as a subject upon which the agency shall or may adopt rules; or

(b) the rule implements and relates to a subject matter or an agency function that is clearly and specifically included in a statute to which the grant of rulemaking authority extends.

(4) Each rule that is proposed and adopted by an agency and that implements a policy of a governing board or commission must include a citation to and description of the policy implemented. Each agency rule implementing a policy and the policy itself must be based on legal authority and otherwise comply with the requisites for validity of rules established by this chapter.

(5) To be effective, each substantive rule adopted must be within the scope of authority conferred and in accordance with standards prescribed by other provisions of law.

(6) Whenever by the express or implied terms of any statute a state agency has authority to adopt rules to implement, interpret, make specific, or otherwise carry out the provisions of the statute, an adoption, amendment, or repeal of a rule is not valid or effective unless it is:

(a) consistent and not in conflict with the statute; and

(b) reasonably necessary to effectuate the purpose of the statute. A statute mandating that the agency adopt rules establishes the necessity for rules but does not, standing alone, constitute reasonable necessity for a rule. The agency shall also address the reasonableness component of the reasonable necessity requirement by, as indicated in 2-4-302(1) and subsection (1) of this section, stating the principal reasons and the rationale for its intended action and for the particular approach that it takes in complying with the mandate to adopt rules. Subject to the provisions of subsection (8), reasonable necessity must be clearly and thoroughly demonstrated for each adoption, amendment, or repeal of a rule in the agency's notice of proposed rulemaking and in the written and oral data, views, comments, or testimony submitted by the public or the agency and considered by the agency. A statement that merely explains what the rule provides is not a statement of the reasonable necessity for the rule.

(7) A rule is not valid unless notice of it is given and it is adopted in substantial compliance with 2-4-302, 2-4-303, or 2-4-306 and this section and unless notice of adoption of the rule is published within 6 months of the publishing of notice of the proposed rule. If an amended or supplemental notice of either proposed or final rulemaking, or both, is published concerning the same rule, the 6-month limit must be determined with reference to the latest notice in all cases.

(8) An agency may use an amended proposal notice or the adoption notice to correct deficiencies in citations of authority for rules and in citations of sections implemented by rules. An agency may use an amended proposal notice but, except for clerical corrections, may not use the adoption notice to correct deficiencies in a statement of reasonable necessity.

(9) If a majority of the members of the appropriate administrative rule review committee notify the committee presiding officer that those members object to a notice of proposed rulemaking, the committee shall notify the agency in writing that the committee objects to the proposal notice and will address the objections at the next committee meeting. Following notice by the committee to the agency, the proposal notice may not be adopted until publication of the last issue of the register that is published before expiration of the 6-month period during which the adoption notice must be published, unless prior to that time, the committee meets and does not make the same objection. A copy of the

committee's notification to the agency must be included in the committee's records."

Section 2. Section 2-4-306, MCA, is amended to read:

"2-4-306. Filing, *and* format~~, and~~ — adoption and effective dates — dissemination of emergency rules. (1) Each agency shall file with the secretary of state a copy of each rule adopted by it or a reference to the rule as contained in the proposal notice. A rule is adopted on the date that the adoption notice is filed with the secretary of state and is effective on the date referred to in subsection (4), except that if the secretary of state requests corrections to the adoption notice, the rule is adopted on the date that the revised notice is filed with the secretary of state.

(2) Pursuant to 2-15-401, the secretary of state may prescribe rules to effectively administer this chapter, including rules regarding the *printed or electronic* format, style, and arrangement for notices and rules that are filed pursuant to this chapter, and may refuse to accept the filing of any notice or rule that is not in compliance with this chapter *and the secretary of state's rules*. The secretary of state shall keep and maintain a permanent register of all notices and rules filed, including superseded and repealed rules, that must be open to public inspection and shall provide copies of any notice or rule upon request of any person. Unless otherwise provided by statute, the secretary of state may require the payment of the cost of providing copies.

(3) If the appropriate administrative rule review committee has conducted a poll of the legislature in accordance with 2-4-403, the results of the poll must be published with the rule if the rule is adopted by the agency.

(4) Each rule is effective after publication in the register, as provided in 2-4-312, except that:

(a) if a later date is required by statute or specified in the rule, the later date is the effective date;

(b) subject to applicable constitutional or statutory provisions:

(i) a temporary rule is effective immediately upon filing with the secretary of state or at a stated date following publication in the register; and

(ii) an emergency rule is effective at a stated date following publication in the register or immediately upon filing with the secretary of state if the agency finds that this effective date is necessary because of imminent peril to the public health, safety, or welfare. The agency's finding and a brief statement of reasons for the finding must be filed with the rule. The agency shall, in addition to the required publication in the register, take appropriate and extraordinary measures to make emergency rules known to each person who may be affected by them.

(c) if, following written administrative rule review committee notification to an agency under 2-4-305(9), the committee meets and under 2-4-406(1) objects to all or some portion of a proposed rule before the proposed rule is adopted, the proposed rule or portion of the proposed rule objected to is not effective until the day after final adjournment of the regular session of the legislature that begins after the notice proposing the rule was published by the secretary of state~~,~~ unless, following the committee's objection under 2-4-406(1):

(i) the committee withdraws its objection under 2-4-406 before the proposed rule is adopted; or

(ii) the rule or portion of a rule objected to is adopted with changes that in the opinion of a majority of the committee members, as communicated in writing to

the committee presiding officer and staff, make it comply with the committee's objection and concerns.

(5) An agency may not enforce, implement, or otherwise treat as effective a rule proposed or adopted by the agency until the effective date of the rule as provided in this section. Nothing in this subsection prohibits an agency from enforcing an established policy or practice of the agency that existed prior to the proposal or adoption of the rule as long as the policy or practice is within the scope of the agency's lawful authority."

Section 3. Section 2-4-311, MCA, is amended to read:

"2-4-311. Publication and arrangement of ARM. (1) The secretary of state shall compile, index, arrange, rearrange, correct errors or inconsistencies without changing the meaning, intent, or effect of any rule, and publish in the appropriate format all rules filed pursuant to this chapter in the ARM. The secretary of state shall supplement, revise, and publish the ARM or any part of the ARM as often as the secretary of state considers necessary. The secretary of state may include editorial notes, cross-references, and other matter that the secretary of state considers desirable or advantageous. The secretary of state shall publish supplements to the ARM at the times and in the form that the secretary of state considers appropriate.

(2) The ARM must be arranged, indexed, and ~~printed~~ *published* or duplicated in a manner that permits separate publication of portions relating to individual agencies. An agency may make arrangements with the secretary of state for the printing *or electronic distribution* of as many copies of the separate publications as it may require. The secretary of state may charge a fee for any separate *printed or electronic* publications. The fee must be set and deposited in accordance with 2-15-405 and must be paid by the agency."

Section 4. Section 2-4-313, MCA, is amended to read:

"2-4-313. Distribution, costs, ~~and~~ maintenance, *and fees.* (1) The secretary of state shall distribute copies of the ARM and supplements or revisions to the ARM to the following in an electronic format unless a hard copy is requested:

(e) state law library, one copy;

(f) state historical society, one copy;

(g) each unit of the Montana university system, one copy;

(h) law library of the university of Montana-Missoula, one copy;

(i) legislative services division, two copies;

(j) library of congress, one copy;

(k) state library, one copy.

(2) The secretary of state, each county in the state, and the librarians for the state law library and the university of Montana-Missoula law library shall

maintain a complete, current set of the ARM, including supplements or revisions to the ARM. The designated persons shall also maintain the register issues published during the preceding 2 years. The secretary of state shall maintain a permanent set of the registers. *An entity required by this section to maintain a copy or set of the ARM and supplements or revisions to it and a copy of the register complies with this section if it provides access to an electronic version of the current ARM and the current year's issues of the register or the current year's issue and register archives for the prescribed period of time.*

(3) The secretary of state shall make *printed or electronic* copies of and subscriptions to the ARM and supplements or revisions to the ARM and the register available to any person for a fee set in accordance with subsection ~~(5)~~ *(6)*. Fees are not refundable.

(4) The secretary of state may charge agencies a filing fee for all material to be published in the ARM or the register.

(5) In addition to the fees authorized by 2-4-311 and 2-4-312 and other fees authorized by this section, the secretary of state may charge fees for internet or other computer-based services requested by state agencies, groups, or individuals.

~~(5)~~*(6)* The secretary of state shall set and deposit the fees authorized in this section in accordance with 2-15-405."

CHAPTER NO. 305

[HB 488]

AN ACT REVISING TERRITORY TRANSFER LAWS RELATING TO SCHOOL DISTRICTS; AMENDING SECTION 20-6-105, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 20-6-105, MCA, is amended to read:

"20-6-105. Transfer of territory from one district to another — hearing on effects of proposed transfer — burden of proof — standard of proof — appeal to district court. (1) (a) Except as provided in 20-6-214, 20-6-215, 20-6-308, 20-6-322, and ~~subsection~~ *subsections* (1)(b) *and (1)(c)* of this section, a petition to transfer territory from one school district to another may be presented to the county superintendent if:

(i) the petition is signed by 60% of the registered electors qualified to vote at general elections in the territory proposed for transfer;

(ii) the territory to be transferred is contiguous to the district to which it is to be attached, includes taxable property, and has school-age children living in it;

(iii) the territory to be transferred is not located within 3 miles, over the shortest practicable route, of an operating school in the district from which it is to be transferred; and

(iv) the board of trustees of the school district that would receive the territory has approved the proposed transfer by a resolution adopted by a majority of the members of the board of trustees at a meeting for which proper notice was given.

(b) A petition to transfer territory to or from a K-12 district may not be presented to a county superintendent unless both school boards and the county superintendents have agreed in writing.

(c) Registered voters within the exterior boundaries of school districts that consolidated during the years 2004 to 2008 may petition for changes in their boundaries under the law in effect on July 1, 2005.

(2) Once a petition to transfer territory has been filed, an additional petition to transfer that territory may not be filed for 4 years *unless the county superintendents have agreed in writing*.

(3) The petition for a transfer of territory must be delivered to the county superintendent and must:

(a) provide a legal description of the territory that is requested to be transferred and a description of the district to which the territory is to be transferred;

(b) state the reasons why the transfer is requested; and

(c) state the number of school-age children residing in the territory.

(4) If both the trustees of the receiving and transferring school districts have approved the proposed territory transfer in writing, the county superintendent shall grant the transfer.

(5) For any petition that meets the criteria specified in subsection (1) and contains the information required by subsection (3) but that has not been approved in writing by the board of trustees of the school district that would transfer the territory, the county superintendent shall:

(a) not more than 40 days after receipt of the petition, set a place, date, and time for a hearing to consider the petition; and

(b) give notice of the place, date, and time of the hearing. The notice must be posted in the districts affected by the petition for the transfer of territory in the manner prescribed in this title for notices for school elections, with at least one notice posted in the territory to be transferred. Notice must also be delivered to the board of trustees of the school district from which the territory is to be transferred.

(6) The county superintendent shall conduct a hearing as scheduled, and any resident, taxpayer, or representative of the receiving or transferring district must, upon request, be heard. At the hearing, the petitioners have the initial burden of presenting evidence on the proposed transfer's effect on:

(a) the educational opportunity for the students in the receiving and transferring districts, including but not limited to:

(i) class size;

(ii) ability to maintain demographic diversity;

(iii) local control;

(iv) parental involvement; and

(v) the capability of the receiving district to provide educational services;

(b) student transportation, including but not limited to:

(i) safety;

(ii) cost; and

(iii) travel time of students;

(c) the economic viability of the proposed new districts, including but not limited to:

(i) the existence of a significant burden on the taxpayers of the district from which the territory will be transferred;

(ii) the significance of any loss in state funding for the students in both the receiving and transferring districts;

(iii) the viability of the future bonding capacity of the receiving and transferring districts, including but not limited to the ability of the receiving district and the transferring district to meet minimum bonding requirements;

(iv) the ability of the receiving district and the transferring district to maintain sufficient reserves; and

(v) the cumulative effect of other transfers of territory out of the district in the previous 8 years on the taxable value of the district from which the territory is to be transferred. In cases where the cumulative effect of other transfers of territory out of the district in the previous 8 years is equal to or greater than 25% of the district's taxable value, the following additional factors must be considered and weighed in the decision:

(A) the district's rate of passage of discretional levies placed before the voters over the previous 8 years;

(B) the district's reduction or elimination of instructional staff or programs over the previous 8 years; and

(C) any increase in district taxes over the previous 8 years and the likely increase in district taxes if the transfer is granted.

(7) After receiving evidence from both the proponents and opponents of the proposed territory transfer on the effects described in subsection (6), the county superintendent shall, within 30 days after the hearing, issue findings of fact, conclusions of law, and an order.

(8) If, based on a preponderance of the evidence, the county superintendent determines that the evidence on the effects described in subsection (6) supports a conclusion that a transfer of the territory is in the best and collective interest of students in the receiving and transferring districts and does not negatively impact the ability of the districts to serve those students, the county superintendent shall grant the transfer. If the county superintendent determines that, based on a preponderance of the evidence presented at the hearing, a transfer of the territory is not in the best and collective interest of students in the receiving and transferring districts and will negatively impact the ability of the districts to serve those students, the county superintendent shall deny the territory transfer.

(9) The decision of the county superintendent is final 30 days after the date of the decision unless it is appealed to the district court by a resident, taxpayer, or representative of either district affected by the petitioned territory transfer. The county superintendent's decision must be upheld unless the court finds that the county superintendent's decision constituted an abuse of discretion under this section.

(10) Whenever a petition to transfer territory from one district to another district creates a joint district or affects the boundary of an existing joint district, the petition to transfer territory must be delivered to the county superintendent of the county in which the territory proposed to be transferred is located. The county superintendent shall notify any other county superintendents of counties with districts affected by the petition, and the duties prescribed in this section for the county superintendent must be performed jointly. If the number of county superintendents involved is an even number, the county superintendents shall jointly appoint an additional county superintendent from an unaffected county to join them in conducting the hearing required in subsection (6) and in issuing the decision required in subsection (8). The decision issued under subsection (8) must be made by a majority of the county superintendents.

(11) A petition seeking to transfer territory out of or into a K-12 district must propose the transfer of territory for both elementary and high school purposes. In the case of a proposed transfer out of or into a K-12 district, a petition that fails to propose the transfer of territory for both elementary and high school purposes is invalid for the purposes of this section."

~~(10)~~*(12)* "Motor vehicle" includes a personal watercraft as defined in 23-2-502, a snowmobile as defined in 23-2-601, and an off-highway vehicle as defined in 23-2-801.

~~(11)~~*(13)* "New motor vehicle" means a motor vehicle that has not been the subject of a retail sale regardless of the mileage of the vehicle.

~~(12)~~*(14)* "New motor vehicle dealer" means a person who buys, sells, exchanges, or offers or attempts to negotiate a sale or exchange or any interest in or who is engaged in the business of selling new motor vehicles under a franchise with the manufacturer of the new motor vehicles or used motor vehicles taken in trade on new motor vehicles.

~~(13)~~*(15)* (a) "Retail sale" means the sale of a new motor vehicle.

(b) "Retail sale" does not mean a sale:

(i) of a new motor vehicle to a purchaser who is acquiring the vehicle for the purposes of a resale; or

(ii) that is the result of a transfer between two licensed new motor vehicle dealers."

Section 2. Section 61-4-202, MCA, is amended to read:

"61-4-202. License requirements. (1) A new motor vehicle dealer, manufacturer, distributor, factory branch, distributor branch, importer, or franchisor may not engage in business in Montana except in accordance with the requirements of this part. The provisions of this part do not apply to a public officer engaged in the discharge of official duties or to a trustee, receiver, or other officer acting under the jurisdiction of a court, to financial institutions disposing of repossessed vehicles, or to a person disposing of a personal motor vehicle. The provisions of this part regulating and licensing new motor vehicle dealers, manufacturers, distributors, factory branches, distributor branches, importers, and franchisors apply only to those new motor vehicle dealers, manufacturers, distributors, factory branches, distributor branches, importers, and franchisors of motor vehicles as defined by this part.

(2) A manufacturer, distributor, factory branch, distributor branch, importer, or franchisor transacting business within Montana by offering, selling, trading, consigning, or otherwise transferring a new motor vehicle to a new motor vehicle dealer must be licensed by the state of Montana. The department shall issue licenses to qualified applicants upon receipt of a license fee in the amount of $15 accompanied by the information required in this section.

(3) The following information, if applicable, must be submitted by an applicant upon forms supplied by the department:

(a) the name and address of the applicant;

(b) the make and model of each new motor vehicle to be franchised;

(c) the name and address of each of the applicant's franchisees within the state; and

(d) the name and address of each factory branch, distributor branch, agent, or representative within the state.

(4) A license may be renewed each year if the applicant is in compliance with the provisions of this part, remits a renewal fee in the amount of $15, and notifies the department of any changes in the information previously supplied.

(5) (a) A new motor vehicle may not be sold in this state unless either the manufacturer on direct dealership of domestic motor vehicles, the importer of foreign manufactured motor vehicles on direct dealership, or the distributor on indirect dealerships of either domestic or foreign motor vehicles is licensed as provided in this part.

(b) Notwithstanding any other licensing provision contained in Montana law, every new motor vehicle dealer shall obtain a license under part 1 of this chapter.

(c) The obtaining of a license under Title 61, chapter 4, part 1, or this part conclusively establishes that a new motor vehicle dealer, manufacturer, distributor, or importer is subject to the laws of this state regulating new motor vehicle dealers, manufacturers, importers, and distributors.

(6) When an objection to a proposal to terminate or not continue a franchise or a proposal to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make is made pursuant to 61-4-206, a replacement license or new license may not be issued under this section to any replacement dealer or new dealer until adjudication by the department of the written objection filed pursuant to 61-4-206 and the exhaustion of all appellate remedies available to the objector."

Section 3. Section 61-4-204, MCA, is amended to read:

"61-4-204. Filing agreement — product liability. (1) A franchisee shall, at the time of application for a new motor vehicle dealer license under the provisions of 61-4-101, file with the department a certified copy of the franchisee's written agreement with a manufacturer and a certificate of appointment as dealer or distributor. The certificate of appointment must be signed by an authorized agent of the manufacturer of domestic motor vehicles whenever there is a direct manufacturer dealer agreement or by an authorized agent of the distributor whenever the manufacturer is wholesaling through an appointed distributorship. The certificate must be signed by an authorized agent of the importer of foreign-made vehicles whenever there is a direct importer-dealer agreement or by an authorized agent of the distributor whenever there is an indirect distributor-dealer agreement. The distributor's certificate of appointment must be signed by an authorized agent of the manufacturer of domestically manufactured motor vehicles or by an authorized agent of the manufacturer or importer of foreign-made motor vehicles.

(2) A franchisee need not file a written agreement or certificate of appointment if the manufacturer on direct dealerships or distributor on indirect dealerships or importer on direct dealerships uses the identical basic agreement for all its franchised dealers or distributors in this state and certifies in the certificate of appointment that the blanket agreement is on file and the written agreement with the particular dealer or distributor, respectively, is identical

with the filed blanket agreement and that the franchisee has filed with the department one agreement together with a list of franchised dealers or distributors.

(3) A ~~manufacturer, distributor, or importer~~ *franchisor* shall notify the department within 30 days of any revision of or addition to the basic agreement on file or of any franchise supplement to the agreement. Annual renewal of a certificate filed as provided in this section is not required.

(4) A manufacturer shall file with the department a copy of the delivery and preparation obligations required to be performed by a dealer prior to the delivery of a new motor vehicle to a buyer. These delivery and preparation obligations constitute the dealer's only responsibility for product liability as between the dealer and the manufacturer. Any mechanical, body, or parts defects arising from an express or implied warranty of the manufacturer constitute the manufacturer's product or warranty liability only. However, this section may not affect the obligations of new motor vehicle dealers to perform warranty repair and maintenance that may be required by law or contract. Except with regard to household appliances, including but not limited to ranges, refrigerators, and water heaters, in a recreational vehicle and except with regard to a truck rated at more than 10,000 pounds gross vehicle weight, the manufacturer shall compensate an authorized dealer for labor, parts, and other expenses incurred by a dealer who performs work to rectify the manufacturer's product or warranty defect or for delivery and preparation obligations at the same rate and time the dealer charges to its retail customers for nonwarranty work of a like kind, based upon a published, nationally recognized, retail flat-rate labor time guide manual if the dealer uses the manual as the basis for computing charges for both warranty and retail work.

(5) (a) All claims made by the dealer pursuant to this section for compensation for delivery, preparation, warranty, and recall service, including labor, parts, and other expenses, *and claims made for incentives* must be paid by the manufacturer within 30 days of receipt of the claim from the dealer, except that a manufacturer of a motor home shall pay any claim within 60 days of receipt from the dealer.

(b) If a claim is disapproved, the dealer must be notified in writing of the grounds for disapproval. A claim that has not been disapproved in writing within 30 days of having been received must be considered approved, and payment is due to the claimant immediately. However, the manufacturer retains the right to audit a claim for a period of 12 months following the payment of the claim.

(c) A claim that has been approved and paid may not be charged back to the dealer unless the manufacturer proves that:

(i) the claim was false or fraudulent;

(ii) the repairs were not properly made; or

(iii) the repairs were not necessary to correct the defective condition.

(d) A manufacturer may not deny a claim or reduce the amount to be reimbursed to the dealer if the dealer has provided reasonably sufficient documentation demonstrating that the dealer performed the services in compliance with the written policies and procedures of the manufacturer. *A manufacturer may not deny a claim based solely on a dealer's incidental failure to comply with a specific claim processing requirement, such as a clerical error or other administrative technicality that does not put into question the legitimacy of the claim.*

(6) Notwithstanding the terms of any agreement, the franchisor may not refuse to allocate, sell, or deliver motor vehicles, may not penalize a dealer, may not charge back or withhold payments or other things of value for which the dealer is otherwise eligible under a sales promotion, program, or contest, and may not prevent the dealer from participating in any promotion, program, or contest based on the dealer's selling of a motor vehicle to a customer who was present at the dealership and that the dealer did not know or could not have reasonably known that the motor vehicle would be shipped to a foreign country. There is a rebuttable presumption that the dealer did not know or could not have reasonably known that the vehicle would be shipped to a foreign country if the motor vehicle is titled in the United States.

(7) A franchisor may not recover or seek to recover any of its costs for compensating a dealer for warranty work, including labor and parts, or for the dealer's participation in incentives by imposing on the dealer any charge or surcharge to the wholesale price paid by the dealer to the franchisor for any product, including motor vehicles and parts.

~~(c)~~*(8)* A franchisor may reasonably and periodically audit a motor vehicle dealer to determine the validity of paid claims or chargebacks for customer or dealer incentives. ~~An audit of incentive payments may apply only to the 18-month period immediately preceding the date on which the dealer was notified of an impending audit.~~

(9) A dealer has 60 days from the date of notification by a manufacturer of a denial or a chargeback to the dealer to resubmit a claim for payment or compensation if the claim was denied for a dealer's incidental failure as set forth in subsection (5)(d), regardless of whether the denial or chargeback was a direct or an indirect transaction.

(10) A dealer has 90 days after the expiration of a franchisor incentive program, or a longer time if provided by the franchise agreement, to submit a claim for payment or compensation under the program.

(11) Notwithstanding the terms of a franchise agreement or other contract with a dealer and except as provided in subsection (5)(c), after the expiration of 1 year after the date of payment of a motor vehicle claim or 1 year from the end of a program that does not exceed 1 year in length, whichever is later, a franchisor may not:

(a) charge back to a dealer, whether directly or indirectly, the amount of a claim that has been approved and paid by the franchisor under an incentive program;

(b) charge back to a dealer, whether directly or indirectly, the cash value of a prize or other thing of value awarded to the dealer under an incentive program; or

(c) audit the records of a dealer to determine compliance with the terms of an incentive program.

(12) Subsection (11) does not prohibit a franchisor from making chargebacks to a dealer for fraud at any time as permitted by subsection (5)(c).

~~(6)~~*(13)* The dealer shall furnish the purchaser of a new motor vehicle with a signed copy of the manufacturer's delivery and preparation requirements indicating that each of those requirements has been performed."

Section 4. Section 61-4-205, MCA, is amended to read:

"61-4-205. Limitations on cancellation and termination. (1) Notwithstanding the terms, provisions, or conditions of any agreement or

franchise, a franchisor may not cancel, terminate, or refuse to continue a franchise unless the franchisor has cause for termination or noncontinuance.

(2) A franchisor may not enter into a franchise for the purpose of establishing an additional new motor vehicle dealership in any community in which the same line-make is then represented unless there is good cause for an additional new motor vehicle dealership under a franchise and it is in the public interest.

(3) If a franchisor seeks to terminate or not continue a franchise or seeks to enter into a franchise establishing an additional new motor vehicle dealership of the same line-make, the franchisor shall, not less than 60 days prior to the intended action, and the franchisee may, at any time, file a notice with the department of intention to terminate or not continue the franchise or to enter into a franchise for additional representation of the same line-make. A notice of intention to terminate or not continue a franchise is not required from a franchisor until the conclusion of any review proceeding of that intention offered to the franchisee under the franchise. This section does not apply to an intended termination or noncontinuance of a franchise that the franchisee elects voluntarily, pursuant to a plan established by a franchisor, to submit to binding arbitration.

(4) Upon receiving a notice of intention under the provisions of subsection (3), the department shall, within 5 days of receipt of a notice of intention, send by certified mail, with return receipt requested, a copy of the notice to the franchisor and to the franchisee whose franchise the franchisor seeks to establish, terminate, or not continue. If the notice states an intent to establish an additional new motor vehicle dealership, a copy of the notice must be sent within 5 days of receipt to all franchisees in the community who are then engaged in the business of offering to sell or selling the same line-make. Copies of notices must be addressed to the principal place of business of each recipient and to the statutory agent of each corporate recipient. The department may also give a copy of the franchisor's notice to any other parties whom the department may consider interested persons.

(5) In instances where the change in ownership has the effect of the sale of the franchise, the franchisor may not without good cause withhold its consent to the sale. Good cause relates only to the transferee's financial and managerial capabilities or to the inability of the transferee to comply with a state or federal law relating to new motor vehicle dealerships. The burden of establishing good cause is upon the franchisor.

(6) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, in the event of the sale or transfer of ownership of the franchisee's dealership by sale or transfer of the business or by stock transfer to the dealer's or wholesaler's spouse~~, son, or daughter~~ *or child*, the franchisor shall give effect to the sale or transfer of ownership in the franchise unless the transfer of the franchisee's new motor vehicle dealer's or wholesaler's license is denied or the new owner is unable to obtain a license under the laws of this state.

(7) If a franchisor enters into or attempts to enter into a franchise, whether upon termination or refusal to continue another franchise or upon the establishment of an additional new motor vehicle dealership in a community where the same line-make is then represented, without first complying with the provisions of this part, a license under Title 23 or 61-4-101 may not be issued to that franchisee or proposed franchisee to engage in the business of selling new motor vehicles manufactured or distributed by that franchisor.

(8) A franchisor shall, unless a new franchisor of the line-make continues or replaces the dealer's franchise under subsection (10), compensate the dealer as provided in subsection (9) if the franchisor renders itself incapable of performing under a franchise agreement or renders a distributor incapable of performing under a franchise agreement by:

(a) selling or otherwise transferring some or all of the assets essential to the manufacture or distribution of the line-make covered by the franchise agreement;

(b) ceasing production of the line-make; or

(c) terminating, canceling, or not renewing the distributor's rights to distribute the line-make.

(9) (a) A franchisor considered incapable of performing under subsection (8) shall compensate the affected dealer in an amount equal to the greater of:

(i) the actual pecuniary loss that the dealer and its owners suffered as a result of the termination, cancellation, or failure to renew; or

(ii) the higher of the fair market value of the franchise on the following dates:

(A) the effective date of the termination, cancellation, or failure to renew;

(B) the date 1 year prior to the effective date of termination, cancellation, or failure to renew; or

(C) the day prior to the date on which the franchisor announces the action that results in the termination, cancellation, or failure to renew.

(b) The compensation required by this subsection (9) must be paid to the dealer within 30 days of the affected parties' mutual agreement in writing as to the amount of the compensation. If an agreement on compensation is not reached within 90 days of the effective date of the termination, cancellation, or failure to renew, an affected dealer may bring an action for a determination of the amount of compensation due and for recovery of that amount, plus costs and attorney fees.

(10) If, as a result of any of the circumstances described in subsection (8), an entity other than the original manufacturer or distributor of a line-make becomes the manufacturer or distributor for the line-make and intends to distribute motor vehicles of that line-make in this state, the entity shall honor the franchise agreements of the original franchisor and its dealers or offer those dealers a new franchise agreement for the line-make on substantially similar terms and conditions.

(11) The franchisor that is terminating, canceling, or not renewing a franchise agreement pursuant to subsection (8) shall:

(a) authorize the franchisee or another new motor vehicle dealer of the franchisor in the area to continue servicing and supplying parts, including service and parts pursuant to a warranty issued by the franchisor for any goods or services marketed by the franchisee pursuant to the motor vehicle franchise for a period of not less than 5 years from the effective date of the termination, cancellation, or nonrenewal; and

(b) continue to reimburse the franchisee or another new motor vehicle dealer of the franchisor in the area for warranty parts and service in an amount and on terms not less favorable than those in effect prior to the termination, cancellation, or nonrenewal.

(12) The franchisor shall continue to supply the franchisee whose agreement is terminated, canceled, or not renewed pursuant to subsection (8) or another new motor vehicle dealer of the franchisor in the area with replacement parts for any

goods or services marketed by the franchisee pursuant to the franchise agreement for a period of not less than 5 years from the effective date of the termination, cancellation, or nonrenewal at the same price and terms as the franchisor supplies the parts, goods, or services to the remaining franchisees of the franchisor or if there are not any remaining franchisees, at a price and on terms not less favorable than those in effect prior to the termination, cancellation, or nonrenewal.

(13) If the franchisee continues to service motor vehicles and sell parts after the termination, cancellation, or nonrenewal of the franchise agreement pursuant to subsection (8), the compensation paid to the franchisee pursuant to subsection (9) must be reduced to the extent, if any, of the fair market value of the right to continue to service motor vehicles and sell parts as of the effective date of the termination, cancellation, or nonrenewal."

Section 5. Section 61-4-207, MCA, is amended to read:

"61-4-207. Determination of good cause. (1) In determining whether good cause has been established for terminating or not continuing a franchise, the department shall take into consideration the existing circumstances, including but not limited to:

(a) ~~amount of business transacted by the franchise~~ *the franchisee's sales in relation to the market*;

(b) investment necessarily made and obligations incurred by the franchisee in the performance of the franchisee's part of the franchise;

(c) permanency of the investment;

(d) whether it is injurious to the public welfare for the business of the franchisee to be discontinued;

(e) whether the franchisee has adequate new motor vehicle facilities, equipment, parts, and qualified management, sales, and service personnel to reasonably provide consumer care for the new motor vehicles sold at retail by the franchisee and any other new motor vehicle of the same line-make;

(f) whether the franchisee refuses to honor warranties of the franchisor to be performed by the franchisee if the franchisor reimburses the franchisee for warranty work performed by the franchisee *pursuant to this part*; ~~and~~

(g) except as provided in subsection (2), ~~failure by the franchisee to substantially comply with the written and uniformly applied requirements of the franchise that are determined by the department to be reasonable and material~~ *actions by the franchisee that result in a material breach of the written and uniformly applied requirements of the franchise that are determined by the department to be reasonable and material; and*

(h) the enforceability of the franchise from a public policy standpoint, including issues of the reasonableness of the franchise's terms and the parties' relative bargaining power.

(2) Notwithstanding the terms, provisions, or conditions of an agreement or franchise, the following do not constitute good cause for the termination or noncontinuance of a franchise:

(a) a change in ownership of the franchisee's dealership; ~~or~~

(b) the fact that the franchisee refused to purchase or accept delivery of a new motor vehicle, part, accessory, or any other commodity or service not ordered by the franchisee*;*

(c) the failure of a franchisee to change location of the dealership or to make substantial alterations to the use or number of franchises or the dealership premises or facilities; or

(d) the desire of a franchisor or a franchisor's representative for market penetration.

(3) In determining whether good cause has been established for entering into an additional franchise for the same line-make, the department shall take into consideration the existing circumstances, including but not limited to:

(a) amount of business transacted by other franchisees of the same line-make in that community;

(b) investment necessarily made and obligations incurred by other franchisees of the same line-make in that community in the performance of their part of their franchises; and

(c) whether the franchisees of the same line-make in that community are providing adequate consumer care, including satisfactory new motor vehicle dealer sales and service facilities, equipment, parts supply, and qualified management, sales, and service personnel, for the new motor vehicle products of the line-make."

Section 6. Section 61-4-208, MCA, is amended to read:

"61-4-208. Prohibited acts. (1) A manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of the persons or entities listed may not:

(a) coerce, attempt to coerce, or require a new motor vehicle dealer *or transferee of a new motor vehicle dealer* to:

(i) accept delivery of a new motor vehicle, a part, or an accessory for a new motor vehicle or any other commodity that has not been ordered by the *new motor vehicle dealer or transferee of a new motor vehicle* dealer;

(ii) participate in or contribute to any local, regional, or national advertising fund or to participate in or to contribute to contests, giveaways, or other sales devices;

(iii) change location of the dealership or to make substantial alterations to the use or number of franchises or the dealership premises or facilities ~~when to do so would be unreasonable, or without written assurance of a sufficient supply of new motor vehicles that would justify an expansion~~;

(iv) either establish or maintain exclusive facilities, personnel, or display space or to abandon an existing franchise relationship with another manufacturer ~~that was established before April 8, 1997, when those requirements are not justified by reasonable business considerations;~~ *in order to keep or enter into a franchise agreement or to participate in any program discount, credit, rebate, or sales incentive;*

(v) require, coerce, or attempt to coerce a new motor vehicle dealer or transferee of a new motor vehicle dealer to refrain from participation in the management of, investment in, or acquisition of any other line-make of new motor vehicle or related products, as long as the new motor vehicle dealer or transferee of a new motor vehicle dealer maintains a reasonable line of credit for each franchise and the new motor vehicle dealer or transferee of a new motor vehicle dealer remains in substantial compliance with reasonable facilities requirements. The reasonable facilities requirements may not include any

requirement that a new motor vehicle dealer or transferee of a new motor vehicle dealer establish or maintain exclusive facilities, personnel, or display space.

~~(v)~~*(vi)* refrain from participation in the management of, investment in, or acquisition of any other line of new motor vehicle or related products if the new motor vehicle dealer *or transferee of a new motor vehicle dealer* maintains a reasonable line of credit for each make or line of new motor vehicles and remains in compliance with any reasonable capital standards and facility requirements of the manufacturer; or

~~(vi)~~*(vii)* enter into an agreement with a manufacturer, factory branch, distributor, distributor branch, or representative of the listed persons or entities or do any other act unfair to the *new motor vehicle* dealer *or transferee of a new motor vehicle dealer* by:

(A) threatening to cancel or not renew a franchise existing between the manufacturer, factory branch, distributor, distributor branch, or representative of the listed persons or entities and the *new motor vehicle* dealer *or transferee of a new motor vehicle dealer*; or

(B) threatening to withhold, delay, or disrupt the receipt of new motor vehicles or any motor vehicle parts or supplies ordered by the *new motor vehicle dealer* ~~dealer~~ *or transferee of a new motor vehicle dealer* from the manufacturer, factory branch, distributor, distributor branch, importer, or representative or agent of the listed entities;

(b) delay, refuse, or fail to deliver new motor vehicles in a reasonable time in a reasonable quantity relative to the new motor vehicle dealer's *or transferee of a new motor vehicle dealer's* facilities and sales potential after accepting an order from a new motor vehicle dealer *or transferee of a new motor vehicle dealer* if the new motor vehicles are publicly advertised as being available for immediate delivery; ~~or~~

(c) impose unreasonable restrictions on the assertion of legal or equitable rights on the new motor vehicle dealer *or transferee of a new motor vehicle dealer* or franchise *of a new motor vehicle dealer or transferee of a new motor vehicle dealer* regarding transfer; sale; right to renew; termination; discipline; noncompetition covenants; site control, whether by sublease, collateral pledge of lease, or otherwise; or compliance with subjective standards*; or*

(d) notwithstanding the terms, provisions, or conditions of any agreement or franchise, use or consider the new motor vehicle dealer's or transferee of a new motor vehicle dealer's performance relating to the sale of new motor vehicles or ability to satisfy any minimum sales or market share quota or responsibility relating to the sale of new motor vehicles, parts, or service contracts in determining:

(i) eligibility to purchase program, certified, or other used motor vehicles;

(ii) the volume, type, or model of program, certified, or other used motor vehicles the new motor vehicle dealer or transferee of a new motor vehicle dealer is eligible to purchase;

(iii) the price or prices of any program, certified, or other used motor vehicles that the new motor vehicle dealer or transferee of a new motor vehicle dealer is eligible to purchase; or

(iv) the availability or amount of any discount, credit, rebate, or sales incentive that the new motor vehicle dealer or transferee of a new motor vehicle dealer is eligible to receive for the purchase of any program, certified, or other used motor vehicles.

(2) There is no violation of subsection (1)(a)(iii) or (1)(b) if a failure on the part of the manufacturer, factory branch, distributor, or distributor branch is beyond the control of the listed persons or entities.

(3) (a) Except as provided in subsection (3)(b) or (3)(c), a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may not own or operate, directly or indirectly, a motor vehicle dealership in Montana that is for sale or has been for sale under a franchise agreement with a new motor vehicle dealer in Montana.

(b) If there is no independent person available to own and operate a motor vehicle dealership in a manner that is consistent with the public interest, a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may own and operate a motor vehicle dealership for a temporary period, not to exceed 1 year, during the transition from one owner of the dealership to another. Approval of the sale may not be unreasonably withheld by the manufacturer.

(c) A manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities may own an interest in a motor vehicle dealership but may not operate the dealership unless a manufacturer of new motor vehicles, a factory branch, a distributor, a distributor branch, an importer, a field representative, an officer, an agent, or any representative of any of these persons or entities has a bona fide business relationship with an independent person who is not a franchisor or a franchisor's agent or affiliate, who has made an investment that is subject to loss in the dealership, and who reasonably expects to acquire full ownership of the dealership on reasonable terms and conditions."

Section 7. Section 61-4-210, MCA, is amended to read:

"61-4-210. Penalties — administrative penalties. (1) Except as provided in subsection (2), a person who violates any provision of this part is guilty of a misdemeanor and upon conviction shall be fined not less than $500 or more than $1,000 for each violation. Each day that a violation continues or occurs constitutes a separate violation.

(2) A manufacturer on direct dealerships, distributor on indirect dealerships, or importer on direct dealerships who has filed with the department an agreement used by all its franchisees in this state together with a list of all such franchisees and who fails to notify the department within 30 days of any revision, change, or addition thereto is guilty of a misdemeanor and upon conviction shall be fined not to exceed $500.

(3) If any new motor vehicle dealer *or transferee of a new motor vehicle dealer* incurs pecuniary loss due to a violation of this part by a manufacturer, distributor, importer, or factory branch or representative or agent ~~thereof~~ *of the listed persons or entities*, the *new motor vehicle dealer or transferee of a new motor vehicle* dealer may recover damages ~~therefor~~ in a court of competent jurisdiction in *an* amount equal to three times the pecuniary loss, together with costs including reasonable ~~attorney's~~ *attorney* fees.

(4) In addition to any other penalty provided for in this part, the department may take appropriate enforcement action on its own initiative in accordance with the contested case procedures of Title 2, chapter 4. A person who violates

the provisions of this part may be subject to administrative action and a civil penalty not to exceed $500 for each violation."

Section 8. Damage notice. (1) Except as provided in subsection (2), a franchisor is required:

(a) to disclose in writing to a new motor vehicle dealer damage to a new motor vehicle delivered to the new motor vehicle dealer if the damage is known to the franchisor and repaired, the damage occurred after the manufacturing process is complete but before delivery to the new motor vehicle dealer, and the damage exceeds 5% of the franchisor's suggested retail price as calculated at the rate of the new motor vehicle dealer's authorized warranty rate for labor and parts; and

(b) to disclose in writing to a purchaser of the new motor vehicle before entering into a sales contract that the new motor vehicle has been damaged and repaired if the damage to the new motor vehicle exceeds 5% of the franchisor's suggested retail price as calculated at the rate of the new motor vehicle dealer's authorized warranty rate for labor and parts.

(2) Disclosure is not required for any glass, tires, or bumper of a new motor vehicle if the damaged item has been replaced with original or comparable equipment.

(3) If disclosure is not required under subsection (2), a purchaser may not revoke or rescind a sales contract due solely to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(4) For purposes of this section, "franchisor's suggested retail price" means the retail price of the new motor vehicle suggested by the franchisor, including the retail delivered price suggested by the franchisor for each accessory or item of optional equipment physically attached to the new motor vehicle at the time of delivery to the new motor vehicle dealer that is not included within the retail price suggested by the franchisor for the new motor vehicle.

Section 9. Codification instruction. [Section 8] is intended to be codified as an integral part of Title 61, chapter 4, and the provisions of Title 61, chapter 4, apply to [section 8].

Section 10. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

CHAPTER NO. 318

[SB 292]

AN ACT PROVIDING FOR A REDUCED SEVERANCE TAX RATE ON COAL RECOVERED FROM A STRIP MINE BY AUGER MINING; AMENDING SECTIONS 15-35-102 AND 15-35-103, MCA; AND PROVIDING AN EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 15-35-102, MCA, is amended to read:

"15-35-102. Definitions. As used in this chapter, the following definitions apply:

(1) "Agreement" means a signed contract that is valid under Montana law between a coal mine operator and a purchaser or broker for the sale of coal that is produced in Montana.

(2) "Auger mining" means the method of recovering coal by boring with an auger into a coal bed prepared by strip-mining excavations or in naturally sloping terrain. Auger mining is used when the ratio of overburden to coal does not allow the economical recovery of coal.

~~(2) (a) "Base consumption level" for a purchaser, except as provided in subsection (2)(b), applies only for the term of an agreement in effect as of December 31, 1984, and means the lesser of:~~

~~(i) the volume of coal purchased during calendar year 1986 from all Montana coal mine operators; or~~

~~(ii) the greater of:~~

~~(A) the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators; or~~

~~(B) 90% of the maximum tonnage provided for in any agreement executed prior to January 1, 1985, for which the highest scheduled minimum quantity of coal stipulated by the terms of the agreement as they existed on January 1, 1985, has not been purchased at any time during the term of the agreement, plus the arithmetic average volume of coal purchased during calendar years 1983 and 1984 from all Montana coal mine operators under all other agreements.~~

~~(b) If the volume calculated in subsection (2)(a)(i) is less than one-third of the volume calculated in subsection (2)(a)(ii), the base consumption level is the volume calculated in subsection (2)(a)(ii).~~

~~(3) (a) Except as provided in subsection (3)(b), "base production level" for a coal mine operator applies only for the term of an agreement in effect as of December 31, 1984, and means the lesser of:~~

~~(i) the arithmetic average volume of coal produced in Montana and sold to a purchaser in calendar years 1983 and 1984; or~~

~~(ii) the volume of coal produced in Montana and sold to a purchaser in 1986.~~

~~(b) If the amount calculated in subsection (3)(a)(ii) is less than one-third of the amount calculated in subsection (3)(a)(i), the base production level is the amount calculated in subsection (3)(a)(i).~~

~~(4)~~*(3)* "Broker" means any person who resells Montana coal.

~~(5)~~*(4)* "Contract sales price" means either the price of coal extracted and prepared for shipment f.o.b. mine, excluding that amount charged by the seller to pay taxes paid on production, or a price imputed by the department under 15-35-107. Contract sales price includes all royalties paid on production, no matter how the royalties are calculated. However, with respect to royalties paid to the government of the United States, the state of Montana, or a federally recognized Indian tribe, the contract sales price includes 15 cents per ton.

~~(6) "Department" means the department of revenue.~~

~~(7)~~*(5)* "Energy conversion process" includes any process by which coal in the solid state is transformed into slurry, gas, electrical energy, or any other form of energy.

~~(8) "Incremental production" means that quantity of coal produced annually by a coal mine operator and sold to a qualified purchaser that exceeds the base production level of the coal mine operator for that purchaser, but only to the extent the quantity of coal exceeds that purchaser's base consumption level from all Montana producers.~~

~~(9)~~*(6)* "Produced" means severed from the earth.

~~(10)~~*(7)* "Purchaser" means a person who purchases or contracts to purchase Montana coal directly from a coal mine operator or indirectly from a broker and who utilizes that coal in any industrial, commercial, or energy conversion process. A coal broker or any other third party intermediary is not a purchaser under the provisions of this chapter.

~~(11) "Qualified purchaser" means a purchaser whose purchases of Montana coal in any given year exceed the purchaser's base consumption level. A purchaser of Montana coal who enters into a coal agreement with another purchaser or a broker that causes a reduction in the base consumption level of a purchaser is not a qualified purchaser.~~

~~(12)~~*(8)* "Strip mining" is defined in 82-4-203 and includes "surface mining".

~~(13)~~*(9)* "Taxes paid on production" includes any tax paid to the federal, state, or local governments upon the quantity of coal produced as a function of either the volume or the value of production and does not include any tax upon the value of mining equipment, machinery, or buildings and lands, any tax upon a person's net income derived in whole or in part from the sale of coal, or any license fee.

~~(14)~~*(10)* "Ton" means 2,000 pounds.

~~(15)~~*(11)* "Underground mining" means a coal mining method utilizing shafts and tunnels and as further defined in 82-4-203."

Section 2. Section 15-35-103, MCA, is amended to read:

"15-35-103. Severance tax — rates imposed. (1) A severance tax is imposed on each ton of coal produced in the state in accordance with the following schedule:

Heating quality (Btu per pound of coal):	Surface Mining	*Auger Mining*	Underground Mining
Under 7,000	10% of value	*3.75% of value*	3% of value
7,000 and over	15% of value	*5% of value*	4% of value

(2) "Value" means the contract sales price.

(3) A person is not liable for any severance tax upon 50,000 tons of the coal that the person produces in a calendar year, except that if more than 50,000 tons of coal are produced in a calendar year, the producer is liable for severance tax upon all coal produced in excess of the first 20,000 tons.

(4) The reduced tax rate on coal produced by auger mining applies only to coal recovered from a mining operation that would otherwise be uneconomical to recover by conventional strip-mining methods as specified in the coal conservation plan submitted to and approved by the department of environmental quality under the provisions of Title 82, chapter 4, part 2."

Section 3. Notification to tribal governments. The secretary of state shall send a copy of [this act] to each tribal government located on the seven Montana reservations and to the Little Shell Chippewa tribe.

Section 4. Effective date. [This act] is effective July 1, 2009.

Section 5. Applicability. [This act] applies to coal recovered from a strip mine by auger mining after June 30, 2009.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 72-30-102, MCA, is amended to read:

"72-30-102. Definitions. In this chapter, the following definitions apply:

(1) "Charitable purpose" means the relief of poverty, the advancement of education or religion, the promotion of health, the promotion of a governmental purpose, or any other purpose the achievement of which is beneficial to the community.

(2) (a) "Endowment fund" means an institutional fund or any part of the fund that under the terms of a gift instrument *or instrument of donor intent* is not wholly expendable by the institution on a current basis.

(b) The term does not include assets that an institution designates as an endowment fund for its own use.

(3) "Gift instrument" means a record or records, including an institutional solicitation, under which property is granted to, transferred to, or held by an institution as an institutional fund.

(4) "Institution" means:

(a) a person, other than an individual, organized and operated exclusively for charitable purposes;

(b) a government or governmental subdivision, agency, or instrumentality to the extent that it holds funds exclusively for a charitable purpose; and

(c) a trust that had both charitable and noncharitable interests, after all noncharitable interests have terminated.

(5) (a) "Institutional fund" means a fund held by an institution exclusively for charitable purposes.

(b) The term does not include:

(i) program-related assets;

(ii) a fund held for an institution by a trustee that is not an institution; or

(iii) a fund in which a beneficiary that is not an institution has an interest, other than an interest that could arise upon violation or failure of the purposes of the fund.

(6) "Instrument of donor intent" means a record by a person that contributed property, pursuant to the provisions of this chapter that were in effect prior to October 1, 2007, setting forth the person's intention regarding investment or retention of the contributed property.

Section 2. Section 72-30-207, MCA, is amended to read:

"72-30-207. Release or modification of restrictions on management, investment, or purpose. (1) If the donor consents in a record, an institution may release or modify, in whole or in part, a restriction contained in a gift instrument *or instrument of donor intent* on the management, investment, or purpose of an institutional fund. A release or modification may not allow a fund to be used for a purpose other than a charitable purpose of the institution.

(2) The court, upon application of an institution, may modify a restriction contained in a gift instrument *or instrument of donor intent* regarding the management or investment of an institutional fund if the restriction has become impracticable or wasteful, if it impairs the management or investment of the fund, or if, because of circumstances not anticipated by the donor, a modification of a restriction will further the purposes of the fund. The institution shall notify the attorney general of the application, and the attorney general must be given an opportunity to be heard. To the extent practicable, any modification must be made in accordance with the donor's probable intention.

(3) If a particular charitable purpose or a restriction contained in a gift instrument *or instrument of donor intent* on the use of an institutional fund becomes unlawful, impracticable, impossible to achieve, or wasteful, the court, upon application of an institution, may modify the purpose of the fund or the restriction on the use of the fund in a manner consistent with the charitable purposes expressed in the gift instrument *or instrument of donor intent*. The institution shall notify the attorney general of the application, and the attorney general must be given an opportunity to be heard.

(4) If an institution determines that a restriction contained in a gift instrument *or instrument of donor intent* on the management, investment, or purpose of an institutional fund is unlawful, impracticable, impossible to achieve, or wasteful, the institution, 60 days after notification to the attorney general, may release or modify the restriction, in whole or part, if:

(a) the institutional fund subject to the restriction has a total value of less than $25,000; or

(b) more than 20 years have elapsed since the fund was established; and

(c) the institution uses the property in a manner consistent with the charitable purposes expressed in the gift instrument *or instrument of donor intent*."

Section 3. Section 72-30-208, MCA, is amended to read:

"72-30-208. Standard of conduct in managing and investing institutional fund. (1) Subject to the intent of a donor expressed in a gift instrument *or instrument of donor intent*, an institution, in managing and investing an institutional fund, shall consider the charitable purposes of the institution and the purposes of the institutional fund.

(2) In addition to complying with the duty of loyalty imposed by law other than this chapter, each person responsible for managing and investing an institutional fund shall manage and invest the fund in good faith and with the

care an ordinarily prudent person in a like position would exercise under similar circumstances.

(3) In managing and investing an institutional fund, an institution:

(a) may incur only costs that are appropriate and reasonable in relation to the assets, the purposes of the institution, and the skills available to the institution; and

(b) shall make a reasonable effort to verify facts relevant to the management and investment of the fund.

(4) An institution may pool two or more institutional funds for purposes of management and investment.

(5) Except as otherwise provided by a gift instrument *or instrument of donor intent*, the following rules apply:

(a) In managing and investing an institutional fund, the following factors, if relevant, must be considered:

(i) general economic conditions;

(ii) the possible effect of inflation or deflation;

(iii) the expected tax consequences, if any, of investment decisions or strategies;

(iv) the role that each investment or course of action plays within the overall investment portfolio of the fund;

(v) the expected total return from income and the appreciation of investments;

(vi) other resources of the institution;

(vii) the needs of the institution and the fund to make distributions and to preserve capital; and

(viii) an asset's special relationship or special value, if any, to the charitable purposes of the institution.

(b) Management and investment decisions about an individual asset must be made not in isolation but rather in the context of the institutional fund's portfolio of investments as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the fund and to the institution.

(c) Except as otherwise provided by law other than this chapter, an institution may invest in any kind of property or type of investment consistent with this section.

(d) An institution shall diversify the investments of an institutional fund unless the institution reasonably determines that, because of special circumstances, the purposes of the fund are better served without diversification *or unless the gift instrument or instrument of donor intent provides otherwise*.

(e) Within a reasonable time after receiving property, an institution shall make and carry out decisions concerning the retention or disposition of the property or to rebalance a portfolio, in order to bring the institutional fund into compliance with the purposes, terms, and distribution requirements of the institution as necessary to meet other circumstances of the institution and the requirements of this chapter.

(f) A person that has special skills or expertise or is selected in reliance upon the person's representation that the person has special skills or expertise has a duty to use those skills or that expertise in managing and investing institutional funds."

Section 4. Section 72-30-209, MCA, is amended to read:

"72-30-209. Appropriation for expenditure or accumulation of endowment fund — rules of construction. (1) Subject to the intent of a donor expressed in the gift instrument *or instrument of donor intent* and to subsection (4), an institution may appropriate for expenditure or accumulate so much of an endowment fund as the institution determines is prudent for the uses, benefits, purposes, and duration for which the endowment fund is established. Unless stated otherwise in the gift instrument *or instrument of donor intent*, the assets in an endowment fund are donor-restricted assets until appropriated for expenditure by the institution. In making a determination to appropriate or accumulate, the institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, and shall*, in addition to considering the gift instrument or instrument of donor intent,* consider, if relevant, the following factors:

(a) the duration and preservation of the endowment fund;

(b) the purposes of the institution and the endowment fund;

(c) general economic conditions;

(d) the possible effect of inflation or deflation;

(e) the expected total return from income and the appreciation of investments;

(f) other resources of the institution; and

(g) the investment policy of the institution.

(2) To limit the authority to appropriate for expenditure or accumulate under subsection (1), a gift instrument *or instrument of donor intent* must specifically state the limitation.

(3) Terms in a gift instrument *or instrument of donor intent* designating a gift as an endowment or a direction or authorization in the gift instrument *or instrument of donor intent* to use only "income", "interest", "dividends", or "rents, issues, or profits" or "to preserve the principal intact" or words of similar import:

(a) create an endowment fund of permanent duration unless other language in the gift instrument *or instrument of donor intent* limits the duration or purpose of the fund; and

(b) do not otherwise limit the authority to appropriate for expenditure or accumulate under subsection (1).

(4) The appropriation for expenditure in any year of an amount greater than 7% of the fair market value of an endowment fund, calculated on the basis of market values determined at least quarterly and averaged over a period of not less than 3 years immediately preceding the year in which the appropriation for expenditure was made, creates a rebuttable presumption of imprudence. For an endowment fund in existence for fewer than 3 years, the fair market value of the endowment fund must be calculated for the period the endowment fund has been in existence. This subsection does not:

(a) apply to an appropriation for expenditure permitted under law other than this chapter or by the gift instrument *or instrument of donor intent*; or

(b) create a presumption of prudence for an appropriation for expenditure of an amount less than or equal to 7% of the fair market value of the endowment fund."

Section 5. Section 72-30-210, MCA, is amended to read:

"72-30-210. Delegation of management and investment functions. (1) Subject to any specific limitation set forth in a gift instrument*, in an instrument of donor intent,* or in law other than this chapter, an institution may delegate to an external agent the management and investment of an institutional fund to the extent that an institution could prudently delegate under the circumstances. An institution shall act in good faith, with the care that an ordinarily prudent person in a like position would exercise under similar circumstances, in:

(a) selecting an agent;

(b) establishing the scope and terms of the delegation, consistent with the purposes of the institution and the institutional fund; and

(c) periodically reviewing the agent's actions in order to monitor the agent's performance and compliance with the scope and terms of the delegation.

(2) In performing a delegated function, an agent owes a duty to the institution to exercise reasonable care to comply with the scope and terms of the delegation.

(3) An institution that complies with subsection (1) is not liable for the decisions or actions of an agent to which the function was delegated.

(4) By accepting delegation of a management or investment function from an institution that is subject to the laws of this state, an agent submits to the jurisdiction of the courts of this state in all proceedings arising from or related to the delegation or the performance of the delegated function.

(5) An institution may delegate management and investment functions to its committees, officers, or employees as authorized by law of this state other than this chapter."

WHEREAS, all sports and recreational activities involve inherent risks that provide the challenge and excitement that entice recreationists to participate in those activities; and

WHEREAS, recreationists should accept the risks inherent in sports and recreational activities and be responsible for injury or damage resulting from those inherent risks; and

WHEREAS, the state has a legitimate interest in maintaining the economic viability of the sports and recreational industries by discouraging claims based on damages resulting from risks inherent in a sport or recreational activity; and

WHEREAS, providers of recreational opportunities should not be required to alter the challenge and excitement of recreational activities by controlling risks inherent in the activities; and

WHEREAS, the liability of providers of recreational opportunities should be limited to negligence that is not associated with the inherent risks of a sport or recreational activity.

Be it enacted by the Legislature of the State of Montana:

Section 1. Short title. [Sections 1 through 4] may be cited as the "Montana Recreation Responsibility Act".

Section 2. Definitions. As used in [sections 1 through 4], the following definitions apply:

(1) "Inherent risks" means those dangers or conditions that are characteristic of, intrinsic to, or an integral part of any sport or recreational activity and that cannot be prevented by the use of reasonable care.

(2) "Provider" means a person, corporation, partnership, or other business entity, including a governmental entity as defined in 2-9-111, that promotes, offers, or conducts a sport or recreational opportunity, for profit or otherwise.

(1) A person who participates in any sport or recreational opportunity assumes the inherent risks in that sport or recreational opportunity, whether those risks are known or unknown, and is legally responsible for all injury or death to the person and for all damage to the person's property that result from the inherent risks in that sport or recreational opportunity.

(2) A provider is not required to eliminate, alter, or control the inherent risks within the particular sport or recreational opportunity that is provided.

(3) [Sections 1 through 4] do not preclude an action based on the negligence of the provider if the injury, death, or damage is not the result of an inherent risk of the sport or recreational opportunity.

(4) [Sections 1 through 4] do not apply to a cause of action based on the design, manufacture, provision, or maintenance of sports or recreational

equipment or products or safety equipment used incidental to or required by the sport or recreational activity.

Section 4. Recreational activity — applicability exceptions. [Sections 1 through 3] do not apply to duties, responsibilities, liability, or immunity related to:

(1) recreational use of waters or land, as provided in 23-2-321;

(2) snowmobiling, as provided in 23-2-653 and 23-2-654;

Section 6. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

Section 7. Two-thirds vote required. Because [section 3] limits governmental liability, Article II, section 18, of the Montana constitution requires a vote of two-thirds of the members of each house of the legislature for passage.

CHAPTER NO. 333

[HB 238]

AN ACT ESTABLISHING A STATE TEEN DRIVER SAFETY DAY AS AN OFFICIAL DAY OF OBSERVANCE IN MONTANA TO PROMOTE TEEN DRIVER EDUCATION AND SAFETY.

WHEREAS, Congressman Charlie Dent (R-PA) and Senator Bob Casey (D-PA) introduced a resolution creating a National Teen Driver Safety Week in response to several tragic crashes involving Pennsylvania high school students and the first annual National Teen Driver Safety Week was held October 15 through 20, 2007; and

WHEREAS, many people, especially teenagers, do not realize the consequences of driving while distracted and education is needed in order for teenagers to become more aware of the dangers they face while driving; and

WHEREAS, a national survey shows that two out of three teenagers use cell phone text messaging while driving, which has been found to increase the chances of a car accident by 50%; and

WHEREAS, other distractions while driving include talking on a cell phone, eating, dealing with personal hygiene, and adjusting music and, according to the federal government, more than 30% of all car crashes in the United States involve a distracted driver; and

WHEREAS, because 77% of fatal crashes involving 16-year-olds behind the wheel are caused by driver error, it is apparent that education could significantly lower the number of fatal car accidents; and

WHEREAS, car crashes are the leading cause of death for teenagers in the United States, about 10 teenagers between 16 and 19 years of age die in teen driver car accidents every day, and teens make up only 6.7% of all motorists even though they account for 14% of fatal car crashes in the United States; and

WHEREAS, officials say that teens' inexperience and recklessness on the road have a lot to do with the deadly statistics; and

WHEREAS, 18 states, not including Montana, have focused on the specific problem of teen driving and cell phone text messaging while driving and have made text messaging while driving illegal; and

WHEREAS, since 2007, approximately 21 states have recognized National Teen Driver Safety Week and planned specific activities targeting teen drivers; and

WHEREAS, establishing a state Teen Driver Safety Day is an important tool for raising awareness about the tragedy of teen driver car crashes, will spark communication among teenagers, their parents, and civic leaders about the causes of and solutions to teen driver car crashes, and will encourage self-reflection by teen drivers.

Be it enacted by the Legislature of the State of Montana:

Section 1. State teen driver safety day. (1) To increase public awareness and promote teen driver safety, the third Tuesday in October is designated teen driver safety day and is an official day of observance.

(2) All Montanans are encouraged to participate in special observances and exercises throughout the state on this day in order to educate teens about the fatal consequences of distractions while driving and to promote teen driver safety. The governor and the office of public instruction may officially recognize and encourage the observances and exercises described in this section.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 1, chapter 1, part 2, and the provisions of Title 1, chapter 1, part 2, apply to [section 1].

AN ACT REVISING THE USE OF PORTABLE SCALES; REQUIRING PORTABLE SCALES TO BE USED ON ENGINEERED SITES; DEFINING "ENGINEERED SITE"; AND AMENDING SECTIONS 61-10-141 AND 61-10-144, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-10-141, MCA, is amended to read:

"61-10-141. Officers authorized to weigh vehicles and require removal of excessive loads — *definition.* (1) (a) A peace officer, officer of the highway patrol, or employee of the department of transportation may weigh any vehicle regulated by 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110, except recreational vehicles, travel trailers, or motor homes, by means of either portable *scales used on an engineered site* or stationary scales. ~~and~~ *The peace officer, officer of the highway patrol, or employee of the department of transportation* may require that the vehicle be driven to the nearest *stationary* scales *or engineered site for use of portable scales* if those *stationary* scales *or an engineered site* ~~are~~ *is* within 2 miles.

(b) If it is determined in the weighing process that the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110 have been exceeded, the peace officer, officer of the highway patrol, or employee of the department of transportation may then require the driver to

unload at a designated facility that portion of the load necessary to decrease the weight of the vehicle to conform to the maximum allowable weights specified in 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110. If the excess weight does not exceed 10,000 pounds, an excess weight permit may be issued in accordance with 61-10-121. The permit authorizes the driver of the excess weight load to proceed to a designated facility where the load can be safely reduced to legal limits.

(2) Commodities and material unloaded as required by this section must be cared for by the owner or operator of the vehicle at the risk of that owner or operator. Commodities or material unloaded as required by this section may not be left on the highway right-of-way.

(3) The department of transportation may establish, maintain, and operate weigh stations, either intermittently or on a continuous schedule, and may require vehicles, except passenger cars and pickup trucks under 14,000 pounds GVW and recreational vehicles that are not new or used recreational vehicles traveling into or through Montana for delivery to a distributor or a dealer, to enter for the purpose of weighing and inspection for compliance with all laws pertaining to their operation and safety requirements. The department may require vehicles over 10,000 pounds to be inspected and weighed by portable scale crews *when the portable scales are used on an engineered site*.

(4) For the purposes of this section, "engineered site" means:

(a) a turnout designed and constructed by the department of transportation that has indents in the pavement to level portable scales; or

(b) a site where leveling pads can be used in strict accordance with all of the manufacturer's manuals and specifications."

Section 2. Section 61-10-144, MCA, is amended to read:

"61-10-144. Violation of standards — tolerance. (1) It is a misdemeanor for a person, firm, or corporation to violate any provision of 61-10-101 through 61-10-104 and 61-10-106 through 61-10-110.

(2) The operator of a vehicle or combination of vehicles may move over the highways to the first open ~~state~~ *stationary* scale~~, permanent~~ or portable *scale on an engineered site, as defined in 61-10-141(4)*, without incurring the excess weight penalties set forth in 61-10-145 if the total gross weight of the vehicle or combination of vehicles does not exceed allowable total gross weight limitations by more than 10% and if the weight carried by any axle or combination of axles does not exceed the allowable axle weight limitations by more than 10%. If the vehicle or combination of vehicles is not in excess of the allowable total gross or axle weight limitations by more than 10%, the department may issue a single trip permit for the fee of $10, allowing the vehicle or combination of vehicles to move over the highways to the first facility where its load can be safely adjusted or to its destination. Violations of total gross or axle weight limitations in excess of 10% are subject to the fines provided in 61-10-145, and all loads in excess of 10% of the total gross or axle weight limitations:

(a) may be required to be adjusted or reduced to conform to the size and weight limitations before the vehicle or combination of vehicles is moved from the point of weighing; or

(b) may be issued a permit as authorized by 61-10-141.

(3) Farm vehicles transporting agricultural products from a harvesting combine or other harvesting machinery may be operated on any highway, except a highway that is part of the federal-aid interstate system, within a

100-mile radius of the harvested field to the point of first unloading without incurring excess weight penalties under 61-10-145 if the total gross weight of the farm vehicle or combination of vehicles does not exceed allowable weight limitations by more than 20% for each axle and the maximum load for each inch of tire width does not exceed 670 pounds. A single trip permit, as required in subsection (2), is not applicable to the farm vehicle or combination of vehicles. When a farm vehicle or combination of vehicles violates any of the provisions of this subsection, the fine or penalty imposed applies to that portion of the load above the legal limit."

(1) At the hearing, all persons, associations, corporations, or companies affected or interested, including the Montana consumer counsel, may be present and represented by counsel. The hearing may be continued from time to time by the governing body of the municipality. At the conclusion of the hearing, all interested parties ~~shall~~ *must* be allowed to make ~~such~~ arguments ~~as~~ *that* they may consider proper.

(2) Within 30 days after the hearing, the governing body of the municipality shall issue its decision. The decision is final 10 days after being filed with the municipal clerk. ~~A copy of each revised rate schedule shall be filed with the public service commission upon final decision.~~"

Section 11. Section 75-5-1113, MCA, is amended to read:

"75-5-1113. Conditions on loans. (1) Upon approval of a project by the department, the department of natural resources and conservation may lend amounts on deposit in the revolving fund to a municipality or private person to pay part or all of the cost of a project or to buy or refinance an outstanding obligation of a municipality that was issued to finance a project. The loan is subject to the municipality or private person complying with the following conditions:

(a) meeting requirements of financial capability set by the department of natural resources and conservation to ensure sufficient revenue to operate and maintain the project for its useful life and to repay the loan, including the establishment and maintenance by the municipality of a reserve or revolving fund to secure the payment of principal of and interest on the loan to the extent permitted by the applicable law governing the municipality's obligation;

(b) agreeing to operate and maintain the project properly over its structural and material design life, which may not be less than the term of the loan;

(c) agreeing to maintain proper financial records in accordance with generally accepted accounting standards and agreeing that all records are subject to audit;

(d) meeting the requirements listed in the federal act for projects constructed with funds directly made available by federal capitalization grants;

(e) providing legal assurance that all necessary property titles, easements, and rights-of-way have been obtained to construct, operate, and maintain the project;

(f) submitting an engineering report evaluating the proposed project, including information demonstrating its cost-effectiveness and environmental information necessary for the department and the department of natural resources and conservation to fulfill their responsibilities under the Montana Environmental Policy Act and rules adopted to implement that act;

(g) complying with plan and specification requirements and other requirements established by the department; and

(h) providing for proper construction inspection and project management.

(2) *(a)* Each loan, unless prepaid, is payable subject to the limitations of the federal act, with interest paid in annual or more frequent installments, the first of which must be received not more than 1 year after the completion date of the project and*, except as provided in subsection (2)(b),* the last of which must be received not more than 20 years after the completion date.

(b) If the applicant is a disadvantaged community, as defined by rule, that has qualified for and applied for a loan subsidy, the department may determine that the last installment must be received not more than 30 years after the completion date of the project if the period of the loan does not exceed the expected design life of the project being financed.

(3) *(a)* Subject to the limitations of the federal act, the interest rate on a loan must ensure that the interest payments on the loan and on other outstanding loans will be sufficient, if paid timely and in full, with other available funds in the revolving fund, including investment income, to enable the state to pay the principal of and interest on the bonds issued pursuant to 75-5-1121.

~~(a)~~*(b)* The interest rate must be determined as of the date the loan is authorized by the department of natural resources and conservation.

~~(b)~~*(c)* The rate may include any additional rate that the department of natural resources and conservation considers reasonable or necessary to provide a reserve for the repayment of the loans. The additional rate may be fixed or variable or may be calculated according to a formula, and it may differ from the rate established for any other loan. Once the reserve has been established at a level considered by the department to be reasonable and prudent for the loans outstanding, the department may use excess reserve payments to make grants to aid in the feasibility of projects.

(4) Each loan must be evidenced by a bond, note, or other evidence of indebtedness of the municipality or private person, in a form prescribed or approved by the department of natural resources and conservation, except that the bond, note, or other evidence must include provisions required by the federal act and must be consistent with the provisions of this part. The bond, note, or other evidence is not required to be identical for all loans. The department of natural resources and conservation may require that loans to private persons be further secured by a mortgage and other security interests in the project that is being financed or other forms of additional security as considered necessary, including personal guarantees and letters of credit.

(5) As a condition to making a loan, the department of natural resources and conservation, with the concurrence of the department, may impose a reasonable administrative fee that may be paid from the proceeds of the loan or other available funds of the municipality or private person. Administrative fees may be deposited:

(a) in a special administrative costs account that the department of natural resources and conservation may create for that purpose outside the revolving fund provided for in 75-5-1106; or

(b) in the administration account. Money deposited in the administration account established in 75-5-1106 must be used for the payment of administrative costs of the program. Money deposited in the special administration costs account must be used for the payment of administrative costs of the program unless not required for that purpose, in which case the money may be transferred to other funds and accounts in the program."

CHAPTER NO. 344

[HB 562]

AN ACT ALLOWING A SCHOOL DISTRICT THAT HAS PROPERTY SUBJECT TO PENDING PROPERTY TAX PROTESTS TO WAIVE THE DISTRICT'S RIGHT TO RECEIVE ITS PORTION OF THE PROTESTED TAXES UPON SETTLEMENT OF THE TAX PROTEST; PROVIDING THAT A DISTRICT THAT HAS WAIVED ITS RIGHT TO RECEIVE ITS PORTION OF PROTESTED PROPERTY TAXES WILL HAVE ITS GUARANTEED TAX BASE AID DETERMINED ON PROPERTY VALUE THAT DOES NOT INCLUDE THE VALUE OF THE PROTESTED PROPERTY; AMENDING SECTION 15-1-402, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Exclusion of property subject to property tax protest — guarantee tax base — tax refund. (1) A school district that has property subject to pending property tax protests shall, prior to February 1 of each year, elect whether to waive the school district's right to receive its portion of protested taxes for the previous year.

(2) If the school district elects to waive its right to its portion of the protested taxes, the district's guaranteed tax base aid calculated under 20-9-366 must be determined based on the total taxable value of property in the school district that is not subject to a tax protest. Upon settlement or other resolution of the protest, the department is responsible for refunding protested taxes or paying any other costs due the protesting taxpayer and retaining any portion of protested taxes that would have been distributed to the school district for each year the school district has elected to waive receiving its portion of the protested taxes.

Section 2. Section 15-1-402, MCA, is amended to read:

"15-1-402. Payment of property taxes or fees under protest. (1) (a) The person upon whom a property tax or fee is being imposed under this title may, before the property tax or fee becomes delinquent, pay under written protest that portion of the property tax or fee protested.

(b) The protested payment must:

(i) be made to the officer designated and authorized to collect it;

(ii) specify the grounds of protest; and

(iii) not exceed the difference between the payment for the immediately preceding tax year and the amount owing in the tax year protested unless a different amount results from the specified grounds of protest, which may include but are not limited to changes in assessment due to reappraisal under 15-7-111.

(c) If the protested property tax or fee is on property that is subject to central assessment pursuant to 15-23-101, the person shall report to the department the grounds of the protest and the amount of the protested payment for each county in which a protested payment was made. By November 1 of each year, the department shall mail a notice stating the requirements of this subsection (1)(c) to owners of property subject to central assessment under 15-23-101(1) and (2) who have filed a timely appeal under 15-1-211.

(2) A person appealing a property tax or fee pursuant to chapter 2 or 15, including a person appealing a property tax or fee on property that is subject to central assessment pursuant to 15-23-101(1) or (2), shall pay the tax or fee

under protest when due in order to receive a refund. If the tax or fee is not paid under protest when due, the appeal may continue but a tax or fee may not be refunded as a result of the appeal.

(3) If a protested property tax or fee is payable in installments, a subsequent installment portion considered unlawful by the state tax appeal board need not be paid and an action or suit need not be commenced to recover the subsequent installment. The determination of the action or suit commenced to recover the first installment portion paid under protest determines the right of the party paying the subsequent installment to have it or any part of it refunded to the party or the right of the taxing authority to collect a subsequent installment not paid by the taxpayer plus interest from the date the subsequent installment was due.

(4) (a) Except as provided in subsection (4)(b), all property taxes and fees paid under protest to a county or municipality must be deposited by the treasurer of the county or municipality to the credit of a special fund to be designated as a protest fund and must be retained in the protest fund until the final determination of any action or suit to recover the taxes and fees unless they are released at the request of the county, municipality, or other local taxing jurisdiction pursuant to subsection (5). This section does not prohibit the investment of the money of this fund in the state unified investment program or in any manner provided in Title 7, chapter 6. The provision creating the special protest fund does not apply to any payments made under protest directly to the state.

(b) (i) Property taxes that are levied by the state against property that is centrally assessed pursuant to 15-23-101 *and any protested taxes in a school district that has elected to waive its right to protested taxes in a specific year pursuant to [section 1]* must be remitted by the county treasurer to the department *for deposit as provided in subsections (4)(b)(ii) through (4)(b)(iv)*.

(ii) The department shall deposit 50% of that portion of the funds levied for the university system pursuant to ~~15-10-107~~ *15-10-108* in the state special revenue fund to the credit of the university system, and the other 50% of the funds levied pursuant to ~~15-10-107~~ *15-10-108* must be deposited in a centrally assessed property tax state special revenue fund.

(iii) Fifty percent of the funds remaining after the deposit of university system funds must be deposited in the state general fund, and the other 50% must be deposited in a centrally assessed property tax state special revenue fund.

(iv) Fifty percent of the funds from a school district that has waived its right to protested taxes must be deposited in the state general fund, and the other 50% must be deposited in a school district property tax protest state special revenue fund.

(5) (a) Except as provided in ~~subsection~~ *subsections* (5)(b) *and (5)(c)*, the governing body of a taxing jurisdiction affected by the payment of taxes under protest in the second and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled, except the amount paid by the taxpayer in the first year of the protest. The decision in a previous year of a taxing jurisdiction to leave protested taxes in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled, except the first-year protest amount.

(b) The governing body of a taxing jurisdiction affected by the payment of taxes under protest on property that is centrally assessed pursuant to 15-23-101 in the first and subsequent years that a tax protest remains unresolved may demand that the treasurer of the county or municipality pay the requesting taxing jurisdiction all or a portion of the protest payments to which it is entitled. The decision in a previous year of a taxing jurisdiction to leave protested taxes of centrally assessed property in the protest fund does not preclude it from demanding in a subsequent year any or all of the payments to which it is entitled.

(c) The provisions of subsections (5)(a) and (5)(b) do not apply to a school district that has elected to waive its right to its portion of protested taxes for that specific year as provided in [section 1].

(6) (a) If action before the county tax appeal board, state tax appeal board, or district court is not commenced within the time specified or if the action is commenced and finally determined in favor of the department of revenue, county, municipality, or treasurer of the county or the municipality, the amount of the protested portions of the property tax or fee must be taken from the protest fund or the centrally assessed property tax state special revenue fund and deposited to the credit of the fund or funds to which the property tax belongs, less a pro rata deduction for the costs of administration of the protest fund and related expenses charged to the local government units.

(b) (i) If the action is finally determined adversely to the governmental entity levying the tax, then the treasurer of the municipality, county, or state entity levying the tax shall, upon receipt of a certified copy of the final judgment in the action and upon expiration of the time set forth for appeal of the final judgment, refund to the person in whose favor the judgment is rendered the amount of the protested portions of the property tax or fee that the person holding the judgment is entitled to recover, together with interest from the date of payment under protest. *The department shall refund from the school district property tax protest state special revenue fund the protested portions of property taxes and interest to a taxpayer in a school district in which the school district has elected to waive its right to its portion of protested taxes for that specific year as provided in [section 1]. If the amount available for the refund in the school district property tax protest state special revenue fund is insufficient to refund the property tax payments, the department shall pay the remainder of the refund from the state general fund.*

(ii) The taxing jurisdiction shall pay interest at the rate of interest earned by the pooled investment fund provided for in 17-6-203 for the applicable period.

(c) If the amount retained in the protest fund is insufficient to pay all sums due the taxpayer, the treasurer shall apply the available amount first to tax repayment, then to interest owed, and lastly to costs.

(d) (i) If the protest action is decided adversely to a taxing jurisdiction and the amount retained in the protest fund is insufficient to refund the tax payments and costs to which the taxpayer is entitled and for which local government units are responsible, the treasurer shall bill and the taxing jurisdiction shall refund to the treasurer that portion of the taxpayer refund, including tax payments and costs, for which the taxing jurisdiction is proratably responsible. The treasurer is not responsible for the amount required to be refunded by the state treasurer as provided in subsection (6)(b).

(ii) For an adverse protest action against the state for centrally assessed property, the department shall refund from the centrally assessed property tax

state special revenue fund the amount of protested taxes and from the state general fund the amount of interest as required in subsection (6)(b). The amount refunded for an adverse protested action from the centrally assessed property tax state special revenue fund may not exceed the amount of protested taxes or fees required to be deposited for that action pursuant to subsections (4)(b)(ii) and (4)(b)(iii) or, for taxes or fees protested prior to April 28, 2005, an equivalent amount of the money transferred to the fund pursuant to section 3, Chapter 536, Laws of 2005. If the amount available for the adverse protested action in the centrally assessed property tax state special revenue fund is insufficient to refund the tax payments to which the taxpayer is entitled and for which the state is responsible, the department shall pay the remainder of the refund proportionally from the state general fund and from money deposited in the state special revenue fund levied pursuant to ~~15-10-107~~ *15-10-108*.

(e) In satisfying the requirements of subsection (6)(d), the taxing jurisdiction, including the state, is allowed not more than 1 year from the beginning of the fiscal year following a final resolution of the protest. The taxpayer is entitled to interest on the unpaid balance at the rate referred to in subsection (6)(b) from the date of payment under protest until the date of final resolution of the protest and at the combined rate of the federal reserve discount rate quoted from the federal reserve bank in New York, New York, on the date of final resolution, plus 4 percentage points, from the date of final resolution of the protest until refund is made.

(7) A taxing jurisdiction, except the state, may satisfy the requirements of this section by use of funds from one or more of the following sources:

(a) imposition of a property tax to be collected by a special tax protest refund levy;

(b) the general fund or any other funds legally available to the governing body; and

(c) proceeds from the sale of bonds issued by a county, city, or school district for the purpose of deriving revenue for the repayment of tax protests lost by the taxing jurisdiction. The governing body of a county, city, or school district is authorized to issue the bonds pursuant to procedures established by law. The bonds may be issued without being submitted to an election. Property taxes may be levied to amortize the bonds.

(8) If the department revises an assessment that results in a refund of taxes of $5 or less, a refund is not owed."

Section 3. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 15, chapter 1, part 4, and the provisions of Title 15, chapter 1, part 4, apply to [section 1].

Section 4. Applicability. [This act] applies to tax years beginning after December 31, 2009.

[HB 585]

AN ACT PROMOTING MONTANA'S FAMILY HUNTING HERITAGE BY CREATING NONRESIDENT COMBINATION HUNTING LICENSES THAT MAY BE USED BY ADULT NONRESIDENT FAMILY MEMBERS WHO WISH TO RETURN TO MONTANA TO HUNT WITH A SPONSOR OR

FAMILY MEMBER; ESTABLISHING THE TERMS AND CONDITIONS OF LICENSURE AND SPONSORSHIP; DEDICATING MONEY FROM THE SALE OF THE LICENSES TO THE ACQUISITION OF PUBLIC HUNTING ACCESS TO INACCESSIBLE PUBLIC LAND; AND PROVIDING A DELAYED EFFECTIVE DATE AND A TERMINATION DATE.

WHEREAS, Montana's hunting heritage is promoted when families can continue to hunt together; and

WHEREAS, members of many Montana families have been required to move out of state to pursue expanded employment opportunities; and

WHEREAS, it can be difficult for these adult nonresident family members to draw a nonresident license in order to come back to Montana to hunt with their families; and

WHEREAS, there is a need for new revenue to address public land access concerns because access to public land for hunting is becoming increasingly difficult to obtain as traditional routes across private land are closed to public hunters; and

WHEREAS, creating a temporary new pool of nonresident licenses dedicated to former residents who desire to return to Montana to hunt with their families and directing the revenue from those licenses to fund public access to inaccessible public land would assist in strengthening both aspects of Montana's hunting heritage; and

WHEREAS, statistics compiled by the Department of Fish, Wildlife, and Parks will provide a measurement of the success of the pilot program to provide more opportunities for former residents to come back home to hunt and to determine whether the license and the associated public land access efforts have resulted in a net increase or decrease in hunting opportunities for resident hunters.

Be it enacted by the Legislature of the State of Montana:

Section 1. License for nonresident to hunt with resident sponsor or family member — use of license revenue. (1) In addition to the nonresident licenses provided for in 87-2-505 and 87-2-510, the department may offer for sale 500 B-10 nonresident big game combination licenses and 500 B-11 nonresident deer combination licenses. The licenses may be used only as provided in this section and as authorized by department rules. Sale of licenses pursuant to this section may not affect the license quotas established in 87-2-505 and 87-2-510. The price of licenses sold under this subsection must be the same as nonresident big game combination licenses and nonresident deer combination licenses offered by general drawing pursuant to 87-2-505 and 87-2-510.

(2) A license authorized in subsection (1) may be used only by an adult nonresident family member of a resident who sponsors the license application and who meets the qualifications of subsection (3). The nonresident family member must have completed a Montana hunter safety and education course prior to March 1, 2010, or have previously purchased a resident hunting license. A nonresident family member who receives a license pursuant to subsection (1) must be accompanied in the field by a sponsor or family member who meets the qualifications of subsection (3).

(3) To qualify as a sponsor or family member who will accompany a nonresident licensed under subsection (1), a person must be a resident, as defined in 87-2-102, who is 18 years old or older and possesses a current resident hunting license and who is related to the nonresident within the second degree

of kinship by blood or marriage. The second degree of kinship includes a mother, father, brother, sister, son, daughter, spouse, grandparent, grandchild, brother-in-law, sister-in-law, son-in-law, daughter-in-law, father-in-law, mother-in-law, stepfather, stepmother, stepbrother, stepsister, stepson, and stepdaughter. The sponsor shall list on the license application the names of family members who are eligible to hunt with the nonresident hunter.

(4) If the department receives more applications for licenses than the number that are available under subsection (1), the department shall conduct a drawing for the licenses. Applicants who are unsuccessful in the drawing must be entered in the general drawing for a nonresident license provided under 87-2-505 or 87-2-510, as applicable.

(5) All money received from the sale of licenses under subsection (1) must be deposited in a separate account and must be used by the department to acquire public hunting access to inaccessible public land, which may include obtaining hunting access through private land to inaccessible public land.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 87, chapter 2, part 5, and the provisions of Title 87, chapter 2, part 5, apply to [section 1].

Section 3. Effective date. [This act] is effective March 1, 2010.

CHAPTER NO. 350

[HB 653]

AN ACT PROVIDING FOR THE ADJUSTMENT OF BASE TAXABLE VALUE IN AN URBAN RENEWAL AREA, AN INDUSTRIAL DISTRICT, OR A TECHNOLOGY DISTRICT FOR TAX INCREMENT FINANCING PURPOSES BECAUSE OF A LOCAL DISASTER; AMENDING SECTION 7-15-4293, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND A RETROACTIVE APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-15-4293, MCA, is amended to read:

"7-15-4293. Adjustment of base taxable value following change of law *or local disaster*. (1) If the base taxable value of an urban renewal area, an industrial district, or a technology district is affected after its original determination by a statutory, administrative, or judicial change in the method of appraising property, the tax rate applied to it, the tax exemption status of property, or the taxable valuation of property if the change in taxable valuation is based on conditions existing at the time the base year was established, the governing body of the municipality may request the department of revenue to estimate the base taxable value so that the tax increment resulting from the increased incremental value is sufficient to pay all principal and interest on the bonds as those payments become due.

(2) If a tax increment financing district created after January 1, 2002, has not issued bonds, the governing body of a municipality may request the department of revenue to adjust the base taxable value to account for a loss of taxable revenue resulting from the state granting property in the district tax-exempt status within the first year of creation of the tax increment financing district. The municipality shall give notice of and hold a public hearing on the proposed change.

(3) (a) If an urban renewal area, an industrial district, or a technology district suffers a loss of property value directly related to a disaster for which the principal executive officer of the local jurisdiction has made a disaster declaration pursuant to 10-3-402, the department of revenue shall decrease the base taxable value of the area or district by the amount of the base taxable value lost because of the disaster in the tax year in which the disaster is declared. The principal executive officer shall forward a copy of the disaster declaration to the department of revenue.

(b) The taxable value removed from the base taxable value of the area or district under subsection (3)(a) must be added to the base taxable value of the area or district upon reconstruction of the property in the tax year of reconstruction. If reconstruction of the property is only partially completed as of January 1 of the tax year, the department of revenue shall determine the base taxable value of the property for that tax year by multiplying the percentage of completion, expressed as a decimal equivalent, of reconstruction of the property by the original base taxable value of the property. The addition to the base taxable

value under this subsection (3)(b) is limited to the amount of the original base taxable value of each parcel before the disaster occurred."

Section 2. Coordination instruction. If Senate Bill No. 48 is passed and approved and if it includes a section that amends 7-15-4293, then [section 1(3) of this act] must read as follows:

"*(3) (a) If an urban renewal area, an industrial district, a technology district, or an aerospace transportation and technology district suffers a loss of property value directly related to a disaster for which the principal executive officer of the local jurisdiction has made a disaster declaration pursuant to 10-3-402, the department of revenue shall decrease the base taxable value of the area or district by the amount of the base taxable value lost because of the disaster in the tax year in which the disaster is declared. The principal executive officer shall forward a copy of the disaster declaration to the department of revenue.*

(b) The taxable value removed from the base taxable value of the area or district under subsection (3)(a) must be added to the base taxable value of the area or district upon reconstruction of the property in the tax year of reconstruction. If reconstruction of the property is only partially completed as of January 1 of the tax year, the department of revenue shall determine the base taxable value of the property for that tax year by multiplying the percentage of completion, expressed as a decimal equivalent, of reconstruction of the property by the original base taxable value of the property. The addition to the base taxable value under this subsection (3)(b) is limited to the amount of the original base taxable value of each parcel before the disaster occurred."

Section 3. Effective date. [This act] is effective on passage and approval.

Section 4. Retroactive applicability. [This act] applies retroactively, within the meaning of 1-2-109, to tax years beginning after December 31, 2008.

(e) exercise any power enumerated in 7-1-111.

Section 9. Regional resource authority projects — definition. (1) A regional resource authority may:

(1) A regional resource authority issuing bonds pursuant to [sections 9 through 23] shall prescribe and collect reasonable rates, fees, or charges for the services, facilities, and commodities of the project and shall revise the rates, fees, or charges from time to time whenever necessary so that the project is and remains self-supporting. The property taxes specifically authorized to be levied for the general purpose served by the project constitute revenue of the project and may not result in a project being considered not self-supporting.

(2) The rates, fees, or charges prescribed, along with any appropriated property tax collections, must produce revenue at least sufficient to:

(a) pay when due all bonds and interest on the bonds, the payment for which the revenue has been pledged, charged, or otherwise encumbered, including reserves for the bonds; and

Section 16. Covenants in resolution authorizing issuance of bonds. Any resolution or resolutions authorizing the issuance of bonds under [sections 9 through 23] may contain covenants as to:

(1) the purpose or purposes to which the proceeds of sale of the bonds may be applied and the disposition of the proceeds;

(2) The validity of the bonds is not dependent on or affected by the validity or regularity of any proceedings relating to the acquisition, purchase, construction, reconstruction, improvement, betterment, or extension of the project for which the bonds are issued.

(3) The resolution authorizing the bonds may provide that the bonds must contain a recital that they are issued pursuant to [sections 9 through 23]. The recital is conclusive evidence of the validity of the bonds and of the regularity of their issuance.

Section 19. Liens arising from bonds. The resolution or resolutions authorizing the bonds must specify and define the revenue or portion of the revenue that is appropriated and pledged for the security and payment of the bond principal and interest and the relative security of liens on the revenue in favor of bonds of one or more series or issues, whether issued concurrently or at different times.

"87-2-803. Persons with disabilities — service members — definitions. (1) Persons with disabilities are entitled to fish and to hunt game birds, not including turkeys, with only a conservation license if they are residents of Montana not residing in an institution and are certified as disabled as prescribed by departmental rule. A person who has purchased a conservation license and a resident fishing license or game bird license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the fishing license or game bird license previously purchased for that license year. A

person who is certified as disabled pursuant to subsection (3) and who was issued a permit to hunt from a vehicle for license year 2000 or a subsequent license year is automatically entitled to a permit to hunt from a vehicle for subsequent license years if the criteria for obtaining a permit does not change.

(2) A resident of Montana who is certified as disabled by the department and who is not residing in an institution may purchase a Class A-3 deer A tag for $6.50 and a Class A-5 elk tag for $8. A person who has purchased a conservation license and a resident deer license or resident elk license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the deer license or elk license previously purchased and reissuance of the license for that license year at the rate established in this subsection.

CHAPTER NO. 356

[SB 108]

AN ACT REVISING CUSTODY LAWS RELATING TO MILITARY SERVICE; PRECLUDING A COURT FROM CONSIDERING MILITARY SERVICE ALONE AS A DETRIMENT TO THE BEST INTEREST OF THE CHILD IN CHILD CUSTODY PROCEEDINGS; ESTABLISHING AN EXPEDITED HEARING PROCEDURE WHEN A PARENT RECEIVES MILITARY SERVICE ORDERS; PROVIDING THAT A COURT-ORDERED MODIFICATION OF A PARENTING PLAN BASED ON MILITARY SERVICE ORDERS OF A PARENT IS TEMPORARY; ALLOWING VISITATION

RIGHTS TO CERTAIN FAMILY MEMBERS WHEN A PARENT RECEIVES MILITARY SERVICE ORDERS; PRECLUDING A COURT FROM CONSIDERING MILITARY SERVICE ALONE IN PARENTING PLANS; AND AMENDING SECTIONS 40-4-212, 40-4-216, 40-4-219, 40-4-228, AND 40-4-234, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 40-4-212, MCA, is amended to read:

"40-4-212. Best interest of child. (1) The court shall determine the parenting plan in accordance with the best interest of the child. The court shall consider all relevant parenting factors, which may include but are not limited to:

(a) the wishes of the child's parent or parents;

(b) the wishes of the child;

(c) the interaction and interrelationship of the child with the child's parent or parents and siblings and with any other person who significantly affects the child's best interest;

(d) the child's adjustment to home, school, and community;

(e) the mental and physical health of all individuals involved;

(f) physical abuse or threat of physical abuse by one parent against the other parent or the child;

(g) chemical dependency, as defined in 53-24-103, or chemical abuse on the part of either parent;

(h) continuity and stability of care;

(i) developmental needs of the child;

(j) whether a parent has knowingly failed to pay birth-related costs that the parent is able to pay, which is considered to be not in the child's best interests;

(k) whether a parent has knowingly failed to financially support a child that the parent is able to support, which is considered to be not in the child's best interests;

(l) whether the child has frequent and continuing contact with both parents, which is considered to be in the child's best interests unless the court determines, after a hearing, that contact with a parent would be detrimental to the child's best interests. In making that determination, the court shall consider evidence of physical abuse or threat of physical abuse by one parent against the other parent or the child, including but not limited to whether a parent or other person residing in that parent's household has been convicted of any of the crimes enumerated in 40-4-219(8)(b).

(m) adverse effects on the child resulting from continuous and vexatious parenting plan amendment actions.

(2) When determining the best interest of the child of a parent in military service, the court shall consider all relevant parenting factors provided in subsection (1) and may not determine the best interest of the child based only upon the parent's military service.

~~(2)~~*(3)* A de facto parenting arrangement, in the absence of a prior parenting decree, does not require the child's parent or parents to prove the factors set forth in 40-4-219.

~~(3)~~*(4)* The following are rebuttable presumptions and apply unless contrary to the best interest of the child:

(a) A parenting plan action brought by a parent within 6 months after a child support action against that parent is vexatious.

(b) A motion to amend a final parenting plan pursuant to 40-4-219 is vexatious if a parent seeks to amend a final parenting plan without making a good faith effort to comply with the provisions of the parenting plan or with dispute resolution provisions of the final parenting plan."

Section 2. Section 40-4-216, MCA, is amended to read:

"40-4-216. Hearings. (1) Parenting plan proceedings ~~shall~~ *must* receive priority in being set for hearing.

(2) Upon motion of a parent who has received military service orders, the court shall, for good cause shown, hold an expedited hearing in parenting or visitation matters instituted under 40-4-228(6) if the military service, as defined in 10-1-1003, of the parent has a material effect on the parent's ability or anticipated ability to appear in person at a hearing scheduled in an unexpedited manner.

~~(2)~~*(3)* The court may tax as costs the payment of necessary travel and other expenses incurred by any person whose presence at the hearing the court considers necessary to determine the best interest of the child.

~~(3)~~*(4)* The court, without a jury, shall determine questions of law and fact. If it finds that a public hearing may be detrimental to the child's best interest, the court may exclude the public from a parenting hearing but may admit any person who has a direct and legitimate interest in the particular case or a legitimate educational or research interest in the work of the court.

~~(4)~~*(5)* If the court finds it necessary that the record of any interview, report, investigation, or testimony in a parenting proceeding be kept secret to protect the child's welfare, the court may make an appropriate order sealing the record."

Section 3. Section 40-4-219, MCA, is amended to read:

"40-4-219. Amendment of parenting plan — mediation. (1) The court may in its discretion amend a prior parenting plan if it finds, upon the basis of facts that have arisen since the prior plan or that were unknown to the court at the time of entry of the prior plan, that a change has occurred in the circumstances of the child and that the amendment is necessary to serve the best interest of the child. In determining the child's best interest under this section, the court may, in addition to the criteria in 40-4-212, also consider whether:

(a) the parents agree to the amendment;

(b) the child has been integrated into the family of the petitioner with consent of the parents;

(c) the child is 14 years of age or older and desires the amendment;

(d) one parent has willfully and consistently:

(i) refused to allow the child to have any contact with the other parent; or

(ii) attempted to frustrate or deny contact with the child by the other parent; or

(e) one parent has changed or intends to change the child's residence in a manner that significantly affects the child's contact with the other parent.

(2) A court may modify a de facto parenting arrangement in accordance with the factors set forth in 40-4-212.

(3) The court shall presume a parent is not acting in the child's best interest if the parent does any of the acts specified in subsection (1)(d) or (8).

(4) The court may amend the prior parenting plan based on subsection (1)(e) to provide a new residential schedule for parental contact with the child and to apportion transportation costs between the parents.

(5) Attorney fees and costs must be assessed against a party seeking frivolous or repeated amendment if the court finds that the amendment action is vexatious and constitutes harassment.

(6) A parenting plan may be amended upon the death of one parent pursuant to 40-4-221.

(7) As used in this section, "prior parenting plan" means a parenting determination contained in a judicial decree or order made in a parenting proceeding. In proceedings for amendment under this section, a proposed amended parenting plan must be filed and served with the motion for amendment and with the response to the motion for amendment. Preference must be given to carrying out the parenting plan.

(8) (a) If a parent or other person residing in that parent's household has been convicted of any of the crimes listed in subsection (8)(b), the other parent or any other person who has been granted rights to the child pursuant to court order may file an objection to the current parenting order with the court. The parent or other person having rights to the child pursuant to court order shall give notice to the other parent of the objection as provided by the Montana Rules of Civil Procedure, and the other parent has 20 days from the notice to respond. If the parent who receives notice of objection fails to respond within 20 days, the parenting rights of that parent are suspended until further order of the court. If that parent responds and objects, a hearing must be held within 30 days of the response.

(b) This subsection (8) applies to the following crimes:

(i) deliberate homicide, as described in 45-5-102;

(ii) mitigated deliberate homicide, as described in 45-5-103;

(iii) sexual assault, as described in 45-5-502;

(iv) sexual intercourse without consent, as described in 45-5-503;

(v) deviate sexual conduct with an animal, as described in 45-2-101 and prohibited under 45-5-505;

(vi) incest, as described in 45-5-507;

(vii) aggravated promotion of prostitution of a child, as described in 45-5-603(1)(b);

(viii) endangering the welfare of children, as described in 45-5-622;

(ix) partner or family member assault of the type described in 45-5-206(1)(a);

(x) sexual abuse of children, as described in 45-5-625.

(9) Except in cases of physical abuse or threat of physical abuse by one parent against the other parent or the child, or when a parent has been convicted of a crime enumerated in subsection (8)(b), the court may, in its discretion, order the parties to participate in a dispute resolution process to assist in resolving any conflicts between the parties regarding amendment of the parenting plan. The dispute resolution process may include counseling or mediation by a specified person or agency, and court action.

(10) (a) Except as provided in subsection (10)(b), a court-ordered or de facto modification of a parenting plan based in whole or in part on military service orders of a parent is temporary and reverts to the previous parenting plan at the end of the military service. If a motion for an amendment of a parenting plan is filed after a parent returns from military service, the court may not consider a parent's absence due to that military service in its determination of the best interest of the child.

(b) A parent who has performed or is performing military service, as defined in 10-1-1003, may consent to a temporary or permanent modification of a parenting plan:

(i) for the duration of the military service; or

(ii) that continues past the end of the military service."

Section 4. Section 40-4-228, MCA, is amended to read:

"40-4-228. Parenting and visitation matters between natural parent and third party. (1) In cases when a nonparent seeks a parental interest in a child under 40-4-211 or visitation with a child, the provisions of this chapter apply unless a separate action is pending under Title 41, chapter 3.

(2) A court may award a parental interest to a person other than a natural parent when it is shown by clear and convincing evidence that:

(a) the natural parent has engaged in conduct that is contrary to the child-parent relationship; and

(b) the nonparent has established with the child a child-parent relationship, as defined in 40-4-211, and it is in the best interests of the child to continue that relationship.

(3) For purposes of an award of visitation rights under this section, a court may order visitation based on the best interests of the child.

(4) For purposes of this section, voluntarily permitting a child to remain continuously in the care of others for a significant period of time so that the others stand in loco parentis to the child is conduct that is contrary to the parent-child relationship.

(5) It is not necessary for the court to find a natural parent unfit before awarding a parental interest to a third party under this section.

(6) If the parent receives military service orders that involve moving a substantial distance from the parent's residence or otherwise have a material effect on the parent's ability to parent the child for the period the parent is called to military service, as defined in 10-1-1003, the court may grant visitation rights to a family member of the parent with a close and substantial relationship to the minor child during the parent's absence if granting visitation rights is in the best interests of the child as determined by 40-4-212."

Section 5. Section 40-4-234, MCA, is amended to read:

"40-4-234. Final parenting plan criteria. (1) In every dissolution proceeding, proceeding for declaration of invalidity of marriage, parenting plan proceeding, or legal separation proceeding that involves a child, each parent or both parents jointly shall submit to the court, in good faith, a proposed final plan for parenting the child, which may include the allocation of parenting functions. A final parenting plan must be incorporated into any final decree or amended decree, including cases of dissolution by default. As used in this section, parenting functions means those aspects of the parent-child relationship in

which the parent makes decisions and performs functions necessary for the care and growth of the child, which may include:

(a) maintaining a loving, stable, consistent, and nurturing relationship with the child;

(b) attending to the daily needs of the child, such as feeding, physical care, development, and grooming, supervision, spiritual growth and development, health care, day care, and engaging in other activities that are appropriate to the developmental level of the child and that are within the social and economic circumstances of the particular family;

(c) attending to adequate education for the child, including remedial or other education essential to the best interest of the child;

(d) ensuring the interactions and interrelationship of the child with the child's parents and siblings and with any other person who significantly affects the child's best interest; and

(e) exercising appropriate judgment regarding the child's welfare, consistent with the child's developmental level and the family's social and economic circumstances.

(2) Based on the best interest of the child, a final parenting plan may include, at a minimum, provisions for:

(a) designation of a parent as custodian of the child, solely for the purposes of all other state and federal statutes that require a designation or determination of custody, but the designation may not affect either parent's rights and responsibilities under the parenting plan;

(b) designation of the legal residence of both parents and the child, except as provided in 40-4-217;

(c) a residential schedule specifying the periods of time during which the child will reside with each parent, including provisions for holidays, birthdays of family members, vacations, and other special occasions;

(d) finances to provide for the child's needs;

(e) any other factors affecting the physical and emotional health and well-being of the child;

(f) periodic review of the parenting plan when requested by either parent or the child or when circumstances arise that are foreseen by the parents as triggering a need for review, such as attainment by the child of a certain age or if a change in the child's residence is necessitated;

(g) sanctions that will apply if a parent fails to follow the terms of the parenting plan, including contempt of court;

(h) allocation of parental decisionmaking authority regarding the child's:

(i) education;

(ii) spiritual development; and

(iii) health care and physical growth;

(i) the method by which future disputes concerning the child will be resolved between the parents, other than court action; and

(j) the unique circumstances of the child or the family situation that the parents agree will facilitate a meaningful, ongoing relationship between the child and parents.

(3) In approving a final parenting plan for a child of a parent in military service, the court may not disapprove the plan only because of the parent's military service.

~~(3)~~*(4)* The court may in its discretion order the parties to participate in a dispute resolution process to assist in resolving any conflicts between the parties regarding adoption of the parenting plan. The dispute resolution process may include counseling or mediation by a specified person or agency or court action.

~~(4)~~*(5)* Each parent may make decisions regarding the day-to-day care and control of the child while the child is residing with that parent, and either parent may make emergency decisions affecting the child's safety or health. When mutual decisionmaking is designated in the parenting plan but cannot be achieved regarding a particular issue, the parents shall make a good faith effort to resolve the issue through any dispute resolution process provided for in the final parenting plan.

~~(5)~~*(6)* If a parent fails to comply with a provision of the parenting plan, the other parent's obligations under the parenting plan are not affected.

~~(6)~~*(7)* At the request of either parent or appropriate party, the court shall order that the parenting plan be sealed except for access by the parents, guardian, or other person having custody of the child."
